Academic Year -2022-23

REPORT: Placements Activities

The following placement activities were conducted during the academic year 2022-23:

Sr. No.	Name of the Activity	Target Audience	No. of participants	Date/Time	Expert
1	Finishing School: Data Structures	BE	39	15-07-2022 , 1.00 PM	Dr. Prashant Kanade
2	Finishing School: Database Management System	BE	33	15-07-2022 , 2.45PM	Mrs. Sunita Sahu
3	Last Minute Preparation Tips for Aptitude Test	BE	55	23-07-2022 , 12.00 PM	Mr. Vinayak Sharma, Professor, GEMS Founders School, Dubai
4	Ignite: Placement Preparation Guidelines and Hackathon Guidelines	SE	148	21-09-2022 & 22-09-2022 , 1.00 PM	Final Year Students

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

5	Mini Project: A Stepping Stone for a Bright Career	SE		29-09-2022 , 1.00 PM	Mr. A. Nagananda
6	Eligibility, Employability and Resume Building	SE	78	29-09-2022 , 3.00 PM	Mr. A. Nagananda
7	Steering the Interview	TE		30-09-2022 , 1.00 PM	Mr. A. Nagananda
8	Skill Set Analysis & Resume Writing	TE	25	07-10-2022 , 1.00 PM	Mr. A. Nagananda
9	Mini Project: A Stepping Stone for a Bright Career	SE (DSE)	18	03-12-2022 , 2.00 PM	Mr. A. Nagananda
10	Eligibility, Employability and Resume Building	SE (DSE)	18	03-12-2022 , 3.00 PM	Mr. A. Nagananda
11	Steering the Interview	TE	18	20-01-2023 , 2.00 PM	Mr. A. Nagananda
12	Transactional Analysis	TE	142	27-01-2023 , 2.00 PM	Mr. A. Nagananda
13	Senior - Junior Interaction (Session 1)	TE	161	21-02-2023 & 22-02-2023 , 2.00 PM	Students placed in JPMC, ISS, Forcepoint, Carwale, IVP
14	Senior - Junior Interaction (Session 2)	TE	129	24-02-2023 . 2.00 PM	Students placed in IB, Quantiphi, Nomura, Barclays, Deloitte, Dolat Capital

Last Minute Preparation Tips for Aptitude Test:

The screenshot shows a Google Meet interface. The main content is a presentation slide with the following text:

Don't compute everything, use options to identify

▶ Question: $381^2 + 597^2 = ?$

Options:

- ▶ A. 456284,
- ▶ B. 658598,
- ▶ C. 765454,
- ▶ D. 501570

The slide also includes a small red box and a 'View sharing' button. The meeting controls at the bottom show the time as 12:53 PM and 12:13 PM. The participant grid on the right and bottom shows various attendees, including Vinayak Sharma, CMPN Placem..., Dheeraj Yadav, Shubhangi Zope, Gunjan Lalwani, Rohit Manghani, Vipin Talreja, Payal Kukreja, Shaikh Insha, Nikita Ahuja, 40 others, and You.

QUANTITATIVE FEEDBACK

Consider the following questions:

A: Was the session helpful?

B: Were your doubts acknowledged and answered?

C: Overall rate the session.

Please rank on a scale of 1 to 5.

1-Poor, 2-Below Average, 3-Average, 4-Good, 5-Excellent.

Sr. No.	Div	Roll No.	Name of the Student	A	B	C	Sign

QUALITATIVE FEEDBACK

Please give a brief feedback about the session. You may mention the takeaways from the session too. Mentioning your name and roll number is optional.

Name of the Student: Roshni Wadhvani
Div & Roll No.: D12A 70

The session was quite helpful. We got to know more about the placement process. Expecting more sessions like these.

Name of the Student: Jessica Lalchandani
Div & Roll No.: D12A 35

The session was very informative. I learnt a lot regarding how to behave, during placements, how important proper listening is, etc. Thank you for organizing this session.

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

Department of Computer Engineering Training and Placement Cell

Name of the Student: Simran Lahrani
Div & Roll No.: D12A, 34

The session was much needed for me. As it covered the part which is not covered in any other session. It covered the things which I didn't know about. Such sessions are much needed to open the eyes and then become focused on what we need and try to achieve the goal.

Name of the Student: OM Madot
Div & Roll No.: D12A, 38

The session was great. It really opened my eyes regarding the entire placement process. It's high time for me to get out of my comfort zone and try to achieve the goals that I have set for myself.

Name of the Student: Trishala Telwari
Div & Roll No.: D12A, 25

The session gave clarity about the approach needed for clearing the interviews. It gave me direction to set up my goals and achieve them.

Department of Computer Engineering Training and Placement Cell

Name of the Student: Harsh Loya
Div & Roll No.: D12A, 36

The session was very informative and made us understand the pattern in which interviews will be conducted.

Name of the Student: Nikhil Haswani
Div & Roll No.: D12A, 22

The overall session was very fruitful ~~& knowledge~~ ^{I gain} for me. I gained a lot of insights and nitty gritty involved in the interview process & placement. Looking forward to attend more such sessions.

Department of Computer Engineering Training and Placement Activity Report

Topic : TCS Expert Session

Name of the Speaker : Gaurav Ghelani and Sukanya Sen

Class: D12A, D12B, D12C

Date: 12-07-2022 **Time:** 01.30 PM to 04.00 PM

Mode of Conduction: Offline (College Auditorium)

Brief about the session:

1. In this session, the speakers spoke about the process for the application for TCS drive, recruitment process, different roles for which they hire, etc.
2. **Two roles for which they hire** → Ninja - Non Dream - 3.36 LPA.
Digital - Dream - 7 LPA.
3. **The test for the assessment** → The test consists of 2 sections :
 1. Foundation Section. 2. Advanced Section.Duration - 166 minutes of both the sections combined.
If a student clears section 1, he/she is eligible for the Ninja role.
If a student clears both the sections, he/she is eligible for the Digital role.
4. **Section 1** → Consists of Numerical, Verbal and Reasoning related questions.
5. **Section 2** → Consists of Advanced Quantitative, Advanced Reasoning and Coding related questions.
6. **Eligibility Criteria** → 6 GPA min, 1 backlog and 2 year gap allowed.
7. **Benefits** → Health Insurance, Employee Assistance Program - reimbursement around 3000 rupees for any learning program, Reimbursement of professional membership, Interest free loans.
8. There isn't any bond, but there will be a Service Agreement.
9. Before joining if you get Ninja package, you can upgrade it to digital with an Internal Assessment.

VESLit Circle Report (January 2022-February 2023)

VESLit Circle aims at benefitting and improving the students in the disciplines of both speaking and writing by conducting fun-filled events that are both instructional and enjoyable. The Circle carefully devises its events in a way that they not only polish logical thinking but also inculcate excellent communication skills among students. The Circle has played a pivotal role in the building of creative, imaginative, and thoughtful students. Over the years, the students have been greatly benefitted by their performance and participation in the events. They have also acquired some highly valued skills which are absolutely essential to thrive and grow in the professional world like effective communication, leadership skills, and interpersonal communication skills.

Kartikey Shukla - D9A
Prachit Paralikar - D10A

The complete detail and report of the activities and events held by the VESLit Circle is given below.

● **VESLit Week 2022 (6th Edition)**

The 6th edition of VESLit Circle's flagship event, VESLit Week, was held from 21st March to 26th March 2022!

Taking into light the coronavirus pandemic and the ongoing political conflicts in the world, the theme '*Spirit of Humanity*' was decided for this year's fest.

Like every year, the students tried to inculcate new events along with the standard, established events. This year we have tapped into the domains of sales and marketing with 2 creative events. Elaborated details of all events are provided below.

DAY 01: 21st March 2022

IPL Quiz

IPL Quiz was a sporting quiz event conducted by VESLit Circle's Quiz division on 21st March 2022 to kick off VESLit Week 2022. The event started at 5 pm after the Official Opening Ceremony for VESLit Week. Dr. Pooja Kundu, Dr. Sushil Duldhar, Shlok Jagushte (VESLit Head), Kaushal Jagasia (Deputy Head), VESLit Quiz Division, and all the participants were present for the event.

Winners:

1st Position: Karan Shah (D4A - EXTC)

2nd Position: Aryan Andhare (D6 - ETRX)

3rd Position: Kaushal Poojary (D4A - EXTC)

DAY 02: 23rd March 2022

Battle of Brands

This was the first of the two new events for this year. With an increasing demand for creative writing and with social media booming with brands coming up with witty marketing moments, this event came to life. The event was the brainchild of VESLit's Deputy Student Head Kaushal Jagasia.

The participants were expected to build a creative, witty storyline narrative in not more than 400 words where they identify a brand as a person. The event was submission-based with participants allowed to send multiple entries.

Winners:

1st Position: Prithvi Kumar (D12A - Rolex and CocaCola)

2nd Position: Abhishek Pattnayak (D1AD - Disney) and Priyal Singh (D9A - Disney)

DAY 03: 24th March 2022

Vivaad

Vivaad was an event held by the Debate Division of the VESLit circle. The debates were conducted in Asian parliamentary as well as Oxford format.

Winners:

1st Position: Ananya Pandey (D7C) and Noel Dason (D10A)

2nd Position: Harsh Jain (D1AD) and Gaurang Desai (D10A)

DAY 04: 25th March 2022

Trail-O-Rama

Trail-O-Rama, a trailer-making event organized by the Films Division, was held on 25 March 2022 in an online format at 6 pm. Where the live streaming was done of all the Trailers submitted. The agenda of the event was to create awareness among people that how to keep the spirit up even in the stressful period of covid '19 by the means of filmmaking. The theme of the event was ‘Spirit of Humanity’.

Winners:

1st Place

Milind Sawant D9A
Vandesh Sawant D9B
Atharva Kale D9A
Aditi Bombe D9A
Riya Gorade D9A
Mitali Vichare D9B

2nd Place:

Ashish Patil D1AD
Akanksha Suvarna D5B
Swarnika Singh D5B
Swayam Gaikwad D1AD
Harsh Jain D1AD
Ajinkya Jadhav D5B
Aadarsh Dubey D4B

Pitch Perfect

The other new event for this edition of VESLit Week was Pitch Perfect. As a tradition, only the second-year Circle members planned and managed this event. The tagline of the event was *Suit up and put your sales hats on!* As this was an event to bring forward the best salesperson in the college.

Winners:

1st Position: Aadarsh Dubey (D4B)
2nd Position: Bhakti Daga (D4B)

DAY 05: 26th March 2022

Youth Conclave

For this year, the MUN Division organized a Youth Conclave focusing on the United Nations Human Right Council (UNHRC) with an agenda - ‘The Israel-Palestine conflict and Human Rights Violations’

A workshop was conducted for the event on 24th March 2022 in order to guide participants on the format of the agenda and the working of the committee. The speakers for the workshop were Avinash Tripathy (MUN Division Deputy Head) and Mihir Pamnani (MUN Division Head). The session began with the

introduction of the United Nations Human Rights Council (UNHRC) and how one can go about learning the procedures of MUN Committees.

Winners:

Verbal Mentions: Hritika Mulay (D4B), Sairaj Deshpande (D2A) and Anish Masand (D10A)

Best Delegate: Attreyee Mukherjee (D2B)

High Commendation: Tanmay Thakare (D7B)

Special Mention: Yashodhan Sharma (D2B)

● **Game of Shows**

VESLit Circle, in collaboration with the SoRT, organized an event during the SoRT fundraiser week ‘Spectral. In accordance with that, the VESLit Circle hosted a quiz event called **Game of Shows on the 4th of October, 2022.**

Each team consisted of 2 members from any branch or any year and having a third member was optional. Questions on various shows from different genres and backgrounds were formulated. The elimination rounds were held on 3rd October 2022, in two slots at 1 p.m. and 3 p.m. respectively in the 519 classroom. Over 23 teams participated and underwent a paper pen quiz.

A glimpse of participants discussing strategies in breaktime.

The final round was held on 4th October 2022, in the college auditorium in the presence of SoRT, VESLit members, and all other students. A total of 8 teams reached the final round in which after each round one team was eliminated on the basis of their score and performance.

Secretaries of SoRT, Music & VESIT's Photo Circle along with their council members playing a special round of GoS.

Winners:

- 1) Raghuttam Parvatikar (D20B), Aarushi Sharma (D20B) & Shasmita Nair (D20B)
- 2) Ashish Nair (D9A), Pranav Jha (D9A), and Anshkumar Agrahari (D9A)
- 3) Aditya Khetwani (D12C), Harsh Rane (D12C), Hrishikesh Patil (D12B)

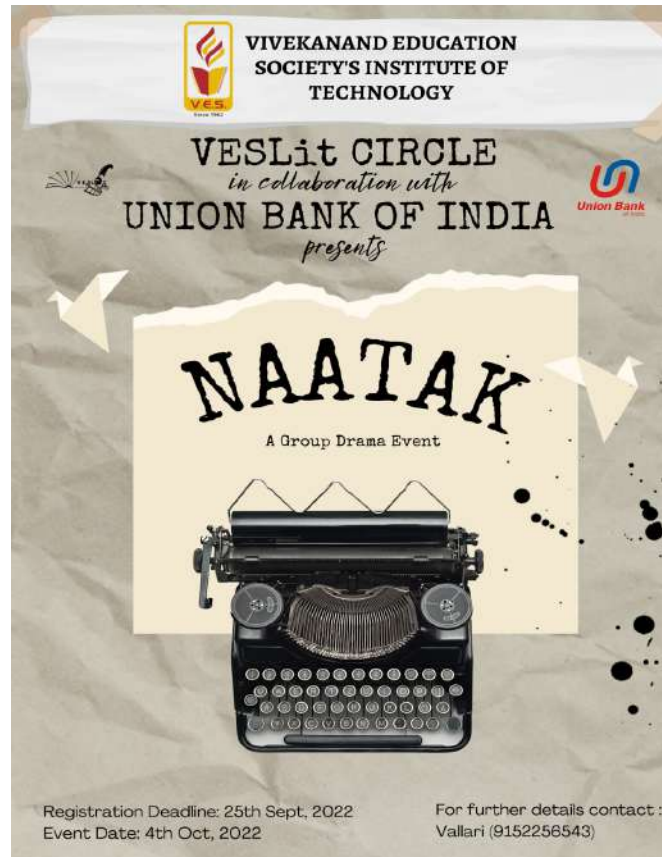

Host Noel Dason (D15A) and Srushti Pagar (D14A) asking questions to participants.

