

Students of the Department of Computer Engineering have participated and have also won various competitions in the academic year 2021-22 (July 2021 - June 2022). The achievements of the students have been categorized as mentioned below.

Achievements in Project Competitions:

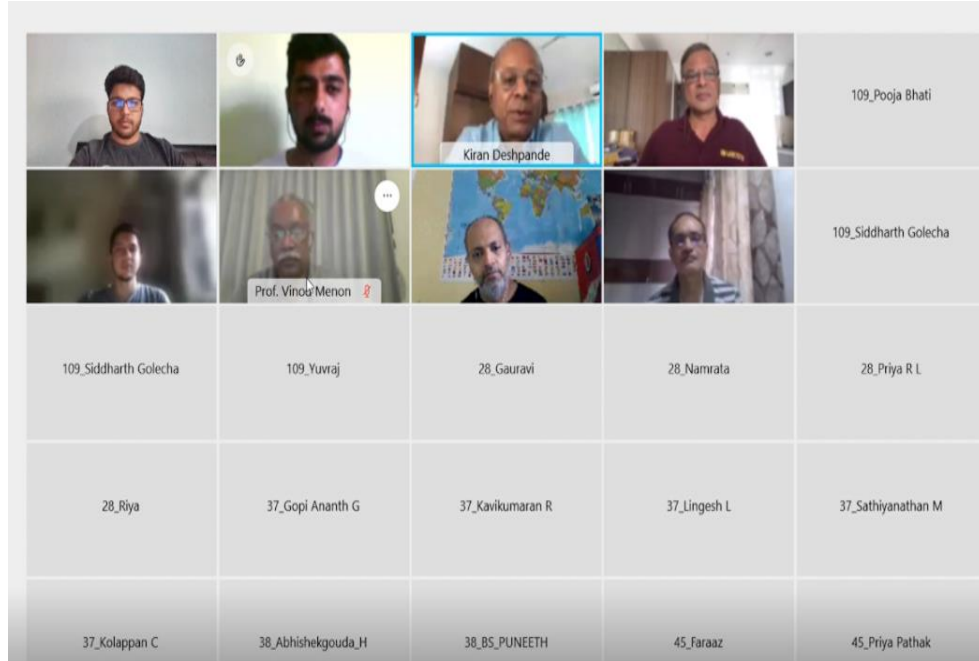

I E-Yantra 2021

Sr. No.	Project Title	Name of Students	Mentor	Achievement	Proof
1	Rainfall induced landslide monitoring system in Uttarakhand	Abhinav Sharma/D12A, Dhiren Soneji/D12A, Tejas Dhopavkar/D12A	Mrs. Abha Tewari	Bronze medalist	Certificate

II VISAI 2022 International Project competition - VIRTUAL 12th INTERNATIONAL PROJECT COMPETITION AND EXHIBITION

Project Title: Prime Era - One Place for Learning Fundamentals Of Regional Languages

Team Members: Siddhesh Gadge, Kedar Kharde, Rohit Jadhav, Siddhesh Bhare

Mentor : Mrs. Indu Dokare

Achievement : 1st Position

Prof. Indu Dokare with Student Team

III Creative Ideas & Innovations In Action (CIIA) Contest :

Under the guidance of VESIT-IIC, students of the Department of Computer Engineering attended the **Creative Ideas & Innovations In Action (CIIA) Contest** (a project by the Rotary Club of Bombay and Baldev Sharma's Marshalls Foundation powered by The Times of India Group) conducted on **29th March & 30th March 2022**. Out of the 15 groups that participated for the contest from the Institute, **6 groups were selected from the Department of Computer Engineering**. It was an opportunity for them to showcase their working models to Startups, Research Institution, Industry, Corporates, Defense or other Establishments. Along with the Expression of Interest received, students were motivated towards enhancing their projects to the next level.

Students along with Mentors on Day 1 (29th March 2022)

The Projects presented by the students were as follows:

Vivekanand Education Society's Institute of Technology
Department of Computer Engineering
Student Achievements
AY 2021-22

1. Group - 1:

Project Title : VoteChain is a decentralized voting system using blockchain technology

Team Members: Payal Kukreja (D12C), Payal Mangtani (D12B),
Sakshi Ailsinghani (D12A), Kumodh Kukreja (D12B)

Mentor: Prof. Veena Trivedi

Prof. Veena Trivedi along with the student Team

2. Group - 2:

Vivekanand Education Society's Institute of Technology
Department of Computer Engineering
Student Achievements
AY 2021-22

Project Title : A web application to record daily whereabouts of the user

Team Members : Jahnvi Mulchandani(D12A),

Shruti Koku (D12A),

Aryan Gupta(D12A),

Ruchika Dusija(D12A)

Mentor : Prof. Mannat Doultani

Prof. Mannat Doultani along with the student Team

3. Group - 3 :

Project Title : 'Covid Detection from Normal and Pneumonia cases using Chest X-Ray'

Vivekanand Education Society's Institute of Technology
Department of Computer Engineering
Student Achievements
AY 2021-22

Team Members : Nirmiti Sali (D12C),
Srushti Biwalkar (D12C),
Nimisha Khadilkar (D12C),
Amisha Swamy(D12C)

Mentor : Prof. Nusrat Ansari

Student Achievements
AY 2021-22

the Internal Hackathon. Internal Hackathon was conducted in offline mode on 19th March 2022 in VESIT Library from 8:30 am to 5:00 pm .

6 final teams and 2 waiting teams were shortlisted from CMPN for SIH 2022.

