VPC- *VESIT Photo Circle*

VESIT PhotoCircle is a team of photography enthusiasts, students of VESIT from the Second, Third, and Final year of Engineering and the MCA departments, respectively. The recruitment session, which is conducted at the beginning of the academic year, is a primary interview that helps the senior members take in new members.

We are a group of around 31 individuals with similar mindsets who believe in capturing the moment's essence in and around the camera we handle. We function along with the college's overall events while we document the whole as we practice and polish our skillset simultaneously. We share all of the captured memories on our Facebook page, while we appreciate and reshare some unique pictures on our Instagram handle.

Photography Workshop

To help students learn, enhance and understand the ideology behind the art of expressing stories through pictures, a one-day workshop on ' Basics of Photography. In this, we discuss the basics of a professional Single Lens Reflex (SLR) camera, its settings, tripod placement, composition, framing, managing depth of field, aperture size, and speed. We gave insights about the exposure triangle and how one could implement it. We also emphasize the importance of subjects in a photo in both close-ups and wide-angle images. And many more aspects of photography are also covered in this workshop.

Photowalk

Apart from other activities, we have also conducted photo walks. One such instance was a Photowalk starting from the CSMT station to the various heritage sites of the Mumbai CSMT area. During the Photowalk, students from all the academic years were present and guided by senior members who were competent in different photography genres. They gave various tips on taking macro shots and reflection shots. The Photowalk ended at The Asiatic Library, with everyone taking back unforgettable memories of the event.

Along with this, a Photo Walk with the theme of "Morning Rituals" at Marine drive was also organized. This Photowalk aimed to get the members familiarized and share each other's tips related to photography. At the end of this Photowalk, the VPC members captured some great pictures and went home with many unforgettable memories.