- **Union Bank of India collaboration**

VESLit Circle collaborated with the **Union Bank of India** on account of *Vigilance Awareness Week 2022*. Vigilance Awareness Week is observed every year as a part of the multi-pronged approach of the Central Vigilance Commission, to encourage all citizens to participate in the prevention of and fight against Corruption collectively.

The theme for this year is “**Corruption-free India for a developed nation.**” All the events under this collaboration were designed under this theme.

Event 1 - Naatak

Poster of Natak-Group Drama Event

Since this year's vigilance awareness week theme was "**Corruption-free India for a developed nation**" participants were informed to choose a topic in and around the same or from the 4 sub topics which were as follows-

- i) Anti Corruption**
- ii) Integrity**
- iii) Ethics**
- iv) PIDPI**

There were some great responses and we received a few amazing scripts with powerful dialogues and deep-rooted messages akin to the theme. Thereafter we shortlisted two teams directly for the finals. The finalists were;

Team 1: Ashutosh Mishra (D12C) (team leader), Mohit Shahdarpuri (D12A), Vansh Pahuja (D12A), Shrey Panchamia (D12A), Aman Paryani (D15A), Sahil Kodwani (D15A), Dhanshree

Pandey (D11), Lavin Valecha (D10B), Simran Lahrani (D12A), and Gurkeerat Singh (D11),.The topic chosen by Team 1 was:- **Anti Corruption.**

Leader of Team 1 introducing their act.

Team 2: Isha Gawde (team leader, D20A), Aditya Srikonda (D6), Anurag Shirsekar (D7A), Adheeti Dalal (D6), Akshay Jangam (D13), Rakshita Danee (D20A), Jayesh Utekar (D14A), Sumit Jadhav (D19A).

The topic chosen by them was:- **Ethics.**

Team 2 performing their act

Right from the script to the energetic enactment, body language, voice modulation, props, narration, dialogue vocabulary, execution, teamwork, and individual talents of the participants left everyone stunned. The audience and judges were enthralled by the performances.

UBI officials handing out the prizes to the winner of Naatak.

Winners:- Isha Gawde (team leader, D20A), Aditya Srikonda (D6), Anurag Shirsekar (D7A), Adheeti Dalal (D6), Akshay Jangam (D13), Rakshita Danee (D20A), Jayesh Utekar (D14A), Sumit Jadhav (D19A).

Event 2 - Essay Writing

Poster of Essay Writing and Poster Making Competition

The Second event conducted under the Union Bank of India and VESLIT collaboration was the Essay Writing Competition. The Competition was open to all the students of Engineering as well as MCA. The topic given to the participants was the same as that of Vigilance Awareness Week - Corruption-Free India. The deadline for the competition was kept at midnight of 30th September 2022. These Essays were evaluated by the UBI Bank Officials.

Winner-

1. Sanskruti Punyatithi (D15B)
2. Abhinaya Danda (D10A)
3. Snehal Patil (D9B)

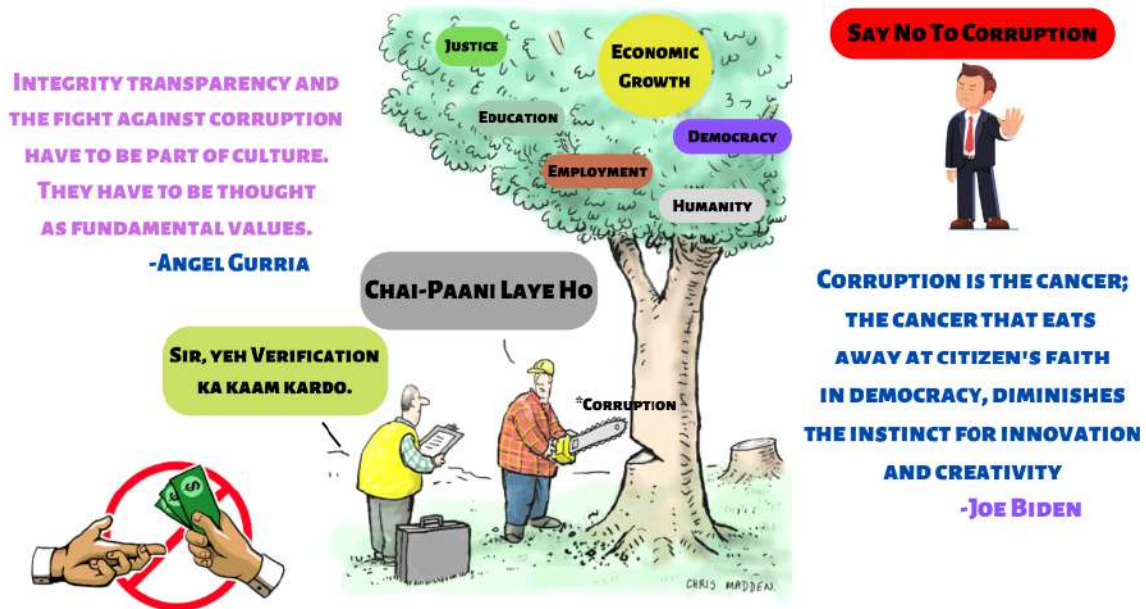

Event 3 - Poster Making

The third Event conducted in the Collaboration with UBI was the Poster Making Event. Just like the Essay writing competition, this event was also open to all the Students of Engineering and

MCA. The topic was also kept consistent with the vigilance Awareness Week - Corruption Free India for Developed Nations. We received 23 creative Posters from the imaginative and innovative students of VISIT. Every poster illustrated its take on the topic in quite a unique manner. The Posters were evaluated by the Officials of the Union Bank of India. And the winners selected hence were awarded Prizes on 6th October 2022 in the Closing Ceremony of the UBI

Winner-

1. Mohit Kailas Patil (D7B)
2. Shreya Hadkar (D7B)
3. Saakshi Karkera (D19A)

Winner- Mohit Kailas Patil

Runner up-Shreya Hadkar

Second Runner-Up- Saakshi Karkera

Event 4 - Debate

Poster of Debate Competition

All the events and event details were announced 2 weeks before the final competition.

18 teams registered for the competition. The format was Oxford style with 2 minutes of introduction, 6 minutes of rebuttal, and 2 minutes of conclusion for all the preliminary rounds.

The first round was held on the 29th of September. With that respect, all the teams put forward really strong arguments regardless of the complexity of the topic. The semi-finals took place on the 3rd and 4th of October. The format for the final round was the same as the preliminary rounds but now with 3 minutes of introduction, 10 minutes of rebuttal, and 3 minutes of conclusion.

Final Round of the Debate competition.

The entire debate was highly vibrant, and the judges meticulously judged the debate. Before the results were announced, the judges provided feedback to all competitors to assist them in further competitions.

Winners of the Debate competition were awarded by UBI Officials.

Aakanksha Jadhav (D19A) and Rahul Kulkarni (D19A) were announced as the winners of the Vigilance awareness week debate 2022 by UBI officials. Winners and Runner ups were awarded by UBI officials, Dr. J.M. Nair, Dr. Pooja Kundu, and Dr. Sushil Dhuldhar.

VESLit Circle team along with the Union Bank of India dignitaries at the Closing Ceremony.

- **Science Day Debate 2023**

National Science Day is celebrated in India on 28 February each year to mark the discovery of the Raman effect by Indian physicist Sir C. V. Raman on 28 February 1928. To commemorate this day, IIC in association with VESLit Circle called forth a first-years-only exclusive event - “The Science Day Debate”. The format was Oxford style with 2 minutes of introduction, 6 minutes of rebuttal, and 2 minutes of conclusion for all the preliminary rounds.

Poster for Science Day Debate.

These debates were conducted over a period of three days. The first round of eliminations was conducted on the 1st and 2nd February 2023. The format for the final round was the same as the preliminary rounds but now with 3 minutes of introduction, 10 minutes of rebuttal, and 3 minutes of conclusion.

The top 4 teams along with the judges for the final round.

Dr. Maya Bhat and Mrs. Ramya T. were invited to be the judges for the final round. The final lived up to its expectations as the two teams contested in a heated yet intellectual debate.

Winners - Aakarsh Sinha and Drushti Nagarkar (D3)

Runners Up - Dhvani Ghodeswar and Dnyanesh Avhad (D4A)

Best Speaker - Aditya Rege (D3)

Personal and Professional Achievement

Session 1

The first session of the Personal and Professional Achievement Program (P&PA) 2022-23 workshop was organised on 13th December 2022 at 8:30pm . This virtual session was an Ice Breaker session for attendees and circle members to interact and introduce themselves to one another. The Circle head, Vaidyanathan Natarajan started the session by introducing himself, followed by senior council member's introductions. Then the Deputy Head of VESLang Circle, Anushka Kulkarni took the lead and all the participants along with the junior circle members continued the session by introducing themselves.

The second half was the Alumni session, which was started by Anushka Kulkarni introducing alumna Yugandhara Kadam - the former head of the VESLang circle and currently a Research Analyst at GEP. The alumna then took over the stage and shared valuable life lessons from her college and corporate life experiences. She enlightened attendees on topics of time-management, importance of soft skills and much more. The alumna further added about pursuing masters abroad and guided the attendees for the same. The meeting concluded with a question and answer where the alumna sufficiently responded to every one of the queries posed by the attendees.

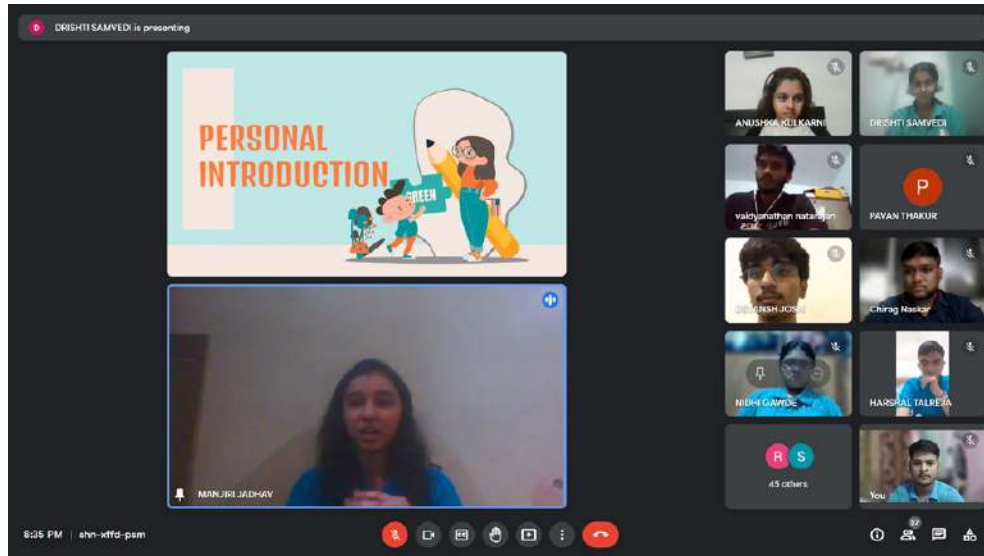

An ice breaking session with everyone introducing themselves

Session 2

The second session of the Personal and Professional Achievement Program (P&PA) 2022-23 workshop was organised on 15th December 2022 at 8:30pm . The session was conducted by the senior circle member - Manjiri Jadhav, on the topic “Interview Introduction”. She briefed the participants about the importance and impact of introduction during an interview. She also talked about the dress code for an interview and the do’s and don’ts to follow in an interview. Furthermore the speaker talked about the things to be included in the introduction and its flow.

The session was then divided in two google meets so as to conduct a fun activity, Continued BOTS(Battle of 30 seconds) for attendees. Junior members - Khyati and Taufique hosted the activity and further the activity was demonstrated by their fellow circle members in the respective meets. This activity was an effort by the circle to let students interact with each other and to improve their communication. The activity was completed in both the meets by 9:25pm with attendees’ enthusiastic approach .

After completing the activity all attendees and circle members gathered back in meet 1. By 9:30pm Vaidyanathan-head of VESLang circle, introduced alumnus Grusha Shetty - the first head of VESLang circle and the one who has been placed as a Data analyst in an esteemed company named Games 24*7. She prepared a presentation to enlighten the participants with her knowledge and experience of the Interviews. She beautifully explained pre-preparation for interviews and highlighted the key points for an interviewee. Once she was done explaining the presentation She resolved all the confusions of attendees connecting them with her experiences, which let participants to understand in a finer way. The informative and interactive alumni session came to an end by 10:12 pm thus concluding the second session of P&PA in a decent way.

