Report On VESIT Oracle Academy Certification

2022-2023

Oracle Academy advances computer science education globally to drive knowledge, innovation, skills development, and diversity in technology fields. Oracle Academy collaborates with organizations in nearly 100 countries to support thousands of educational institutions and millions of students each year.

Around the world, OA works in a variety of ways with Ministries of Education, NGOs and non-profits and other educational and marketing organizations to advance awareness of and access to computer science education, and help increase diversity in technology fields.

Oracle Academy has formal partnerships with selected organizations to help incorporate computer science into standards-aligned academic curriculum pathways and support educator professional development through direct courses and train-the-trainer programs. Along with OA can promote computer science education and equip students with the skills they need for life and work in the modern technology-driven global economy.

Resources available to an Oracle Academy partner:-

- Oracle Academy self-study courses in Alice and Greenfoot, educational Java development environments
- Workshops in a Box for Alice and Greenfoot, which provide everything you need to introduce students to object-oriented programming in workshop or extracurricular environments
- Software licenses for your personal learning use, via the Oracle Technology Network
- Data Science Bootcamps, video-based lecture series to introduce and provide hands on practice with data science and Big Data in the context of real-world problems
- Oracle Academy Ask the Oracle Experts Interactive webcast series on a variety of technology-related topics.
- The ability to use Oracle Academy logos and e-Posters to support and promote your work with Oracle Academy

MOOC Report

Massive Open Online Courses (MOOC) are free online courses available for anyone to enroll. MOOC provide an affordable and flexible way to learn new skills and deliver quality educational experiences at scale. All the institutes are required to motivate and encourage learners to use additional online resources available on platforms such as NPTEL/ Swayam. Learners can be advised to take up online courses, on successful completion they are required to submit certification for the same. This will definitely help learners to facilitate their enhanced learning based on their interest.

Most of the students of batch 2021-2023 have successfully completed 220 courses under MOOC. Courses completed are from Swayam NPTEL and some are from Oracle academy .

Details of the courses completed by second year MCA students are as follows:

About Institute Social Responsibility (ISR) :

Institute Social Responsibility (ISR) refers to the continuous commitment by institutions to conduct them in an ethical manner and contribute towards the socioeconomic development of the society at large. Social responsibility is an ethical theory, in which individuals are accountable for fulfilling their civic duty; the actions of an individual must benefit the whole of society. Social responsibility is a duty every individual has to perform so as to maintain a balance between economic growth and the welfare of society and the environment. Social responsibility means sustaining the equilibrium between the two. It pertains not only to organizations but also to everyone whose action impacts the environment. This responsibility can be passive, by avoiding engaging in socially harmful acts, or active, by performing activities that directly advance social goals. As individuals we can make our small contributions to society by doing social activities, individually or in association with Institute/Social organizations/NGOs/Clubs etc.

Brief report:

The IDEATHON event held at college was a platform for students to showcase their innovative project ideas. The event was organized to encourage students to think creatively and come up with solutions to real-world problems.

The IDEATHON saw enthusiastic participation from students who presented a wide range of ideas, spanning various fields such as technology, healthcare, agriculture, and education. The projects were judged based on their originality, feasibility, and potential impact.

Some of the standout projects presented at the IDEATHON.

The event was a great success, providing students with a platform to showcase their ideas and receive valuable feedback from experts in the field. The IDEATHON not only fostered creativity and innovation among students but also provided them with an opportunity to network with professionals and entrepreneurs in their respective fields.

Overall, the IDEATHON was an excellent initiative by the college to encourage students to think outside the box and come up with innovative solutions that could potentially make a positive impact on society.

Brief Report:

On 26th April 2023, a workshop was organized by the Department of MCA of VESIT to celebrate World Intellectual Property Day. The workshop was conducted by Prof. Sunny Nahar and focused on Intellectual Property Rights (IPR) and its importance in promoting innovation and creativity. The workshop was attended by over 92 students and faculty members.

During the workshop, Prof. Nahar provided an overview of Intellectual Property Rights and explained the different types of IPR, including patents, trademarks, copyrights, and trade secrets. He gave several examples of IPR protection and how it helps individuals and businesses protect their original work and ideas.

The workshop also included a practical session where students were guided to explore the IPR India website and understand how a particular idea or thing can be patented, and how a patent description is written. Students were encouraged to choose any idea they liked and see its description on the website. This exercise helped the participants gain practical experience in understanding the patenting process and the importance of writing accurate and detailed descriptions.