Details of the participating teams are as below:

SR. No.	Team Name	Team Members	Problem Statement Title	Award/Achievement
1	BetaVerse	Kunal Kotkar/D17B Sanket Jangale/D17B Tanvi Shetty/D17B Rohit Jadhav/D17B Siddhesh Bhere/D17B	Artificial Intelligence Based mobile application for the workers and website based admin tool for management.	Finalist
2	ByteCoders	Aashish Nair/D12C Mihir Pamnani/D12C Mrunmayee Waingankar/D12C Akash Sonare/D12C Sneha Karthik/D12C Jay Deshmukh/D12C	Speech Emotion Recognition (SER) on live calls while creating events	Finalist
3	Tensors	Tejas Mahajan/D12A Rushabh Rjhwani/D12C Juhi Chhatlani/D12A Vaidehi Bhagwat/D12A Aishwarya Krishnamurthy/D12A Himanshu Behra/D12B	Student Innovation	Finalist
4	Binary Brains	Garv Jhangiani/D12A Muskan Hassanandani/D12A Shreya Hegde/D12A Prerak Moolchandani/D12A Orijeet Mukherjee/D12A Kapish Madhwani/D12A	Optimum proximal fuel station indicator	Finalist
5	Solution Makers	Sejal Kriplani/D17C Dimple Nachnani/D17C Mayur Pawar/D17A Etisha Mathurvaishya/D17C Khushi Zawar/D17B	Attendance systems for students of government aided schools	Finalist

**GLOBALINK RESEARCH INTERNSHIP AWARD
DISBURSEMENT INFORMATION AND PLACEMENT TERMS AND CONDITIONS**

Dear Vishesh Rajiv Mittal,

Congratulations! You have been selected by Mitacs and Professor Philippe Pasquier from Simon Fraser University – Surrey to receive a 2022 Globalink Research Internship award. You are therefore invited to participate in a research project at **Simon Fraser University – Surrey**. Pursuant to an agreement with Simon Fraser University – Surrey, Mitacs will administer your funding grant.

Mitacs Globalink Research Internship is a competitive program that pairs top-ranked international students with specific research expertise with faculty at Canadian academic institutions for a twelve (12) week research project of mutual interest between May and October 2022. You have been selected by your Canadian host faculty project leader due to your background and skills in the research area and the unique contribution you will be making to the research during your stay. **The skills required for your role (as described in the research description below) were found to clearly match your skills set, education, and research experience.**

Research Internship details

University/Institution:	Simon Fraser University – Surrey
Host professor:	Phillipe Pasquier
Research project title:	Generative Electronic Music
NOC code:	4012 Post-secondary teaching and research assistants
Research description:	<p>For over a decade, the Metacreation Lab for Creative AI has been actively researching a variety of generative systems. Metacreation is the idea of endowing machines with creative behavior (as opposed to problem-solving intelligence). At the fundamental level, it raises the question of the formalization and modeling of creativity which is relevant to both AI and cognitive sciences. At the applied level, it aims to endow machines with creative autonomous behavior to meet a growing demand from the creative industries. Our research is ongoing stream of collecting data, analysis and refining/advancing our prototype systems, working with other researchers internationally and also with music producers, composers, interface designers and artists.</p> <p>Here are projects for which we are recruiting:</p> <ul style="list-style-type: none">- Music Generation: https://jeffreyjohnens.github.io/MMM/- Soundscape Generation: http://audiometaphor.ca/- Dance Generation- Video Generation <p>Further information available here:</p> <ul style="list-style-type: none">- https://metacreation.net/- http://philippepasquier.net/
During your internship, you will:	<p>This is an opportunity for students in the arts and or in technology / computer science, with an interest in Creative AI, to be engaged in a multi-disciplinary research project. We are seeking to identify multiple students in arts and or technology to work collaboratively to collect, analyze, model and test a new approach for specific generative systems. The goal is to contribute to the ongoing platforms R&D and or artistic research related to computational creativity under the direction of Philippe Pasquier.</p>

- Our distinguished alumni (Computer Engineering- Batch 2010) Squadron Leader Suraj Nair conferred the coveted “Vayu Sena Award” on 26th January, 2022 for his bravery.

Squadron Leader Suraj Nair (32105) is on posted strength of a Mi-17 V5 Helicopter Unit.

New Delhi. On 3 April 2021, Sqn Ldr Nair volunteered to take part in a daring Casualty Evacuation mission in the vicinity to an ambush site in a known Naxalite infested area. He provided priceless inputs to the higher authorities at the control centre for effective planning and successful accomplishment of the mission. He planned the preparation and launch of the helicopters in a short notice; serving as an asset to his mission leader. After recce of the ambush site, his inputs were instrumental in effective execution of the dynamic mission.

The mission involved high risk due to the unfamiliar hostile area with Naxalites operating in proximity to the hills. During the initial recce, he manoeuvred his helicopter clear of the mission leader, simultaneously looking for disposition of own and hostile forces and locating a suitable spot for extraction. During the Cas Evac, displaying good situational awareness, he effectively guided the third helicopter towards his leader. His immaculate handling of the aircraft proved instrumental in safely recovering mortal remains from the restricted landing site with an uneven surface which was surrounded by tall trees. His deft Crew Resource Management ensured safe accomplishment of the task in a hostile area.

In the subsequent missions for support of these operations, he recovered eight mortal remains from the ambush site. He was also involved in the insertion of 120 commandos for augmenting operations. With exceptional commitment to the assigned task, presence of mind and optimum utilisation of resources at hand, he was able to effect safe and expeditious conduct of missions in the vicinity of volatile combat site.

For his act of exceptional courage and disregard to personal safety in a very hostile combat zone, Sqn Ldr Suraj Nair is conferred with the award of **Vayu Sena Medal (Gallantry)**.