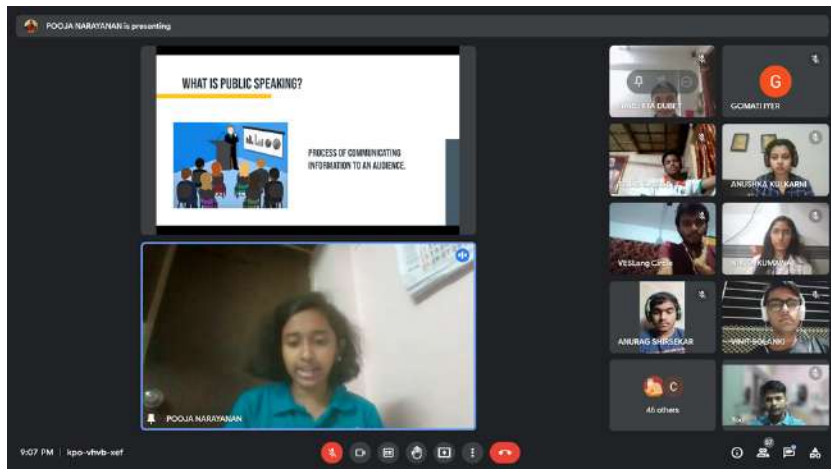

Detailed briefing on ‘How to give your best Introduction in an Interview’

Session 3

The third session of Personal and Professional Achievement program (P&PA) 2022-23 was organised on 20th December 2022 at 9pm which was a briefing session on Elocution and Public speaking then followed by an alumni session. The Creative Head of VESLang Circle Pooja Narayanan, started the session by explaining the importance of elocution and public speaking. She continued to brief about the topic including points on how one should maintain his posture and tone while speaking in public. She also gave some tips on how to ace public speaking and stated the do's and don't's a person should keep in mind. Then the first half of the session ended with a doubt session.

The other half of the session started when Vaidyanathan introduced the Alumnus Atharva Gupte, who is currently working as a Copywriter at Fi. The Alumnus then took over the stage and grabbed the participants' interest with interactive tongue twisters. He covered various topics around elocutions, public speaking and personal interviews in his presentation. Furthermore he gave some insightful information about the field of writing from his personal experience and guided the enthusiastic participants who are willing to pursue a writing career. The session concluded with questions of the participants who got a satisfactory response from the Alumnus.

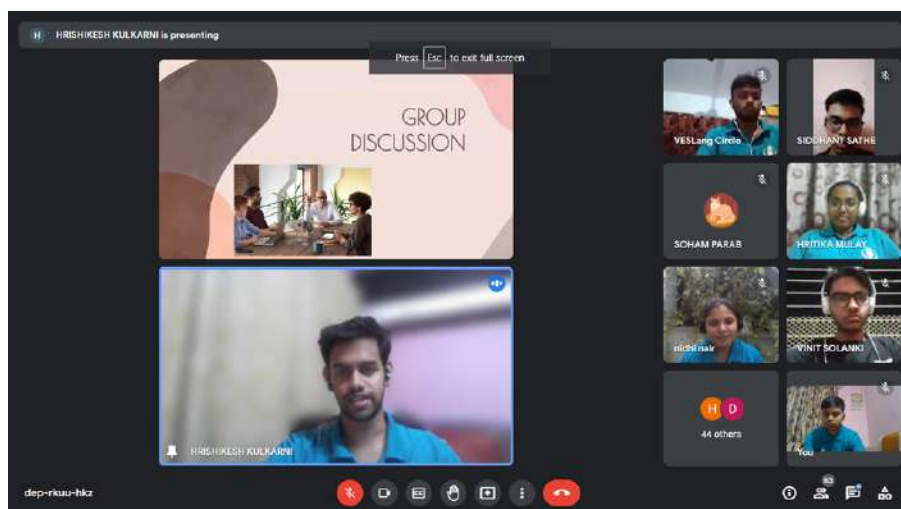

Extensive briefing about the elements and objectives of ‘Public Speaking’

Session 4

The fourth session of the Personal and Professional Achievement Program (P&PA) 2022-23 workshop was organised on 27th December 2022 at 8:30pm . The session was conducted by the senior circle member - Hrishikesh Kulkarni on the topic “Group Discussion”. He started the session by explaining the concept of “ GD” and how it was to be performed . Furthermore he explained on how to prepare for it ,the content to be included ,the do’s and don’ts and how to make an impact in the GD. The session was then divided in two google meets so as to conduct a fun activity, 21-Question for attendees. The activity was conducted by Junior members , Lavin and Gomati . The activity came to a successful ending at 9.30 p.m. After completing the activity all attendees and circle members gathered back in meet 1.

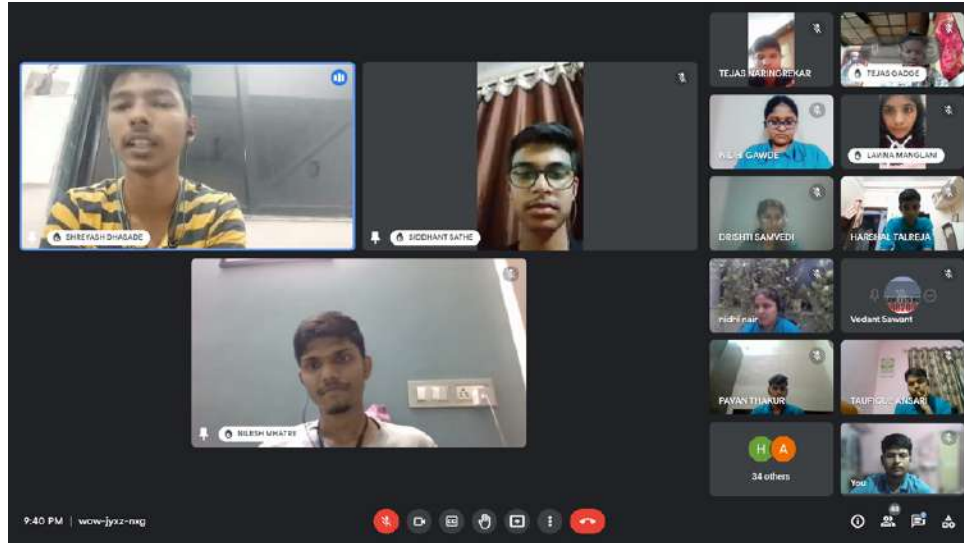

By 9:30pm Vaidyanathan-head of VESLang circle, introduced alumni Atharva Gadkari,the former head of VESLit Debate Division. The alumnus imparted a great amount of his knowledge which kept the attendees motivated to continue on the path of building and improving their communication skills.The alumnus himself being a great orator thus gave a great set of points to ace public speaking.The highlight of the alumnus session was ‘PESTEL’ technique to be followed for research on any topic, for improving soft skills and for giving an impromptu situation.Around 10:15 p.m. the fourth session of P&PA had a fruitful ending.

Suggesting various tips to participants to make them stand out in a Group Discussion

Session 5

The fifth session of Personal and Professional Achievement program (P&PA) 2022-23 was organised on 29th December 2022 at 8:30pm which was an activity based session on Group Discussion. The Head of VESLang Circle Vaidyanathan Natarajan, started the session by explaining the flow and the instructions of the Group discussion. Also, the groups and the topics were allotted to the participants priorly, so that they could come prepared. The junior members gave a demonstration at the start to give a clear idea to all the participants about the activity. The Senior members of the VESLang Circle, Drishti Samvedi and Nidhi Nair hosted the rest of the session. The groups were called one after the other to perform the activity on their allotted topics. As it is said, “A discussion should be a genuine attempt to explore a subject rather than a battle between competing egos” thus from each discussion everyone present in the meeting learned some new facts. After all the group discussions were done the session came to an end where the senior council members shared their thoughts on what were the common mistakes made by the participants and how they can improve that.

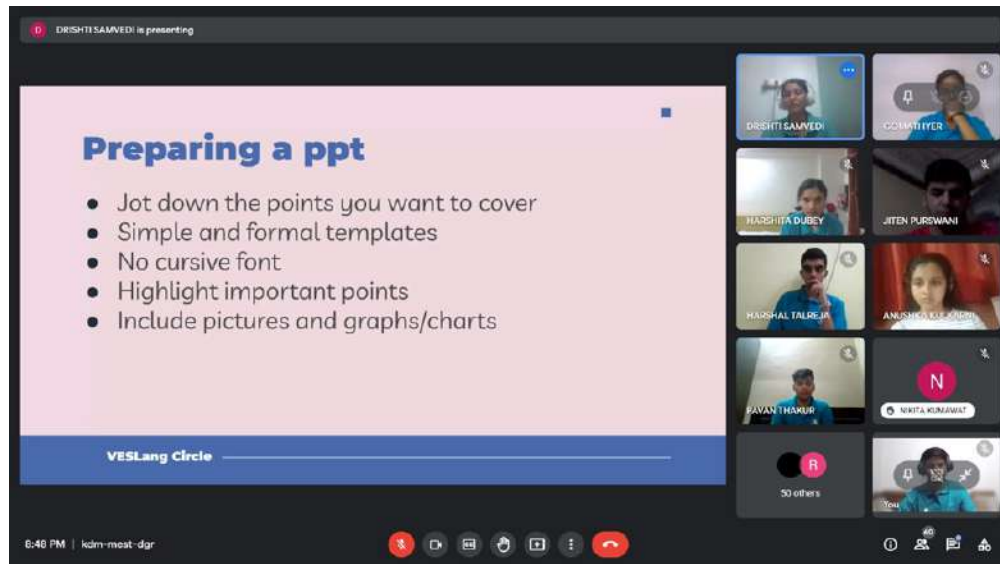

Exceptional enthusiasm shown by participants during Group Discussion

Session 6

The sixth session of the Personal and Professional Achievement Program (P&PA) 2022-23 workshop was organised on 3rd January ,2023 at 8:30pm . The session was conducted by the senior circle member - Drishti Samvedi on the topic “Presentation”. She started with explaining what a “Presentation ” is and why it is important. She further explained the key elements in a presentation, how to make a PPT and the proper delivery of the presentation. The session was then divided in two google meets so as to conduct a fun activity, Starters and Desserts for attendees. The activity was conducted by Junior members, Pavan and Harshita .The activity came to a successful ending at 9.30 p.m.

After completing the activity all attendees and circle members gathered back in meet 1. By 9:30pm Anushka -deputy head of VESLang circle, introduced alumni Aadi Fernandes, the former Senior Editor at VESIT Connect. He is currently working as a Data Engineer at LTI . The alumnus briefed us on how to go about a presentation. He further shared the things to keep in mind while giving a presentation - Confidence, Body Language , Eye contact, Thorough prep and Concise presentation. He also shared tips to overcome the stage fear and give a good presentation. The session ended in a fruitful way.

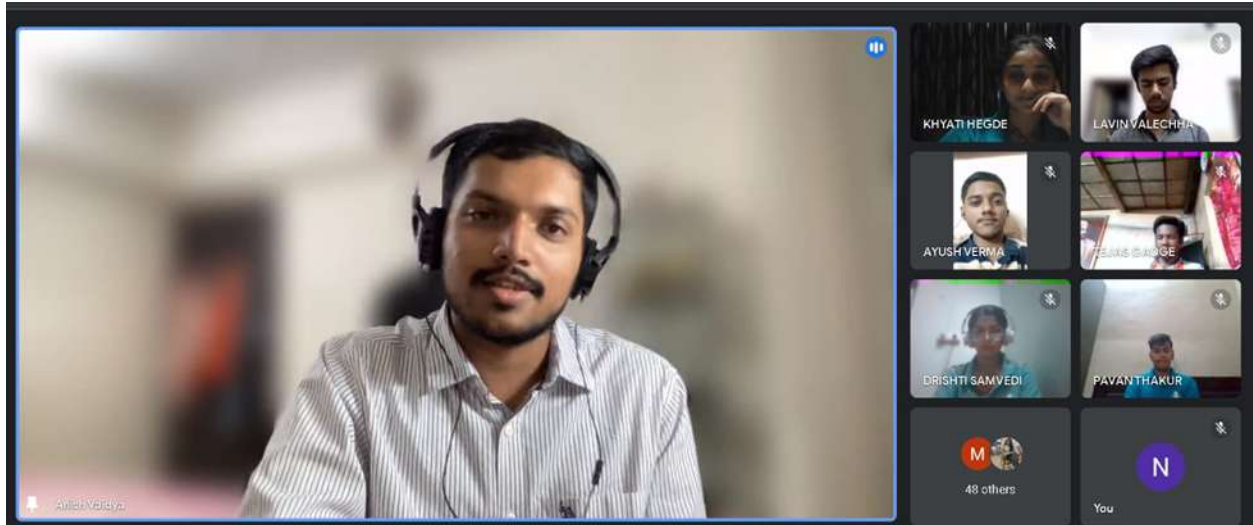

Participants learning to master and make presentations in a concise way

Session 7

The seventh session of the Personal and Professional Achievement program (P&PA) 2022-23 was organised on 5th January 2023 at 8:30pm. The session started with the activity 'Picture Story' where the participants were divided in two different meetings and they had to create a story based on the picture presented. The activity was hosted by the Junior Circle members Preethika Shetty and Sarwadnaya Awghad. This activity aims to improve comprehension and language skills.

The other half of the session started when Anushka Kulkarni, the Deputy Head of VESLang Circle introduced the Alumnus Anish Vaidya, who is currently working as a Data Analyst at JP Morgan Chase and Co. The Alumnus then took over the lead and briefed about the Interview procedure and how to ace it. Furthermore the alumnus also added his interview experience. He also shared some insightful information about the hackathon 'Code for Good' which is the final round for placement at JPMC. The session concluded with questions of the participants who got a satisfactory response from the Alumnus.