The workshop was highly informative and interactive, and the participants were enthusiastic in asking questions and clarifying their doubts. The workshop successfully achieved its objective of increasing awareness and understanding of Intellectual Property Rights among the participants. It also helped students recognize the value of their ideas and the importance of protecting them through IPR.

The workshop concluded with a vote of thanks to Prof. Nahar for conducting the informative session, and the students were encouraged to utilize the knowledge gained from the workshop in their future endeavors.

Overall, the IPR workshop was a great success, and it helped the participants gain a deeper understanding of the crucial role that Intellectual Property Rights play in promoting innovation and creativity.

Brief Report:

The MCA department of VESIT celebrated Creativity and Innovation Day on April 21, 2023. The event was attended by three distinguished alumni who are currently working in the industry. The guests were invited to share their experiences and give the students a brief idea about the areas of their work. The objective was to inspire students to think creatively and develop innovative solutions in their future careers.

The first guest speaker, Gourav Salanke, gave a talk on his work in the field of technology. He shared his journey, challenges faced, and the innovative solutions he developed to overcome those challenges. The talk was highly inspiring and thought-provoking, and it generated a lot of interest among the students.

The second guest speaker, Minhaj , shared his experiences in the field of Technology in Education. He discussed the importance of creativity and innovation in his work and how he uses these skills to stay ahead in a highly competitive industry. He/She also shared some practical tips on how students can develop their creative and innovative thinking skills.

The third guest speaker, Kavita , shared her insights into the field of Technology. She talked about the latest trends and developments in the industry and how students can prepare themselves to take advantage of these opportunities. She also stressed the importance of continuous learning and keeping up with the latest technological advancements.

After the presentations, there was an interactive session where the students had the opportunity to ask questions and clarify their doubts. The interaction was lively and informative, and the students got valuable insights into the world of work and the importance of creativity and innovation.

Overall, the Creativity and Innovation Day celebrated by the MCA department was a highly successful event that achieved its objectives of inspiring students and promoting creativity and innovation. The department hopes to organize similar events in the future to provide more opportunities for students to learn from industry experts and develop their skills.

Detailed Report

The session started with an Introduction to the Speakers Mr. Amlendu Choudhary, Sr. Manager R&D, Architecture Synopsys Inc Logo and Mr. Dilip J Mansukhani, Sr. Tech Lead, LFocus Consultancy. Mrs. Vaishali Gatty introduced the speakers and the topic in brief.

Mr. Dilip began the session by discussing the requirements of Docker, which is a platform designed to help developers build, share, and run modern applications. Speaker explained in detail about the various terminologies used in the platform like images, containers etc. Mr. Dilip also explained that Docker packages software into standardized units called containers that have everything the software needs to run including libraries, system tools, code, and runtime.

Mr. Dilip conducted a Hands-on session where the participants created docker containers in their own system. Speaker also taught about different commands which are used in the platform to create containers, add images, Push and pull processes.

In the second part, Mr. Amlendu took over the session where he explored the Kubernetes container orchestration platform and also explained about the various components such as clusters, Workload, Pods, concept of Master and Worker nodes

Speaker briefed about the connection between docker and Kubernetes and also explained that Kubernetes is an open source container orchestration engine for automating deployment, scaling, and management of containerized applications. Mr. Amlendu practically demonstrated the building of clusters and assigning workloads and creation of pods.

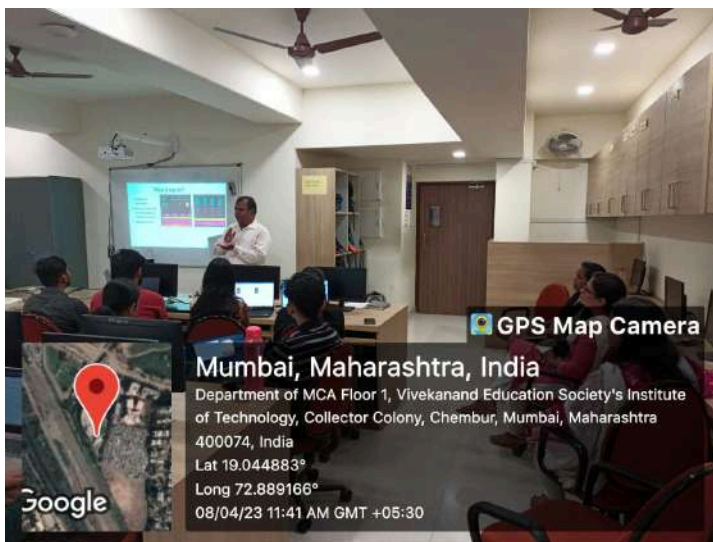

Session was well appreciated by the participants. Question & Answers session was conducted simultaneously during the presentation and Hands-on, so it encouraged the students and faculties to be more curious and enthusiastic.