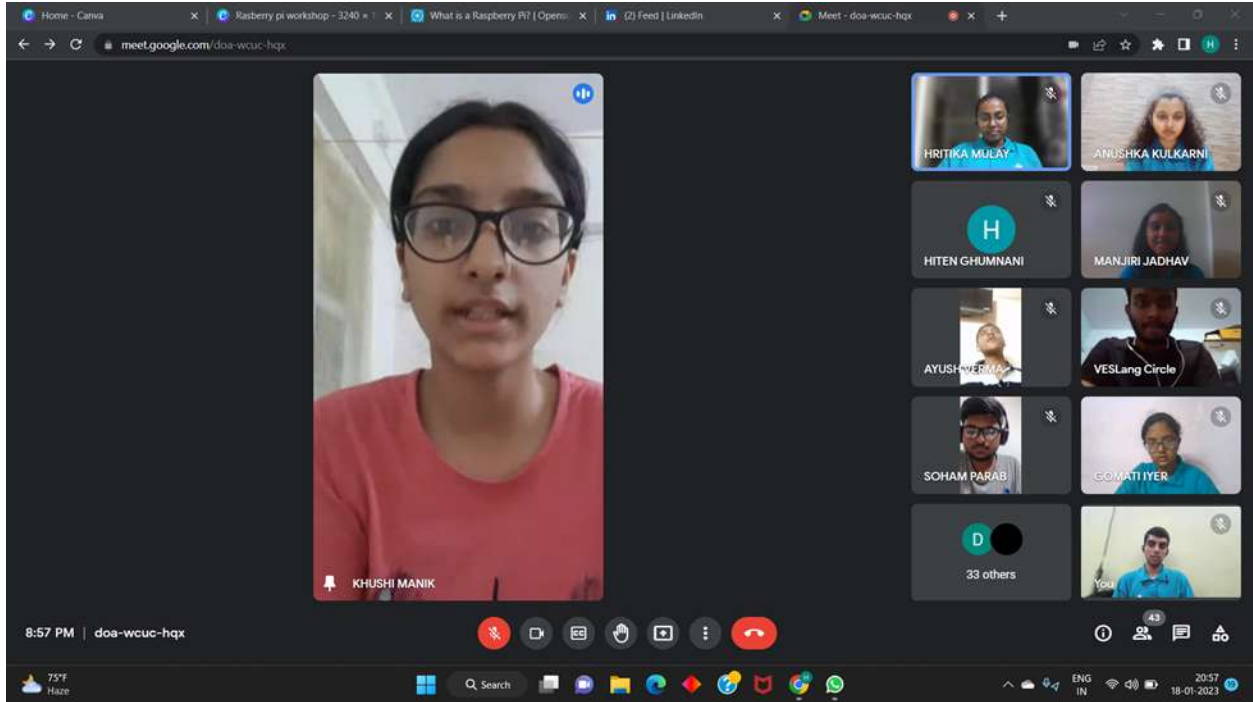

Anish Vaidya sharing his journey of experience of his Campus Placement Session 7

Session 8

The eighth session of Personal and Professional Achievement program (P&PA) 2022-23 was organised on 18th January 2023 at 8:30pm which was an activity based session on Interview Introduction. The Head of VESLang circle, Vaidyanathan Natrajan started the session by briefing the participants about the importance of Introduction in an interview.

The Junior Member of VESLang Circle, Hritika Mulay then took the lead and hosted the activity. Then the participants started giving their introductions one by one and their introductions were reviewed by the Senior Council Members of the VESLang Circle. The session ended after all the participants performed the activity.

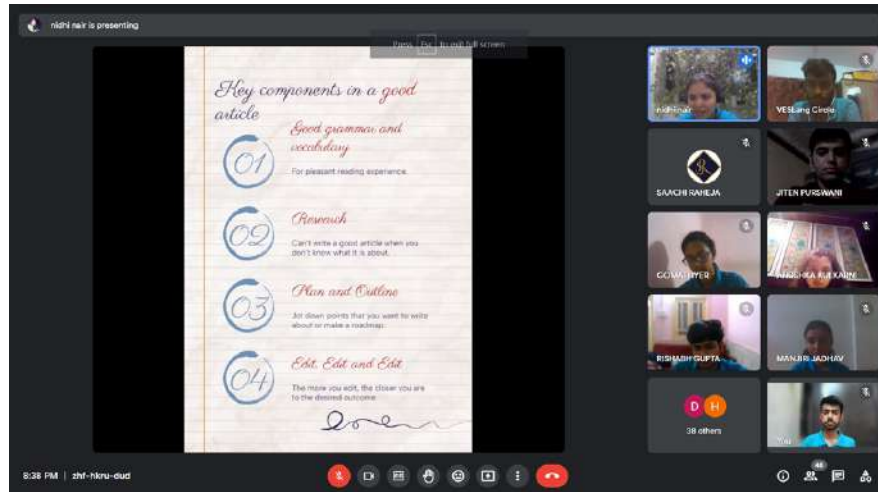

Participants being confident enough to give their Interview Introductions

Session 9

The ninth session of the Personal and Professional Achievement Program (P&PA) 2022-23 workshop was organized on 31st January 2023 at 8:30pm. The session was conducted by the senior circle member - Nidhi Nair on the topic "Article Writing". She started the session with an introduction of the topic and its importance in daily life. She further provided us with the roadmap of writing a good article. She explained the do's and don'ts to be remembered while writing an article.

The session was further continued by circle head, Vaidyanathan Natrajan, on the topic "Email Writing" and "Resume Writing". He explained the types of emails, the use of cc and bcc. He further explained the parts of email to be included - email address, subject, opening, body, ending, sign-off and email signature. Both the hosts further continued with "Resume writing". They displayed their respective resumes and briefed us about the things to be covered in the resume.

The session ended after an effective Q&A session at 10 p.m.

Attendees learning the art of bringing thoughts to paper

Session 10

The tenth session of Personal and Professional Achievement program (P&PA) 2022-23 was organised on 02 February 2023 at 4pm which was based on most frequently asked questions in the HR round of Interview. The Head of VESLang circle, Vaidyanathan Natrajan started the session by briefing the participants about the flow of interview. The aim of the session was to help the participants get acquainted with interview questions that they might be asked during HR interview. He also shared his own experience in interview and explained about why he mentioned certain skills in his resume. It was an interactive session where the host and the participants discussed the tips and tricks to answer the questions. The discussion continued with attendees putting forth the questions they had prepared. The summary of the major questions discussed in the session included where do you see yourself in five years? To which the host suggested to reply by always saying an answer convincing them that you will continue in the same company aiming for a higher position. It also included one of the popular questions asked: Why should we hire you? To which the host advised to mention your strengths which are relevant to the job and when asked for your weaknesses, say you are working on them and never directly stress on them as your negative point. Some tips given by our host included to be honest during interview when asked about skills, to be well versed about the company background. The session concluded at 5pm with participants having their strengths and weaknesses listed down so that they can work on it.

Session 11

The final session of the Personal and Professional Achievement Program (P&PA) 2022-23 workshop was organized on 5th February 2023 at 11am. The faculty in charge of VESlang circle Mrs. Geeta Ajit and alumni Mr. Aadi Fernandes, Ms. Riya Dharmani, Mr. graced the session with their presence. Alumni introduced themselves and reminisced their days in VESIT.

This session was a summary of the activities and briefings conducted in the previous sessions of P&PA. The two main activities that were conducted in this session were Formal Introduction for Interviews and PPT presentation. The session commenced at 11am with a speech from Mrs. Geeta Ajit and our esteemed alumni. The first activity conducted was formal introduction wherein the attendees gave an introduction which included their educational background, projects, internships, hobbies, etc. After the attendees' confident and articulate introductions, they received valuable feedback from the alumni. They emphasized on the importance of body language and flow of content. The activity was completed by 12:30 pm. The next activity started immediately, PPT presentation, the topic of Cyberbullying was given to the attendees a day prior to prepare upon. The presentation included a case study, impact of cyberbullying and preventive measures for the same. The attendees showed a great encouragement in the activity. Some of major Cyberbullying cases of Ms. Dhoni, Kedar Jadhav was emphasized beautifully. The session ended with a beautiful note by Geeta Ma'am in which she boosted the confidence of our attendees to participate in more competition

Personal and Professional Achievement Intermediate

Week 1

The first session of Personal & Professional Achievement Intermediate Workshop was organised on 23 August 2022. The session's main purpose was to provide the attendees with the information on how to prepare an impactful professional introduction. The session began when Vaidyanathan Natarajan (Head of the VESLang Circle) took the stage and introduced himself as well as the circle members. The main speakers of the session were Drishti Samvedi and Manjiri Jadhav (Senior members of the VESLang Circle).

The main speakers shed light on all the areas of how to prepare an impactful introduction. The briefing covered the points of – how to dress, format and the do's and don'ts of a professional introduction. The second part of the workshop was activity based, where all the attendees were asked to give their introduction to everyone present in the room. Then followed by this another activity which was conducted is Bots- where a person needs to speak on a word for 30s without repeating the same sentence. In this all the attendees were split into teams, and it helped them to enhance their public speaking and critical thinking skills. By this the 1st session came to an end. Also, the whole session was supervised by Dr. Geeta Ajit ma'am. On 24th of August the same session (session- 2) was held for the participants of the second batch of workshop.

The third session of Personal and Professional Achievement(P&PA) was held on 27th August, 2022. The session revolved around personality development through college, interview techniques, question and hiring process. Vaidyanathan Natarajan, senior member and the head of VESLang started the session by introducing the alumnus, Avinash Tripathy, a 2022 graduate of VESIT from EXTC department and is currently working at Indus Valley Partners. He has a keen interest in public speaking and represented the college at various MUN competitions. He has played a significant role in VESLit CIRCLE.

The alumnus started the session by presenting the plateau principle of learning i.e., the flattening of the success curve over a period of time. He further dived into his own personal and professional college life giving the attendees some valuable learnings from it. The briefing covered the importance of workshops and committees and experience he learnt from it. He further gave an insight on how the technical and HR interviews are conducted and what is expected by the companies from the interviewee. In the second section of briefing, Avinash gave some tips that could be useful for the interviews such as not to be blunt to the interviewer, to be honest and a little humorous while answering the

questions, having the correct knowledge about the skill set and much more. After the briefing, the floor was opened for questions from the audience, who received thorough responses from the alumni as the event came to a finish at 12.00 p.m.

Week 2

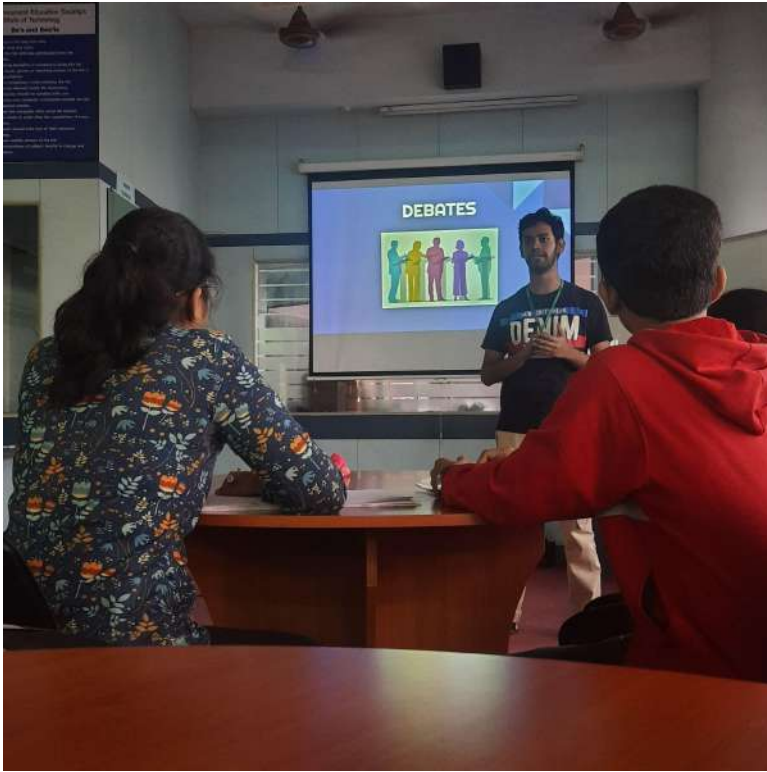

The second week of P&PA Intermediate was started on 13 of September 2022. As earlier, the attendees were divided into two batches, first half attending a session on Tuesday while the other half attending on the following day. The session revolved around the topic of formal debates followed by a fun activity of dumbates.

Hrishikesh Kulkarni and Harshal Raut, the senior members of VESLang, were the main speakers of the session. In the first half of the session, the main speakers addressed the global definition, procedure to be followed, various globally accepted styles and do's and don'ts of formal debates. A sample formal

debate activity with participants was held to illustrate the same. The session was then followed by an interactive and amusing activity of 'dumbates'- an impromptu debate on everyday topics. For this, the attendees merging with the junior members, were divided into two groups and the activity was held on various topics. All the attendees had joined in. The evening concluded with the doubts of attendees who received satisfactory response form the speakers.

The sixth session of P&PA was held on 17 Sept via Google Meet. It was an alumni session. The face of the session was Ria Dharmani, a 2021 graduate currently working at Amazon as Software Development Engineer (SDE). The session started with Anushka Kulkarni-the Deputy Head of VESLang-introducing Ria Dharmani to the attendees. Then the Alumnus took over the stage and enlightened the attendees about various aspects of internships, types of internships and the upper hand of having an internship. The speaker also introduced various platforms to apply for one and shared their own internship experience. The session concluded with the doubts and questions of the attendees regarding the internships, interviews, work culture, resume building, certifications and much more, who received an insightful and satisfactory response from the Alumnus.

Name of the programme : Professional Language and Communication Enhancement

Professional Language and Communication Enhancement (PLACE)

Session 1

Professional Language and Communication Enhancement commenced on the 21st of July, 2022. In the first session, alumna - Grusha Shetty who is currently working at Games24x7, untangled the complex web of questions the attendees had regarding the aptitude tests conducted by the companies during campus placement. The session began with a brief introduction given by the Deputy Head of the VESLang Circle, Anushka Kulkarni. The session started shortly after 8:30 pm followed by a presentation by Grusha where she elucidated the various methods and resources she used to prepare for her aptitude tests. These included topics such as preparation, practice and time management. She also advised the attendees to cultivate excellent and necessary skills that will be required to land a good job. After the briefing, the attendees put forth their queries which were answered one by one until the end of the session at 9:30 pm.

Grusha Shetty briefing the attendees on how to prepare for Aptitude Tests

Session 2

This session was devoted to Group discussions abbreviated as GD. GDs are a vital part of the placement process, as they assess the individual's speaking proficiency and test their knowledge. This type of interview can help the interviewers pick out candidates with

leadership skills and active listening. The session started sharply at the given time and was hosted by VESLang Circle's senior in-charge, Pooja Narayan. Atharva Gadkari - who is going to pursue his Masters in Renewable Energy to the University of Cranfield(UK) and Aadi Fernandez, working at Larsen & Toubro Infotech(LTI) joined the session as alumni and shared key tips and tricks to perform well in any upcoming group discussions. Both Atharva and Aadi are experienced in extempore and have participated in many competitions throughout their college years.

In the first half of the session, Atharva spoke about the various Dos and Don'ts of GD. He elaborated on his points and also gave many relevant examples. Following this, a few members from the Circle presented a short GD as an example to the audience. The topic was given on spot by Atharva and he also judged the GD and further iterated his points by using the example GD as a reference. In the second half, the second alumnus, Aadi Fernandez also gave many insightful tips to the audience. He answered many queries raised by the participants and also shared his many experiences. He also elaborated on his placement experience and his many endeavours after graduating. The session came to an end shortly after all the questions put forward by the participants were answered.

Atharva Gadkari explaining the rules of Group Discussion

Session 3

The third session of the Professional Language and Communication Enhancement Program was conducted on 28th July and the agenda was to get the students acquainted with the technical round of the interview process. For this session, we had three alumni joining in - Omkar Rao, Dheeraj Singh Jodha and Akshay Rathi. The session was hosted by the senior VESLang member - Hrishikesh Kulkarni. Omkar Rao is an Instrumentation branch alumnus who is now currently placed in Johnson

Control and has vast knowledge and a keen interest in microcontroller systems, IoT and robotics. He prepared a presentation outlining his entire placement experience. He detailed every procedure that was involved as well as talked at great length about preparation for the technical interview.

The session was carried on by Dheeraj Jodha who is currently working with Red Hat (Subsidiary of IBM) as an Associate Software Quality Engineer and he bagged this job through an off-campus placement. He shared his personal experience of how he got an internship and then a great opportunity to work for the same company. He also advised the participants about how to get referrals from the people working in corporate that might help them in getting jobs. He talked about the importance of projects to develop one's profile to have a better chance of making a good impression in front of the interviewer. He even shared his experience of how developing a personal project of his interest helped him connect to his fellow developers.

The final speaker for this session was Akshay Rathi, an Instrumentation branch alumnus, who has completed his master's degree abroad and is now the founder and CEO of Tech Sierra, a technology consulting organisation, which provides services in the domain of UX/UI, Cloud Application, DevOps Requirements, and much more. He elucidated on various skills recruiters are looking for and how the candidates must prepare when appearing for their technical interview round. He also answered the many burning queries the participants of the session had regarding placements, higher studies, interviews, etc. The session was prolonged and ended a short while after the stipulated time.

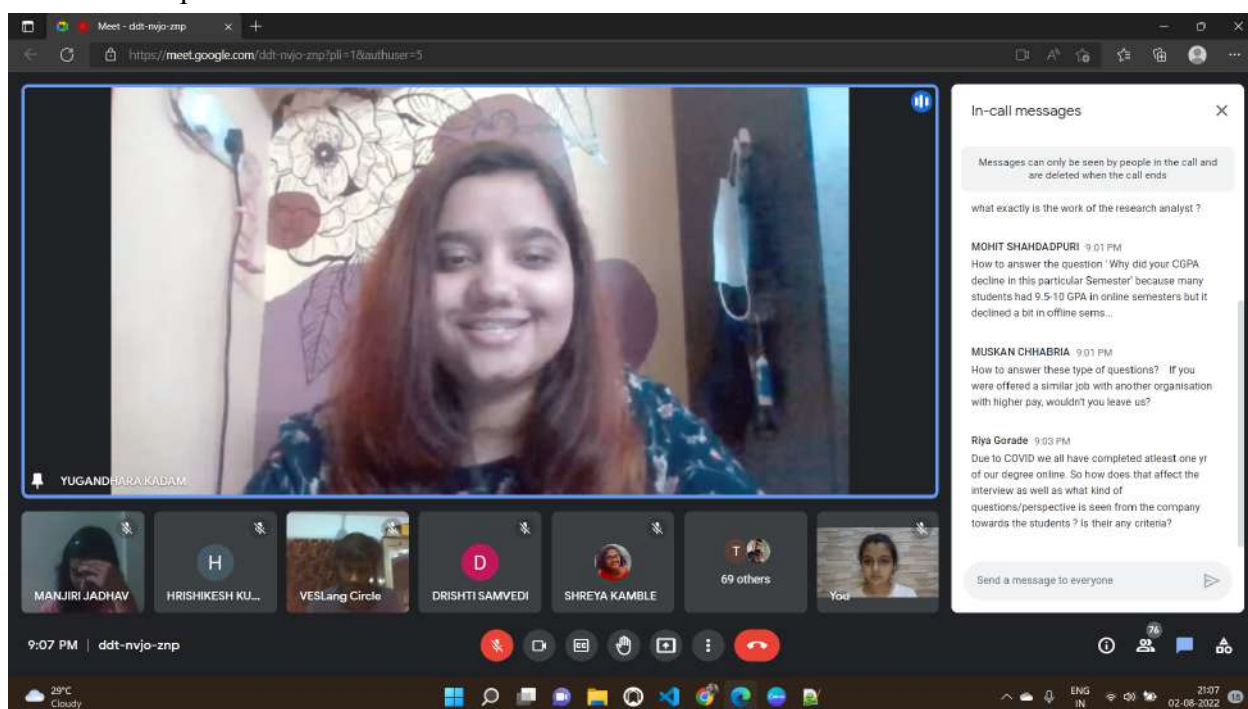

Akshay Rathi highlighting the tips to crack a Technical Interview

Session 4

The fourth session for the Professional Language and Communication Enhancement (PLACE) took place on August 2 and was dedicated to profile building and the personal interview portion of the hiring process. Senior VESLang member Manjiri Jadhav opened this session by introducing the alumna, Yugandhara Kadam. She is a 2022 graduate of VESIT from the department of instrumentation engineering who is now placed at GEP worldwide as a research analyst. She proceeded by giving a briefing on the several facets of profile development and the topics addressed in the personal interview round.

The alumna provided complete information for all areas of the personal interview by describing the range of questions that would be asked, the kinds of responses that would be required, and how to respond to each question in a formal and professional manner. The briefing covered the do's and don'ts of the personal interview after which the second part of the briefing started. The second section of the briefing covered the new skill sets expected of the students as well as how to develop your profile to match industry expectations. After the briefing, the floor was opened for questions from the audience, who received thorough responses from the alumni as the event came to a finish at 9.30 p.m.

Yugandhara Kadam emphasising the significance of HR Interviews

Session 5

The Professional Language and Communication Enhancement program came to an end on the 4th of August, 2022. The last session was about cracking the competitive exams like GRE and IELTS/TOEFL to get into prestigious universities abroad for students who wish to pursue their masters. The alumna with us in this session was Manasi Patankar, who herself has been admitted to the University of Southern California and is flying this year to the United States.

The session was started by a senior member of the VESLang Circle, Drishti Samvedi, who introduced the alumni to the attendees and gave a brief introduction about the session. The session was then followed by an amazing and informative presentation given by Manasi in which she covered all the aspects and things one needs to know before going for masters. She gave us a glimpse of her SOP and guided the students how an ideal SOP should be written. She also covered topics such as the format of GRE and TOEFL/IELTS exam, how to prepare for them, what are the things one needs to take care of after the GRE is cleared, what is the process for applying for visa, getting one's transcripts and other relevant things. After her briefing, the forum was open for doubts and questions which were answered by Manasi and the session was wrapped up at 9.30pm.

“The hallmark of successful people is that there are always stretching themselves to learn new things.”

The quote by Carol S.Dweck spoke volumes this August(1,2,3,4,8,10,17,22,23)when students from VESIT decided to attend a workshop regarding React by Codecell. The offline event that covered a plethora of topics was held from 3 PM to 5 PM for the students to improve their skill set.

The speakers for the event were:

- Pranav Ubharande of D12A
- Japneet Rjput of D12C

The event started off with Pranav Ubharande explaining what is react. He further explained the installation process of react. Students were intrigued by this new and amazing framework which is composable, reusable and one of the most efficient frontend development frameworks. He further explained java script and jsx.

The next few days there was hands on coding and simultaneous interaction with the students. Topics such as Functional and Class Components, Props, States, Conditional rendering, List rendering, List keys(index antipattern), css insertion, Life-cycle Methods were covered.

The second half of this session was taken by Japneet Rajput who explained the concept of hooks in React (useState, useEffect, useContext, useReducer, useCallback, useMemo etc.)

The session was concluded with students who were thorough with the concepts of React and were able to do self learning projects of their own.

Qualitative Feedback about the event:

Amazing Session!!!!

I Learned a lot... Thank You so much !!!☐.

Looking forward to many such sessions.

Very informative session. Enjoyed a lot.

Open Source to Gitway in Collaboration with ISTE-VESIT

Bringing something fundamental and essential to every programmer, CODE CELL along with ISTE- VESIT organised a workshop named "Gitway to Open Source" in collaboration with LA PINOS PIZZA.

Held on 24th and 25th of August 2022, the workshop was divided into three batches in classrooms B31, B32 and lab 308. Each room has two speakers equipped with excellent tech support.

The hosts for the workshops were:

- Atharva Joshi, Jr. Public Relations Officer of ISTE
- Khushi Mahmunkar, Jr. public Relations Officer of ISTE
- Yashodhan Sharma, Jr. Ambassador of CODECELL

The speakers for the event were:

- Madhura Mhatre, Sr. Public Relations Officer of CODECELL
- Khushi Bhatia, Sr. Ambassador of CODECELL
- Attreyee Mukherjee, Jr. Technical Manager of CODECELL
- Sadhak Kumar, Jr. Technical Manager of CODECELL
- Sarvesh Patil, Jr. Technical Officer of ISTE
- Surya Ganiga, Jr. Technical Officer of ISTE

DAY 1

The day kicked off at 15:20 with the learners installing Git in their respective device under the supervision of the speakers. The session formally commenced at 15:30 with opening speeches given by the hosts. The workshops were handed over to the respective speaker of each room to pick up from where the hosts concluded.

Introduction to Git and Gitbash was delivered along with explaining the difference between Git and GitHub. After that students were instructed on how to create a GitHub account as well as a repository. Git init command was taught. Converting local repository to remote repository, cloning a remote repository and basic command like pushing in a local repository was covered by the speakers. Git branching, merging, merge conflict and git diff was covered. Following this, stashing, revert-undo, forking, pulling from upstream, pushing to origin and then creating a pull request was done. The topic of git collaboration started and continued the next day.

With over 120 students satisfied, the workshop concluded at 17:30 having met the day's agenda.

DAY 2

The session commenced by skimming through the topics covered in Day 1.

The students were further introduced to git collaborations. They were further taught on how to collaborate on one project with several coders working on it. Branching, Merging, Queue and Merge conflict was taught. Importance of Open Source contribution was given. Multiple repositories were surfed by the speakers along with exploring Pandas Library, chromium, edge and ethereum. Rebasing along with some commands like pull and request was addressed. Having a tree structure on the command line, Read me, Actions, Remote, Projects and Git ignore was covered at the end. This was followed by a satirical session where students had to upload jokes on the remote repository given by the speaker.

The two day workshop was concluded by Yashraj Desai, a BE Council Member of CODECELL, who briefed students about GSOC and open sourcing. Students left satisfied with the ocean of knowledge they had acquired along with the exciting coupons provided by LA PINOS PIZZA.

Scaling the placement spire.

In Association with

VESIT - IIC (Institute Innovation Council)

&

VESIT - IQAC (Institute Quality Assurance Cell)

SUMMARY:

Scaling the placement spire, an event focused on off-campus placements, was organized by Codecell in keeping with the adage "**Success doesn't come to you; you go to it.**"

Sujitkumar Singh, a VESIT alumnus who is currently employed at Paypal as a software developer, spoke during the event.

The event was held on September 21, 2022, from 9:30 to 12:30 in the Auditorium.

Sujit gave a brief introduction about what to anticipate from the event before

Placements away from campus and how to apply. He mentioned that the trend for off-campus placements has always been upward and is probably going to continue doing so in the future.

The first and most important step in everyone's job search is to create a LinkedIn profile. In addition, Sujit said that in order to stay current with the salaries given, one should check salary websites like Indeed, Levels.fyi, Glassdoor, Instahyre, and Leetcode at least once each week.

Roles in industries like software engineering, data science, security, etc. are presented during interviews.

Five rounds make up the majority of interviews. The first phase is an online evaluation consisting of two to three coding questions, followed by work ethics and aptitude questions. The next rounds are on-site rounds where candidates are examined on their DSA abilities after passing the first round.

Sujit provided the following advice:

- Develop your expertise in programming languages like Java and C++.

- Right at the beginning, get comfortable handling your own mistakes.
- Try engaging the interviewer in a two-way conversation by asking about the inputs, anticipated results, and reasoning as you write pseudocodes.
- Always write your code neatly, look for exceptions, and perform test cases to ensure accuracy. Class names should be broad nouns, method names should have verbs in camel case, and utilizing pronounceable names are all examples of writing clean code. The code must be written in a way that it can be read in English.
- At least three web development projects are required.

Below is the step-by-step guide to start preparing for interviews and the resources for the same:

- 1) Pick up a language and study the basics
 - a) Java - MOOC Java
 - b) C++ - Udemy, Abdul Bari
- 2) Start with data structures and algorithms - GFG self-paced DSA course and youtube channels like Pepcoding, Neetcode, and Abdul Bari.
- 3) Practice solving questions from GFG, HackerRank, HackerEarth, and Leetcode.
- 4) Make projects and try to sell or host them.
- 5) Read blogs, submit solutions, understand and resolve bugs without help.
- 6) Form study groups to solve challenges - Codechef Student Chapter.
- 7) Recommended books
 - a) Beginners - Head First Java, DSA made easy
 - b) Intermediate - Cracking Coding Interview, Elements of Programming Interview

How to build a resume?