The session concluded with the vote of thanks from Mrs. Vaishali Gatty, Assistant Professor, MCA Dept, VESIT.

Dear Madam,

Greetings !

The VESIT Research Forum in association with VESIT MC ,VESIT- IQAC and the Department of Master of Computer Applications is planning to conduct a session related to the field of Artificial Intelligence.

As you are an expert in the subject and also worked in the same area , I would like to invite you to conduct a session on the topic "Unsupervised Neural Network" in our college.

I would be highly obliged if you accept this invitation and enlighten our students, faculty members and Research Scholars.

Date & Time: 25th May 2023, 10.30am to 12.30pm

Mode: Offline

Venue: Classroom 114

Thanks & Regards

Dear Madam,

Greetings!.....

Your talk on "Unsupervised Neural Network" , conducted by VESIT Research Forum in association with VESIT IIC ,VESIT- IQAC and the Department of Master of Computer Applications was very well received by Students, Faculty members and Research scholars.

On behalf of VESIT,I would like to thank you for accepting my invitation and sharing your knowledge with us.

Hoping for a long and fruitful association.

Thank you.

Regards,

Dr. Machhindranath Patil
Head, Research Forum

Detailed Report

The session started with an Introduction to the Speaker Dr Krantee Jamdaade, Asst. Professor KJ Somaiya Institute of Management Somaiya Vidyavihar University, Vidyavihar. Ms. Muskan Nathani introduced the speaker to the attendees. Dr Krantee began the session by discussing the basics of Machine learning and the importance of neural networks. Speaker explained in detail about the unsupervised neural networks are a powerful class of machine learning algorithms that excel in learning patterns and structures from unlabelled data. Unlike supervised learning, where the algorithm is provided with labeled examples to learn from, unsupervised learning algorithms work with unlabeled data and aim to discover underlying patterns, relationships, and representations within the data.

Speaker took up different mathematical problems based on various networks Kohouen Network, Max Net, Mexican Hat Net etc.

Session was well appreciated by the participants. Question & Answers session was conducted simultaneously during the presentation, so it encouraged the students and faculties to be more curious and enthusiastic.

The session concluded with the vote of thanks from Dr.Dhanamma Jagli, Dy. HOD, MCA Dept, VESIT.

SPICE REPORT EVEN SEM A.Y-2022-23

Name of the Society : **Students Personality, Intellect & Creativity Enhancement (SPICE)**

Staff Incharges:

Dr.(Mrs)Dhanamma Jagli, Dy.HOD, Department of MCA
Mrs. Vaishali Gatty, Assistant Professor.

SPICE Student Council

President: Disha Khushalani

General Secretary: Vishakha More

Editors: Leon Theakadayil

Treasurers: Shardul Kulkarni

First Year Coordinators: Siddhartha Dubey , Mayuri Yelakdare , Sonali Singh , Rushikesh Kadam, Kalyani Thakrey , Avantika Parab

Brief Introduction to SPICE:

MOTTO:

To bridge the gap between Campus and Companies and overall personality development of the students.

VISION:

To empower MCA students with the Soft Skills, Technical Skills, Aptitude Skills that enhance their overall personality development and prepare them for the corporate world here at VESIT.

MISSION:

We provide opportunities for the holistic development of students through Expert sessions and a diverse set of activities.

SPICE was formed to bridge the gap between the college syllabus and the placements. SPICE conducts aptitude test sessions by experts and ex-students to make students understand the aptitude level of dream companies as well prepare them for such placements in both aptitude and interviews. It also aids their overall personality development by giving them the confidence to speak via GD and debate sessions and prepare them for the corporate world.