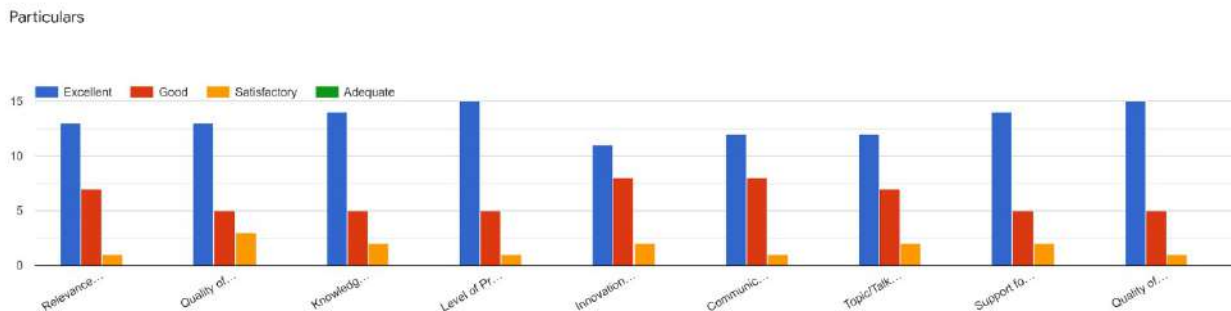

- It should have only one page.
- Add education where you have good scores.
- Add your projects and skills.
- List the internships that were completed by you.

- Add profiles like Github, Stack Overflow, Portfolio site, Youtube, Blog site, etc.
- State your extracurricular activities.

With this, we came to the end of this amazing event. It was an event that was not only informative and interactive but also inspiring in every way possible.

The GSoC Talk

Coming up with the 2nd event of Hacktoberfest, CodeCell organized a workshop named “The GSoC Talk” presented by appwrite, DigitalOcean & docker.

Held on 7th of October 2022, The workshop took place in classroom B31.

The speaker for the event was:

- Shivoham Angal, D17B, GSoC’22 @CDLI

The event started at 15:20 PM with Shivoham talking about what GSoC is and how is it beneficial for all Computer Science students and how can it be helpful in cracking interviews.

He then discussed the GSoC 2022 timeline where he explained about the 3 months and 6 months projects which are given to the programmers. Shivoham also elaborated on why you should participate in GSoc and what all benefits can you get if you get selected in the program. He further explained tht after being selected the person will be allotted with a project as mentioned above with a deadline for about 3 months. He/She will also be allotted with a mentor who will be guiding them throughout the project.

After that Shivoham answered the most common question which is “

He also gave some tips on how you should write your proposal so that you maximize your chances of getting into GSoC. In addition to that he also showed his own proposal to the participants.

The session also had a section where the speaker talked about open source programs other than GSoC for example MLH Fellowship, Outreachy, Linux Kernel Mentorship Program, etc and how even if you don’t get selected into GSoC there are other opportunities too.

The workshop also included an Q&A session where the participants asked questions like “When do we start contributing ?”, “How to add code snippets into your GSoC proposal?”, “What if the

organization that i am contributing to does not get selected by GSoC?” and one of the most common question being “How to find good organizations and projects to contribute to?” and many more.

The workshop was then concluded by Yashraj Desai, a BE Council Member of CODECELL who is also a GSOC '22 Mentor, who briefed students about his personal experience on how he got introduced to open source and how he got selected for GSoC. He also shared his experience on when he was first selected for GSOC and further stated that the mentors allotted can later be beneficial for us as they can provide LOR's and more etc. He also told the time when he got to be someone's mentor and that was one of the greatest experience that he ever had.

Getting Started with Open Source

With Hacktoberfest starting, CodeCell organized the first event named **“Getting Started with Open-Source”**.

Date:3rd October 2022

Venue: Classroom B32

Event Speakers:

- Dhananjay Pai, D12B, CMPN
- Khushi Bhatia, D12C, CMPN

“Learn continually - there is always “one more thing” to learn.”

The quote by Steve jobs spoke volumes this Monday when students from VESIT decided to attend a workshop regarding open source by Codecell. The offline event that covered a plethora of topics was held from 3 PM to 5 PM for the students to improve their skill set.

Khushi Bhatia and Dhananjay Pai were the speakers of the event. Some of the topics which we started off with were :

1. What is open Source?
2. Why do people prefer OpenSource?
3. Getting Started With Github
4. How to contribute towards projects and doing successful pull requests

The event started off with Khushi explaining what is Open Source and what can be the platforms and programming languages which can be considered for open source. She then further explained on why should we prefer open source and how can we contribute towards open source.

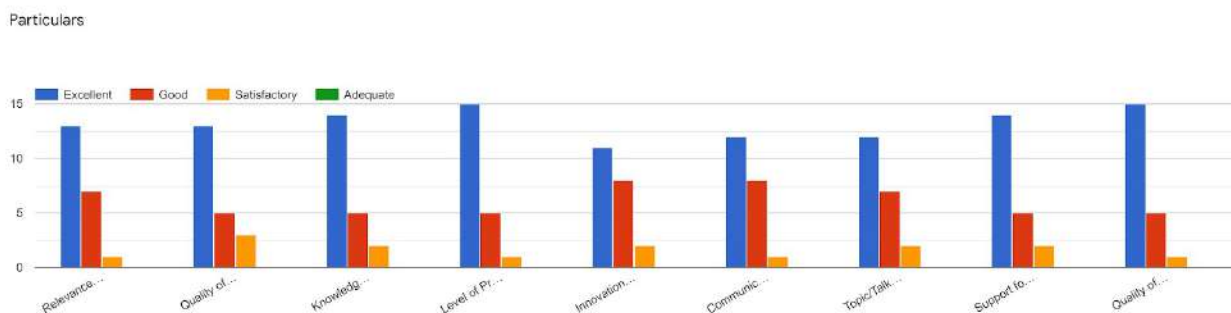

Next, Dhananjay Pai went on to explain what is Git and GitHub and explained how to get a local copy of an existing repository using the git clone command. After making a few changes in the repository, he then staged the file for commit to the local repository using the git add command. He then further explained the git commit command which is used to commit the file that is staged in our local repository and finally showed how to push the changes in the local repository. The speakers also further explained how to

pull requests and with 4 successful pull requests they will be getting goodies and more from HacktoberFest.

The session ended with the CodeCell members helping the participants with one successful pull request and showing them their pull requests and also showing the participants the Codecell repository which had various good first-time issues and encouraging the participants to contribute to other various types of repositories.

With that, the session came to an end and all the attendees left after crossing “one more thing “ out of their checklist.

Feedback:

Qualitative Feedback about the event:

Great session!

Very interesting

No..thank you so much for such a great session

The workshop was delivered perfectly .

Hack your career with Open Source

While almost nearing the end of Hacktoberfest, Codecell came up with their 3rd event on it, a workshop named “**Hack your career with Open Source**”.

Held on 22nd of October 2022, The workshop took place virtually on Google Meet.

The speaker for the event was:

- Unnati Chhabra, a final year student at IGDTUW, a past MLH Fellow, past LFX Mentee @Open Horizon , DevRel Engineer at AssetMantle.

In order to gain insights into the opportunities that students can grab in the tech industry as undergraduates, this event was conducted. It started at 15:30 PM with Saumya Tripathi of class D7B, a member of Codecell introducing Unnati to the audience and asking her about the journey she went through in reaching to the place she currently is. To this, she explained how she knew nothing about coding in her freshman year, how her marks had gone downhill at the same time and how she bounced back from it by starting out with programming. Just like many people, she too didn't like Data Structures and Algorithms and hence she moved more towards Development.

Having contributed to many Open Source projects, she enlightened the students about the importance of participating , asking questions and helping out others in forums dedicated to these projects. She told how GitHub is an important part of one's Resume and how they can extensively use it for their projects. Along with GitHub, social media accounts like that on LinkedIn and Twitter can also help them land jobs which was an additional tip she gave.

While most of the students run behind certifications, Unnati encouraged people to rather focus on building skill sets than going for certificates. This, she said, can be done by joining some mentorship cohorts, communities , attending events, making projects and contributing to Open Source.

On encountering a question about time management, she communicated to the students the importance of multitasking, discipline and following a time table highlighting how she got a job before even graduating by following these methods.

As she was now questioned more over fellowships and placements, the talk was streamlined to those opportunities. She threw light on her work in the field of Machine Learning, how it bagged her a prize in college and how it made her way as a mentee in LFX Mentorship with Open Horizon.

Also being a part of MLH fellowship, she told how she had been applying to the program since quite some time until getting accepted in her fifth trial.

Drawing attention towards placements, she revealed that she had filled almost 500 applications from which 50 of them shortlisted her with 46 among them rejecting and only 4 of them accepting her. With this, she consoled the students to not feel depressed if anything like this happens to them , stop using LinkedIn for some time and not get a “Fear Of Missing Out” which a large part of the youth today deals with.

She highlighted how one should build up their communication skills, ask friendly questions to the interviewer to make a personal connection and answer the questions thrown at them confidently.

Lastly, she briefed the students on Blockchain Technology, something on which she is currently working at her organization. She also talked about the next level security provided by Web3 technologies and how many companies are slowly migrating to it seeing future opportunities .

Concluding the talk, she took up questions from the attendees who bombarded her with doubts taking much of an inspiration from her encouraging session.

Point To be Addressed	Description
Academic Year	2023-24
Quarter	I
Date(s) of the Event	02/02/2023
Duration Of the Event (Number Of hours)	2 hours
Name and details of the Speaker	Vishesh Mittal is a past MITACS GRI '22, CVIT fellow, IIT Roorkee RA, TA at coding Ninjas, SIH 2022 Winner.
Name and details of the Coordinator	CodeCell Tinker's from computer department
About The Program	The session focused primarily on how one can start with machine learning and what resources a beginner should refer to.
Program Type: Workshop/Leadership talk/Motivational Speech/Field visit/Seminar or case study/Exhibition or Demo day/Contest/FDP/Conference/Techfest on Innovation/Celebration Activity(Choose One)	EXPERT IECTURE
Program Theme: IPR/R&D and Innovation/Entrepreneurship/Startup/Design thinking and critical thinking/Incubation and pre Incubation (Choose One)	Innovation
Objective Of The Program	The session's key objective was to introduce participants to machine learning and mentor them through the learning process. Also, the speaker shared his own first-hand experience of learning machine learning, which inspired students to pursue careers in this area.

Outcomes of the event (In terms of learning /Skill / Knowledge obtained)	The speakers' experiences with machine learning and international internships taught the participants a lot. By the session's conclusion, the students were inspired to begin their machine learning journey. The attendees gave the workshop a great deal of excellent feedback.

Detailed Report

In response to the growing need for machine learning and the amount of positions available in the technology sector, CodeCell organized a machine learning session that provided advice on how to begin your adventure with ML.

Date: 2nd February 2023

Venue: Classroom B32

The speaker for the event was:

Vishesh Mittal is a past MITACS GRI '22, CVIT fellow, IIT Roorkee RA, TA at coding Ninjas, SIH 2022 Winner.

“The future belongs to those who learn more skills and combine them in creative ways.”

The quote by Robert Greene spoke volumes this Thursday when students from VESIT decided to attend a workshop regarding Machine Learning by Codecell. The offline event that covered a plethora of topics was held from 3 PM to 5 PM for the students to improve their skill set.

The event started at 15:00 PM with Vishesh Mittal giving an introduction on the topic.

He then explained the difference between an ML engineer and researcher. A machine learning engineer's role involves the implementation of ml algorithms and models within implemented software/hardware solutions. A ML researcher's role is concerned with the advancement of a specific subject domain within machine learning.

There are tons of blogs,books,guides and courses out there but navigating around them and choosing the best resource may be a challenge.To help the students in this the speaker prepared a list of various paid and unpaid courses.Some of the paid courses includes Andrew Ng deep learning specialization,Scaler ML course.He also mentioned some unpaid,awesome courses like Corey Schafer(Everything you need in Python),Code Basics(Basic ML).The speaker also emphasized on the importance of projects and also suggested the students to build as many projects as possible.

The speaker then shared his personal experience.He also spoke about his internship experience at MITACS and the stipend he received from the internship which inspired a lot of students.

Concluding the session, he took up questions from the attendees who bombarded him with questions like “How to start Machine Learning from scratch?”, “If artificial intelligence with creativity exists, where does it come from?”, ”What are the prerequisites for machine learning?”, ”How to get an internship outside india?”, ”Are paid courses for ML better than the unpaid ones?” and many more.

Detailed Report

‘It’s all talk until the code runs.’

Syrus Hackathon 2023 powered by Devfolio and associate sponsors Github, Polygon, Solana, Otohom, Lanware Solution, Microsoft Learn Student Ambassador, Filecoin, Replit, and Wolfram was organized by Codecell Tinkerer’s from Computer Engineering Department, VESIT. Syrus is focused on promoting innovation, diversity, and networking among all future engineers. The Hackathon was conducted for 2 days from 10th March 2023 to 11th March 2023 and was attended by 165 students. The Hackathon was a 24-hour intense session.

Day 1: 10th March 2023

The students reported at 9:00 am for registration. The inaugural function started at 9:15 a.m. by Prof. Prashant Kanade, Codecell Incharge along with Codecell Co-ordinator, Prof. Richard Joseph in the Library. The work on the hackathon Presentation and ideation started around 9:30 am.

The session on the topic of “Introduction to Github ” was presented by Ms. Attreyee Mukherjee, Junior Web Team Member of the Codecell Committee at 9:30 a.m. The session was well attended by the leaders of each participating team. It went on till 10:30 a.m. Teams who were selected based on their abstract submission were present for the morning ideation round. The final PPT submission at 12:00 marked the end of Coding Session 1.

A snack break was provided around 12.30 pm to all the participants.

Meanwhile, the first evaluation began at 12:15 based on the ppt submitted by the groups and 45 teams were selected from the two tracks web 2.0 & web 3.0. This evaluation was done on the basis of the creativity and thoughts that each had put into designing their model.

Coding Session 2 began at 1:30 for the qualified 45 teams. The participants were given a lunch break along with food coupons from 2:30 - 3:30.

The 1st evaluation began at 4 p.m. and the judges suggested possible features to add to their projects. The participants were given valuable suggestions and feedback. Along with the suggestions, the panel of judges also added twists in order to test the participant’s presence of mind.

Each team was given a separate GitHub repository where they had to add their codes.

Day 1 hackathon ended at 5:30 pm and the participants were instructed to upload the code to their assigned GitHub Repositories.

The students were permitted to code at their homes after day 1.

Day 2: 11th March 2023

The students reported at 8:30 a.m. for the final phase, i.e., Coding Session 3 of the hackathon.

They began to implement the suggestions and twists given to them during their 1st evaluation.

The final codes were pushed on their respective GitHub repositories at 12:15 p.m. The final evaluation round began at 12:30 p.m. where the students were asked questions about their projects.

Each panel of judges consisted of 2 faculty members along with 2 codecell members. The judges for the final evaluation round were:

WEB 2.0:

Panel 1: Manisha Ma'am and Prerna Solanki Ma'am

Panel 2: Veena Trivedi Ma'am and Abha Tiwari Ma'am

Panel 3: Mannat Doultani Ma'am and Sujith Kumar (VESIT Alumni)

Panel 4: Yugchaya Dhote Ma'am and Sunita Sahu Ma'am

WEB 3.0:

Panel 1: Richard Joseph Sir and Priya R.L. Ma'am.

Panel 2: Dr. Nupur Giri Ma'am and Manas Mangaonkar (VESIT Alumni)

After the evaluation, the participants were told to record a video presentation for their projects and upload it on Dev Folio.

The final winners were chosen on the basis of their overall performance. The winners were declared on 20th march on Technological Day.

The prizes for the Web 3.0 domain are yet to be declared.

Web 2.0 Winners along with prize money:

1. First Place (₹7500): CFrost
2. Second Place (₹5000): CTRL+ALT+ELITE
3. Third Place (₹3500): TLE

Spot Winners for Web 2.0:

- Django Dynamos
- ZeroTwo
- HashCoders

The participants would be getting goodies and swags from DevFolio.

Problem Statements

In alignment with the [United Nations' 17 Sustainable Development Goals](#)

Web 2.0

2PS-1

Build a job portal with a dashboard catering to the needs of migrant workers. The platform should be user-friendly and provide opportunities based on vocational skills, location, and language preferences and address any instances of discrimination faced by applicants. Further, it must provide employers with features to post job openings and track applications.

Goals Met : 8[Decent Work and Economic Growth], 10[Reduced Inequalities]

2PS-2

Build a platform that helps small businesses transition to sustainable production methods and provides resources for eco-friendly packaging and shipping. The application must allow organizations to track their carbon footprint and offer personalized suggestions for reducing their environmental impact.

Goals Met : 12[Responsible Consumption and Production]

2PS-3

Address the disparities in education and skills development by building an Edtech platform for primary schools. It should help the staff to teach differently-abled children the basics of Science and Mathematics through interactive tutoring. The tool must be able to provide children with the study material in regional languages as well.

Goals Met : 4[Quality Education], 10[Reduced Inequalities]

2PS-4

Develop a platform that would help people with route maps to find means of public transport (approved vehicles) near them and optimize suggestions as per their travel history. It should help users reach their goal destination and meanwhile provide information for essential service centers such as restaurants, fuel pumps, pharmacies, etc around them.

Goals Met : 11[Sustainable Cities and Communities], 9[Industry, Innovation and Infrastructure]

2PS-5

Build a tool that can prevent cyber attacks and incidents of sexual harassment online by filtering the activities of suspect profiles. Further, the system must help people file complaints regarding any cases of harassment and the reported cases must be recorded and the progress of the post-action inquiry must be duly tracked.

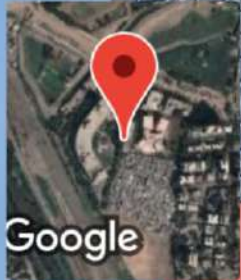

Goals Met : 5[Gender Equality]

Point To be Addressed	Description
Academic Year	2022-23
Quarter	II
Date(s) of the Event	20/03/2023
Duration Of the Event (Number Of hours)	2 Hours
Name and details of the Speaker	Attreyee Mukherjee, Microsoft Student Ambassador, D7B, CMPN
Name and details of the Coordinator	Prof. Mr. Richard Joseph, Codecell Student Team
About The Program	Hands-on- workshop on “Hosting Static Web Pages on Microsoft Azure Storage”
Program Type: Workshop	Workshop
Program Theme: IPR/R&D and Innovation/Entrepreneurship/Startup/Design thinking and critical thinking/Incubation and pre Incubation (Choose One)	IPR/R&D and Innovation
Objective Of The Program	To help students understand about website hosting and host static websites using Microsoft Azure.

<p>Outcomes of the event (In terms of learning /Skill / Knowledge obtained)</p>	<p>Participants will gain knowledge regarding website hosting and different types of methods available for the same. Participants will be given Microsoft Azure Credits which they can use to host their own websites on Azure.</p>
<p>Total participation</p>	<p>Number of Student Participants= 110</p>

Detailed Report

“Live as if you were to die tomorrow. Learn as if you were to live forever”

The quote by Mahatma Gandhi spoke volumes this March when students from VESIT decided to attend a workshop regarding Web Hosting by Codecell. The offline event that covered a plethora of topics was held from 12:30 PM to 2 PM for the students to improve their skill set.

The event started off with Attreyee Mukherjee explaining what website hosting is and how it works. She further went on to explain about cloud computing which is the on demand delivery of IT resources over the Internet with pay-as-you-go pricing. Instead of buying, owning, and maintaining physical data centers and servers, we can access technology services, such as computing power, storage, and databases, on an as-needed basis from a cloud provider. She also explained in detail different cloud services like SaaS, PaaS, Faas, Iaas.

The next topic covered was regarding serverless architecture. The significance of VMs which virtualize the entire machine and Containers which only virtualize software layers above the operating system level was explained

Now coming to the main agenda of the workshop,i.e, Microsoft Azure. The speaker described in depth about Azure functions that are a combination of event-trigger and code. She also explained the functioning and importance of Azure storage. She then went on to emphasize on the importance of finding a good hosting platform.

This was followed by a demo session on how to make an Azure account and explained the process of hosting static websites through Microsoft Azure and also mentioned the various perks of doing the same.

Apart from this, the speaker also mentioned that Microsoft Azure credits would be given to the attendees which would help them host their own websites.

With that, the session came to an end and all the attendees left after crossing “one more things “ out of their checklist.

VESIT - Internal Quality Assurance Cell (IQAC)**

Points to Address	Description
Academic Year	2022-23
Quarter	IV
Type of Event	Self-driven
Date(s) of the Event	28th, 29th & 30th July, 2022
Duration Of the Event	3:00 PM - 5:00 PM - 28th & 29th July 10:00 AM onwards - 30th July
Venue	Offline - B42, Department of EXTC, VES Institute of Technology, HAMC, Collector's Colony, Chembur, Mumbai - 400074
Name and details of the Speaker	<ol style="list-style-type: none"> 1) Atharv Petkar Sr. Technical Member Tinkerer's Lab, EXTC-VESIT 2) Alrich Xavier Dsouza Sr. Technical Member Tinkerer's Lab, EXTC-VESIT 3) Shantanu Deshmukh Sr. Technical Member Tinkerer's Lab, EXTC-VESIT 4) Atharva Nayak Sr. Technical Member Tinkerer's Lab, EXTC-VESIT 5) Aditi Bombe

	Sr. Technical Member Tinkerer's Lab, EXTC-VESIT
Name and details of the Convener	Dr. Chandansingh Rawat Head of Department, EXTC
Name and details of the Coordinator	Mr. Mrugendra M Vasmatkar Assistant Prof. EXTC, VESIT
Target audience	Students (SE/TE/BE) Mainly for SE
About The Program	Arduino is an electronics prototyping system designed to simplify microcontroller projects. To address this, University of Mumbai added a Mini Project using Arduino in EXTC engineering. This workshop will help to gain the skills in Arduino interfacing and its programming. This workshop is useful and open for all students of engineering.
Objective Of The Program	<ol style="list-style-type: none"> 1. Learn and understand basic tools of Arduino Board , 2. Train Students for Arduino programming, 3. Learn use of Simulation softwares using tools like TinkerCAD, 4. Interface and implement sensors with Arduino Board.

Report and photographs (with captions)	<u>Please see report below</u>
Outcomes of the event	<p>After successfully completing the workshop participants can:-</p> <ol style="list-style-type: none"> 1. Software simulation using TinkerCAD tool. 2. Implement programs on Arduino boards, 3. Interface different sensors with Arduino boards, 4. Helpful in building mini project 1B.
Total participation :-	Number of Student Participants - 87
No of external participants(if any)	NA
Expenditure Amount (if any)	FEES - Rs 20/- (per person)
Star performer of the activity from faculties	Mr. Mrugendra M Vasmatkar
Star performer of the activity from students	Riya Gorade, Pratik Patkar, Aayushi Rajeshirke, Atharva Kale, Kaustubh Pawar.

Report on

Prototyping with Arduino

Tinkerer's Lab, EXTC Department in Association with VESIT - Institution's Innovation Council (IIC) and VESIT - Internal Quality Assurance Cell (IQAC) organized a workshop on "**Prototyping with Arduino**" starting from 28/07/2022 to 30/07/2023 (28th to 30th January, 2023) at 3:00 PM to 5:00 PM - on 28th and 29th July, and from 10:00 AM onwards on 30th of July. The eminent speakers of this training program were the Senior Technical Members of Tinkerer's Lab, EXTC-VESIT - Atharv Petkar, Alrich Xavier Dsouza, Shantanu Deshmukh, Atharva Nayak and Aditi Bombe.

The goal of this session was to introduce attendees to the Arduino board, as well as its programming and interfacing capabilities. The session was meant to educate participants with a fundamental understanding of the Arduino Board, as well as the application of that knowledge in their Mini-project 1B. The workshop also guaranteed that participants were trained in Arduino IDE programming, software simulation and testing using tools such as TinkerCAD, and Arduino interfacing with sensors such as ultrasonic, IR and LDR.

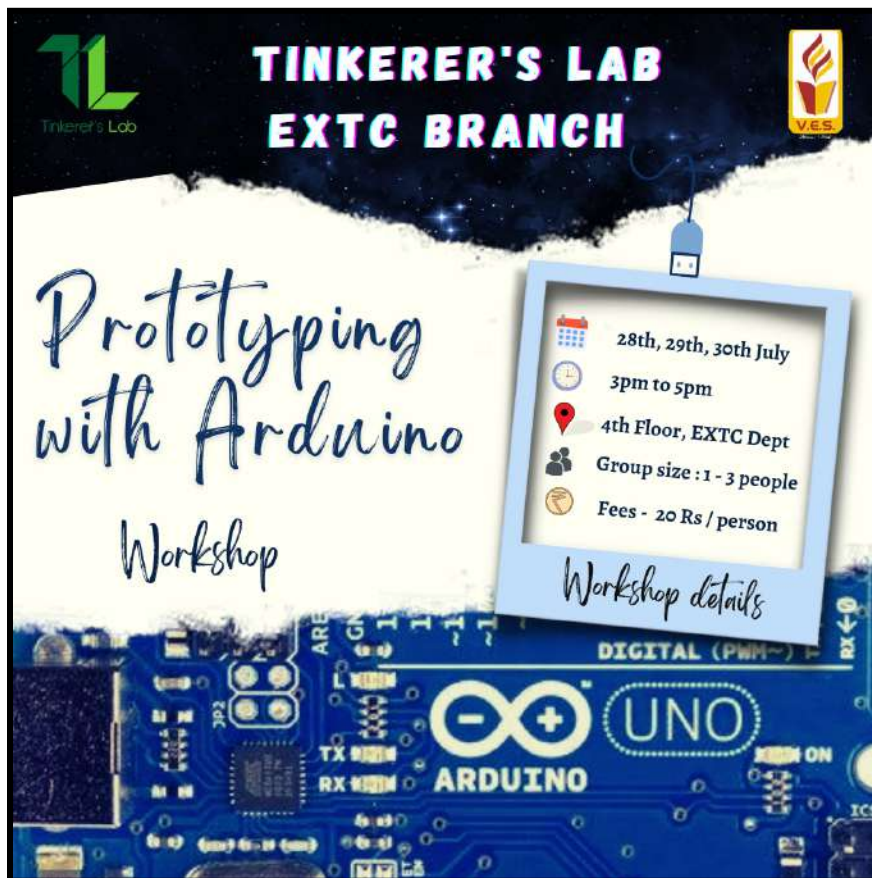

With over 87 participants, a design thinking training program was hosted by Student Coordinator Riya Gorade, Senior Organising Member at Tinkerer's Lab EXTC-VESIT and Faculty Coordinator of EXTC department Mr. Mrugendra M Vasmatkar, Assistant Prof. EXTC, VESIT. The 3-day training program focused on enhancing the knowledge of participants on Arduino and its basics. The overview of the training program is as follows:-

- DAY 1 - Basics of Digital and Analog Electronics, Basics of Arduino and Coding on Arduino IDE.
- DAY 2 - Introduction to Simulation Softwares like TinkerCAD.
- DAY 3 - Interfacing of Arduino with ultrasonic, IR, LDR sensor, Microcontroller Vs Microprocessor.