List of activities:**Events conducted in the year :**

- Session on Personality Development
- Placement Talk
- Mastering Research Tools A Hands-On Workshop
- Aptitude tests

Events Conducted During the Academic Year 2022-2023:

- **Personality Development:** Interactive session on personality development was conducted by Dr.Pooja Kundu (Associate Professor, VESIT). Guidance provided on how to improve the overall personality to face different challenges in work life, how to develop one's personality etc was given.
- **Placement Talk:** MCA- SPICE arranged an interactive session on Placement which was led by Seniors(Batch 2021-23) who guided us on important points like how to prepare for placement and how to manage academic study.
- **Mastering Research Tools A Hands-On Workshop:** MCA-SPICE organized this session to understand the know hows of writing research papers.Speaker Dr.Dhanamma Jagli guided the students about Selecting a research domain and a topic from that domain in which you are interested in, Initial phases of research, Process of building and writing the article, how to write an effective research paper, Publishing the Paper.

INTERNSHIP PROJECT REPORT 2022-23/ SEM 4

Internship Projects Prepare students to excel in computer applications to succeed in industry/ technical professions. Train students with good computing breadth so as to comprehend, analyze, design and create computing solutions for the real life problems. Learn professional skills and international relationships in a professional environment. Design a system, component or process as per needs and specification of the clients.

Internship Projects Help Students Demonstrate skills to use modern tools, software and equipment to analyse problems. Understanding Develop an exposure to real life organizational and environmental situations. Analysing Apply SDLC phases in developing software projects and in writing the project document. Applying Create computing solutions for the real life problems as per the requirements of the domain. Creating Adapt professional and interpersonal ethics.

Assessment:

Internal Assessment Test: 50 marks

Internal Assessment consists of two presentations of 25 marks each conducted during the semester.

Report On VESIT Oracle Academy Certification

2022-2023

Oracle Academy advances computer science education globally to drive knowledge, innovation, skills development, and diversity in technology fields. Oracle Academy collaborates with organizations in nearly 100 countries to support thousands of educational institutions and millions of students each year.

Around the world, OA works in a variety of ways with Ministries of Education, NGOs and non-profits and other educational and marketing organizations to advance awareness of and access to computer science education, and help increase diversity in technology fields.

Oracle Academy has formal partnerships with selected organizations to help incorporate computer science into standards-aligned academic curriculum pathways and support educator professional development through direct courses and train-the-trainer programs. Along with OA can promote computer science education and equip students with the skills they need for life and work in the modern technology-driven global economy.

Resources available to an Oracle Academy partner:-

- Oracle Academy self-study courses in Alice and Greenfoot, educational Java development environments

- Workshops in a Box for Alice and Greenfoot, which provide everything you need to introduce students to object-oriented programming in workshop or extracurricular environments
- Software licenses for your personal learning use, via the Oracle Technology Network
- Data Science Bootcamps, video-based lecture series to introduce and provide hands on practice with data science and Big Data in the context of real-world problems
- Oracle Academy Ask the Oracle Experts Interactive webcast series on a variety of technology-related topics.
- The ability to use Oracle Academy logos and e-Posters to support and promote your work with Oracle Academy

Instructions for Students:

- Candidates are only allowed 4 attempts to pass an exam in a 12-month period.
- Certification practice exams are offered by Oracle University through a partnership with Self-Test Software. 50% discount on select Oracle Certification Practice Exams will be provided.
- Students will be provided discount vouchers which they can redeem directly while registering for certification exams through the link provided by the faculty.

- Faculty or student ID is required or other documentation confirming that you are a faculty member or a student at an Oracle Academy member institution.

About The Organizing Team:-

The departments of Computer Engineering, Information Technology and MCA come together to enable you to complete the course in a smooth manner. For all the support and assistance, the organizing team set up followed by the Patron is as follows:-

Patron:-

Dr.Mrs. J M Nair, Principal VESIT

Dr. Mrs. M .Vijaylakshmi, Vice Principal, VESIT

Departmental Oracle Certification Convenors:-

Dr. Mrs. Nupur Giri CMPN

Dr. Mrs. Shalu Chopra INFT

Mr. Shiv Kumar Goel MCA

VESIT-Oracle Incharge :-

Dr. (Mrs.) Gresha S Bhatia, Oracle- VESIT Incharge

Mrs. Ruchi Rautela, Oracle Incharge

Departmental Coordinators:-

Mannat Doultani CMPN

Jayshree Hajgude INFT

Monali Rajput MCA

Lab coordinators:-

Komal Durgavale CMPN

Kalpana Zemse MCA