The Workshop started with the inauguration ceremony by the EXTC faculty including - Dr. Chandansingh Rawat, HOD EXTC-VESIT, Mrs. Manisha Chattopadhyay, Dy. HOD EXTC-VESIT, Dr. Nadir Charniya, Vice-President of VESIT-IIC, and Mr. Mrugendra Vasmatkar, Faculty Advisor, Tinkerer's Lab-EXTC. The workshop was started by our Senior Technical Members who provided the participants with basic knowledge of what a microcontroller is, what an Arduino is & its application. Then we wrapped up day one, by

giving an overview of coding using Arduino IDE. The 2nd day started by introducing the participants to simulation using TinkerCAD, for better understanding of the software part. The implementation of the program using tools like Arduino IDE and Interfacing of sensors like ultrasonic, IR & LDR were completed on day 3.

The valuable feedback received about the 3 day Arduino Workshop was - ***“The information gained through this workshop motivated and helped participants to be creative during their mini projects.”*** Eighty-seven participants from different years & departments of VESIT attended the Arduino workshop. This workshop developed a mindset about exploring Arduino - it’s design, prototyping and programming among attendees. This workshop was successfully coordinated by the Faculty & Students of EXTC dept. and Organized by Tinkerer’s Lab EXTC dept.

Detailed Report

Workshop on How to write a Technical Paper 4/03/2023

Department of Electronics and Telecommunication Engineering of Vivekanand Education Society's Institute of Technology organized a workshop on How to write a Technical paper for the students of Electronics & Telecommunication in association with IIC & IQAC.

Dr. Machhindranath Devidas Patil, Associate Professor, Dept. of Automation & Robotics, VESIT, Head, VESIT Research Forum, the resource person for the day shared his insights on Technical paper writing.

1) The parts of a technical paper are: title page, abstract, introduction, method, results, discussion, references.

2) Conducting Research: Where to start? Give suggestions for formulating a research question
-Read, Observe, Relax, Feel good about your topic.

3) Explain that before finalizing a research topic, conducting a literature search first has many advantages

- Answer may already be known
- Your own research is improved
- Connects you with others in scientific community
- Shows the history of topics
- Potential for replicating previous work
- Reap benefits accumulating knowledge

4) Explain that conducting and writing research is not a linear process and give tips on how to approach this process.

- Write Method Section First
- Go back and write the introduction section
- Start Experiment
- Analyze data and write result section.
- Write discussion section and revise introduction.
- Make sure entire paper tells a story.

5) Review each major section of the research paper (Introduction, Method, Results, Discussion).

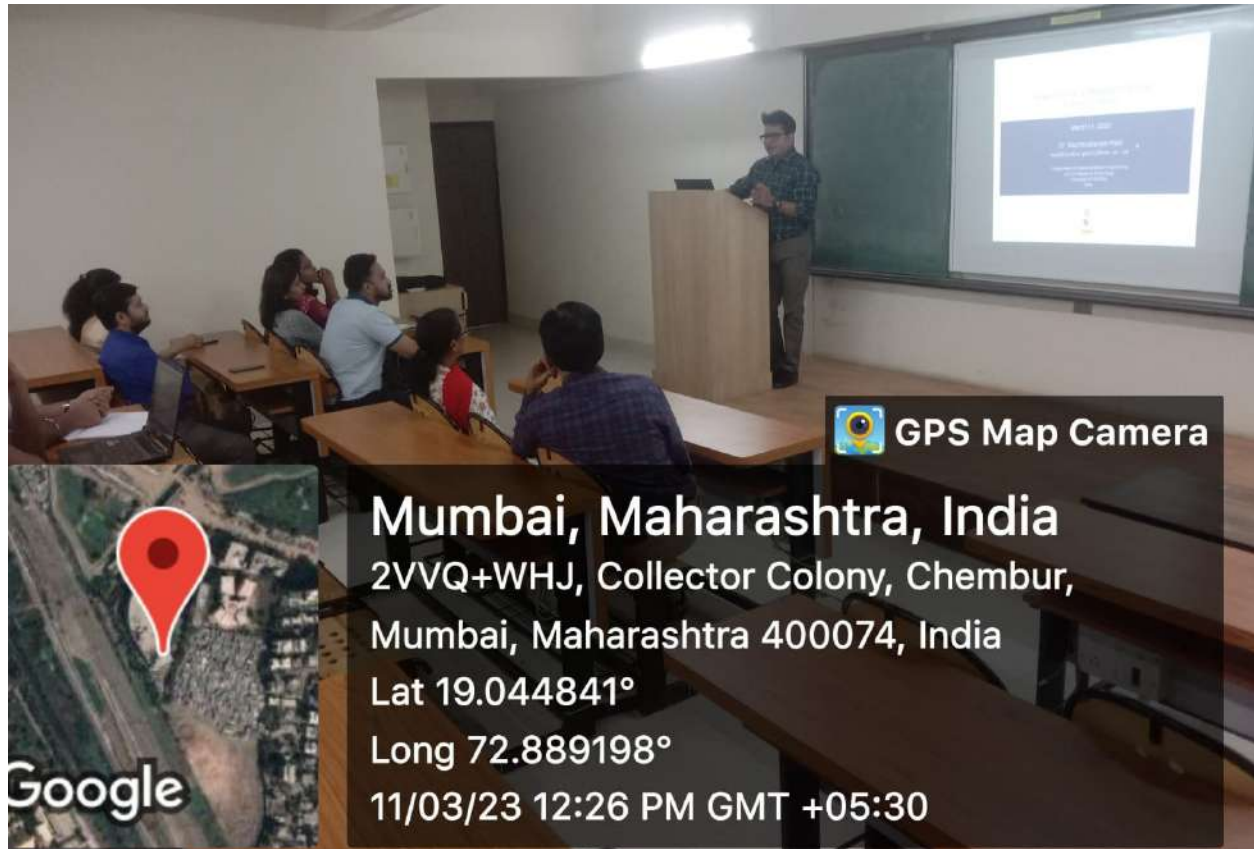

6) Some take home writing suggestions

- Practice good time management
- Find a peaceful environment to write
- save what you write
- Drafts & revisions Check & Edit
- Try to enjoy the process

The sessions ended with the felicitation of the resource person by IIC head Dr. Nadir Charniya

About The Program	<p>“Hands – on Cyber Security Essentials” is an online certification course conducted by department of Electronics & Telecommunication Engineering.</p> <p>Certification course designed to develop knowledge of cyber security analyst tools including data protection and systems & network fundamentals. This course also provided hands-on experience to develop skills via industry specific and open source Security tools.</p>
Program Type: Workshop/Leadership talk/Motivational Speech/Field visit/Seminar or case study/Exhibition or Demo day/Contest/FDP/Conference/Techfest on Innovation (Choose One)	Certification Course
Program Theme: IPR/R&D and Innovation/Entrepreneurship/Startup/Design thinking and critical thinking/Incubation and pre Incubation	Design thinking and critical thinking
Objective Of The Program	The Cyber Security online certification course will equip participants with the skills needed to become an expert in this rapidly growing domain. They will learn comprehensive approaches to

	protecting infrastructure, including securing data and tools like Metasploit, Wireshark, Burpsuite, Kali Linux and MITM attack using ARP spoofing.
Outcomes of the event (In terms of learning /Skill / Knowledge obtained)	<ol style="list-style-type: none"> 1. Better insights of Cyber Security domain. 2. Knowledge on concepts of Cyber Security with real life examples which boost academic knowledge and learning. 3. Able to use tools like Metasploit, Wireshark, Burpsuite, Kali Linux and MITM attack using Arp spoofing. 4. Better placement opportunities for the students.

Detailed Report

Online certification course on “Hands-on Cyber Security Essentials”

Department of Electronics and Telecommunication Engineering of Vivekanand Education Society's Institute of Technology, in association with Institutions Innovation Council (IIC), Institution's Quality Assurance Cell (IQAC) and TeleNetworks Technologies Pvt. Ltd. organized a 7 days certification course on “Hands on Cyber Security Essentials”

Dr. (Mrs.) Ranjan Bala Jain, Prof. EXTC was co-ordinator and Mrs. Anuradha Jadiya, Asst. Prof. was the co-ordinator for this certification course.

Certification course was conducted in online mode from 20th February 2023 to 26th February 2023 from 05:00 PM onwards.

A total of 40 participants registered and completed the course.

The aim of certification course was to-

- Better insights of Cyber Security domain.
- Knowledge on concepts of Cyber Security with real life examples which boost academic knowledge and learning.
- Tools like Metasploit, Wireshark, Burpsuite, Kali Linux and MITM attack using Arp spoofing.
- Better placement opportunities for the students completing this course.

Mr. Yogesh Hudale, Director, TeleNetworks Technologies Pvt. Ltd and Ms. Prachi Mule, Cyber Security Manager, TeleNetworks Technologies Pvt. Ltd were the recourse persons for the session. Hands - on Cyber Security essential course for beginners is designed to give participants a foundational look at today's cyber security landscape and to provide the knowledge to use tools to evaluate and manage security protocols in information.

The sessions used to start at 05:00 PM and are of around 2 hours every day. Attendance is monitored each day.

Participants who have completed the course received their certificates during valedictory function conducted on 17th April 2023 during

Mr. Mrugendra M. Vasmatkar

Assistant Prof. EXTC, VESIT

Report on

STTP on Trends in FPGA - Design and Prototyping using VERILOG

Tinkerer's Lab, EXTC Department in Association with CoreEL Technologies (I) PVT LTD, Bangalore, VESIT - Institution's Innovation Council (IIC), VESIT - Internal Quality Assurance Cell (IQAC) and VESIT - International Society of Automation (ISA) organized a Short Term Training Program (STTP) on "**Trends in FPGA - Design & Prototyping using VERILOG**" starting from 02/07/2023 to 07/01/2023 (2nd to 7th January, 2023) at 10:00 AM to 4:00 PM - Daily for a week. The eminent speaker of this training program were Mr. Prakash Ganesh, Lead Application Engineer at CoreEL Technologies, Pune; Mr. Sharan A, Application Engineer at CoreEL Technologies, Bengaluru; Mr. Mrugendra M. Vasmatkar, Assistant Prof. & Faculty Advisor Tinkerer's Lab, EXTC-VESIT; Mr. Gopalakrishnan N, Assistant Prof. & Faculty Advisor ISA-VESIT and Mr. Sagar Mhatre, Assistant Professor, KJSIEIT.

The objective of this Short Term Training Program was to expose participants to FPGA i.e. Field Programmable Gate Arrays, its Design and Prototyping. The STTP was designed to provide participants with basic knowledge of VLSI design flow using Xilinx Tool, application of that knowledge further in Mini- projects and to also introduce new trends in FPGA. The program also ensured to train participants in Verilog programming, its design implementation and testing on FPGA, interfacing of peripheral devices and to also learn implementation of Machine learning algorithms using Xilinx Tools like VITIS and HLS.

With over 50 participants, a design thinking training program was hosted by Student Coordinator Riya Gorade, Senior Organizing Member at Tinkerer's Lab EXTC-VESIT and Faculty Coordinator of EXTC department Dr. Nandini Ammangi, Assistant Prof. EXTC, VESIT and Mr. Mrugendra M. Vasmatkar, Assistant Prof. EXTC, VESIT. A week-long training program that solely focused on enhancing the knowledge of participants on FPGA and its basics. The overview of the training program is as follows:-

- DAY 1 - Overview of Verilog Programming, Data types, VERILOG Structural Programming and Interfacing of LED on FPGA Board.
- DAY 2 - VERILOG Behavioural Modelling Technique, Interfacing of Seven Segment Display, Multiplier, Latch counter.
- DAY 3 - VERILOG Programming of FSM, Controller, 8x8 Wallace Multiplier and Demo of Open Source tools - F4PGA tool set with hardware.
- DAY 4 - Wallace Tree Implementation and FPGA Implementation of algorithm using VIVADO-HLS.
- DAY 5 - System Design Flow using Xilinx Vivado - Overview of ZYNQ hardware & AXI interconnect and Embedded system design flow using VITIS.
- DAY 6 - Introduction to PYNQ - Project, Framework, Board and Design and Implementation.

A brief introduction of the speaker was given to all the participants. The training program was initiated by Mr. Mrugendra Vasmatkar, who stated that - ***“The very first thing is not to code directly without understanding the logic behind it.”*** On the first day the Overview of VERILOG Programming, its basics, dataflow and modelling concepts were discussed . Then, on the 2nd day participants were simultaneously asked to code for better understanding of the VERILOG programming and then implementation of the program using tools like Xilinx was done. Interfacing with FPGA boards was also introduced for hands-on experience. On Day 3 - Mr. Gopalakrishnan introduced the crowd with various Open Source tools like F4PGA tool set with hardware. Day 4 - was full of new implementations like Wallace Tree by Mr. Mrugendra Vasmatkar and various FPGA algorithms using VIVADO-HLS by Mr. Sagar Mhatre. During Day 5 & 6 the program was taken over by industry professionals from CoreEL Technologies (I) PVT LTD, Bangalore - Mr. Prakash Ganesh, Lead Application Engineer & Mr. Sharan A, Application Engineer who covered System Design Flow using Xilinx Vivado, Overview of ZYNQ hardware, AXI interconnect and Embedded system design flow using VITIS. Also Introduction to PYNQ - Project, Framework, Board, Design and Implementation was explained.

With all this influx of information and resources, to make this technical program a fun one the organizing team of Tinkerer’s Lab EXTC made sure to quiz the participants after daily sessions, and these quiz sessions came with prizes. This fun element also gave a boost of motivation to the participants to be more engaged in the training sessions.

“The knowledge provided through this training program motivated us, participants to learn & explore more about the FPGA world.” - this was the valuable feedback received about the 6 day STTP. Thirty-three students and 6 faculties from VESIT & different college departments attended the STTP. This STTP developed a mindset about exploring FPGA - design, prototyping and VERILOG programming among attendees. This program is successfully coordinated by the Faculty & Students of EXTC dept. and Organized by Tinkerer’s Lab EXTC dept.
