Senior Junior Interaction (Session 4):

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

Mini Project: A Stepping Stone to Success (Bright Career):

The screenshot displays a Google Meet interface during a presentation. The main content is a slide titled "Mini Projects: Objectives" with the following list:

1. To acquaint with the process of identifying the needs and converting it into the problem.
2. To familiarize the process of solving the problem in a group.
3. To acquaint with the process of applying basic engineering fundamentals to attempt solutions to the problems.
4. To inculcate the process of self-learning and research.

The slide is presented by A Nagananda. The meeting interface shows a grid of participants including Shubham Gupta, Denzil Puvath..., Neeraj Chawla, Roszni Wadh..., Sakshi Shinde, Aditya Nehete, Komal Chhut..., Vedansh Udha..., and 118 others. The meeting title is "CMPN Placement Activity for SE: Mini Project" and the time is 8:52 AM on 27-09-2021.

Mini Project: A Stepping Stone to Success (Bright Career):

The screenshot shows a Google Meet session. The main content is a slide titled "Making of a Professional / Expert". The slide features a flowchart with three boxes: "Data", "Information", and "Knowledge", connected by arrows from left to right. Below the "Data" box is the word "Organised". Below the "Information" box is the phrase "Process of extracting intelligence". Below the "Knowledge" box is the word "intelligence". The slide also includes the V.E.S. logo in the top left corner and a small image of a person in the top right corner. The Google Meet interface shows a grid of participants on the right, including "A Nagananda", "VES Institute of ...", "NEERAJ CHAWLA", "ROSHNI WADH...", "ADITYA NEHETE", "KOMAL CHHUT...", "VEDANSH UDHA...", "OM MADAT", "DENZIL PUVATH...", "SHUBHAM GUPTA", "99 others", and "You". The bottom of the screen shows a Windows taskbar with the time "08:41" and date "27-09-2021".

Alteryx – Programming Capabilities

CUSTOM TOOL OPTIONS		CODING TOOL OPTIONS	
GUI	ENGINE	R	PYTHON

Custom Tools Integration

- While Alteryx provides wide range of functionality with available toolset, some actions could be better served by creating a custom tool
- A GUI component can be created using HTML5 plugin developed using HTML GUI SDK
- Alteryx allows us to create a customer plugin using C++ SDK, using which one can access the core Alteryx Framework
- Alteryx Python SDK is a python extension module that enables users to develop custom plugins in Alteryx using Python. We can use python SDK to access core elements of Alteryx Engine framework
- Alteryx supports development using Macro through HTML GUI SDK for user interface and Alteryx designer macro for engine components

Programming Languages

- Two programming tools included in Alteryx designer tools that allow us to develop and integrate custom code along with Alteryx are Python and R
 - Python – Alteryx allows integration of python code with external python libraries
 - R – Alteryx allows integration with R code and include external packages

VESLit Circle Report (2021-2022)

Introduction

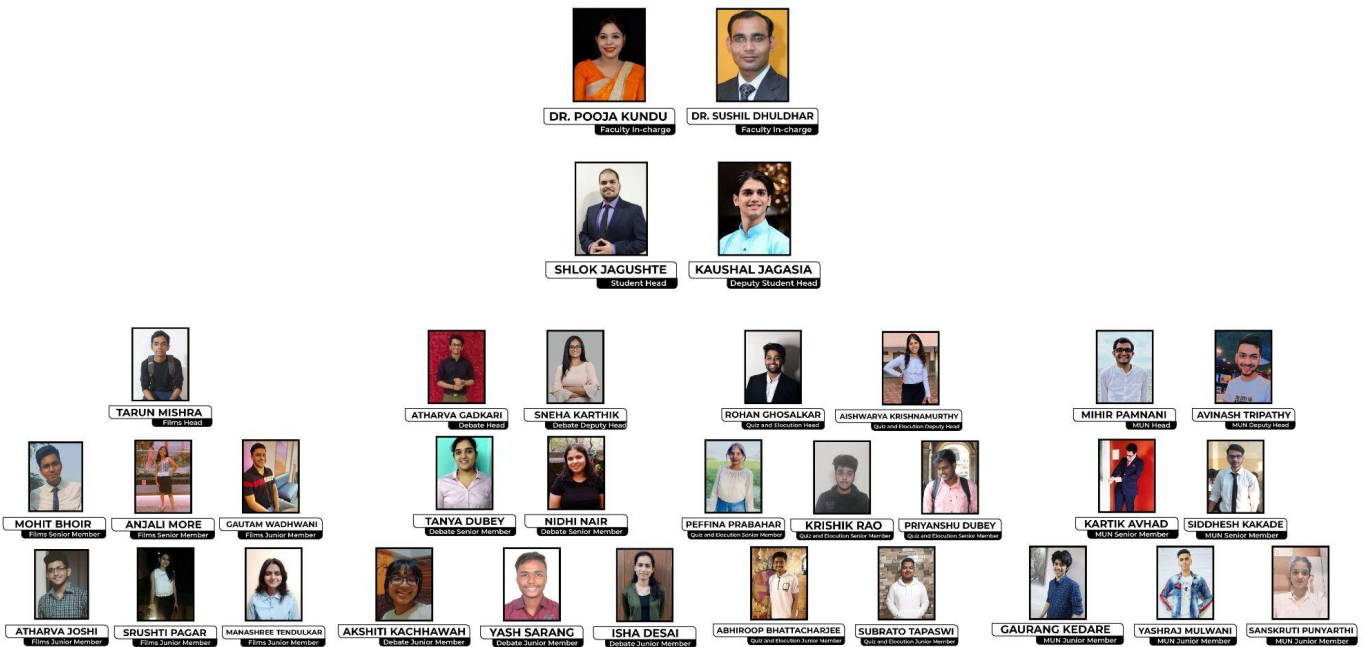

VESLit Circle aims at benefitting and improving the students in the disciplines of both speaking and writing by conducting fun-filled events that are both instructional and enjoyable. The Circle carefully devises its events in a way that they not only polish logical thinking but also inculcate excellent communication skills among students. The Circle has played a pivotal role in the building of creative, imaginative and thoughtful students. Over the years, the students have been greatly benefitted by their performance and participation in the events. They have also acquired some highly valued skills which are absolutely essential to thrive and grow in the professional world like effective communication, leadership skills and interpersonal communication skills.

This year also all the events of VESLit were held online due to the ongoing pandemic. Multiple online meets and late night calls replaced post-lecture classroom meets as the medium of discussion and planning.

The complete detail and report of the activities and events held by the VESLit Circle, in the A.Y 2021-2022, is given below:

National Science Day Debate

Date: 27th-28th February 2021

Platform: Zoom Meeting

National Science Day is celebrated every year on 28 February 2021. This day recalls the notable discovery "Raman Effect" by India's greatest scientist C. V. Raman, who was awarded the Nobel Prize for this discovery. To celebrate this day, the VESLit Circle in association with VESIT IIC organized a debate competition. This competition was exclusively held for first-year students and each class had to send a team of two students. The eliminations were held on 27 February 2021, with the topic being 'Is AI a boon or bane?' The following four teams made it to the final event which was held on 28 February 2021 on Zoom:

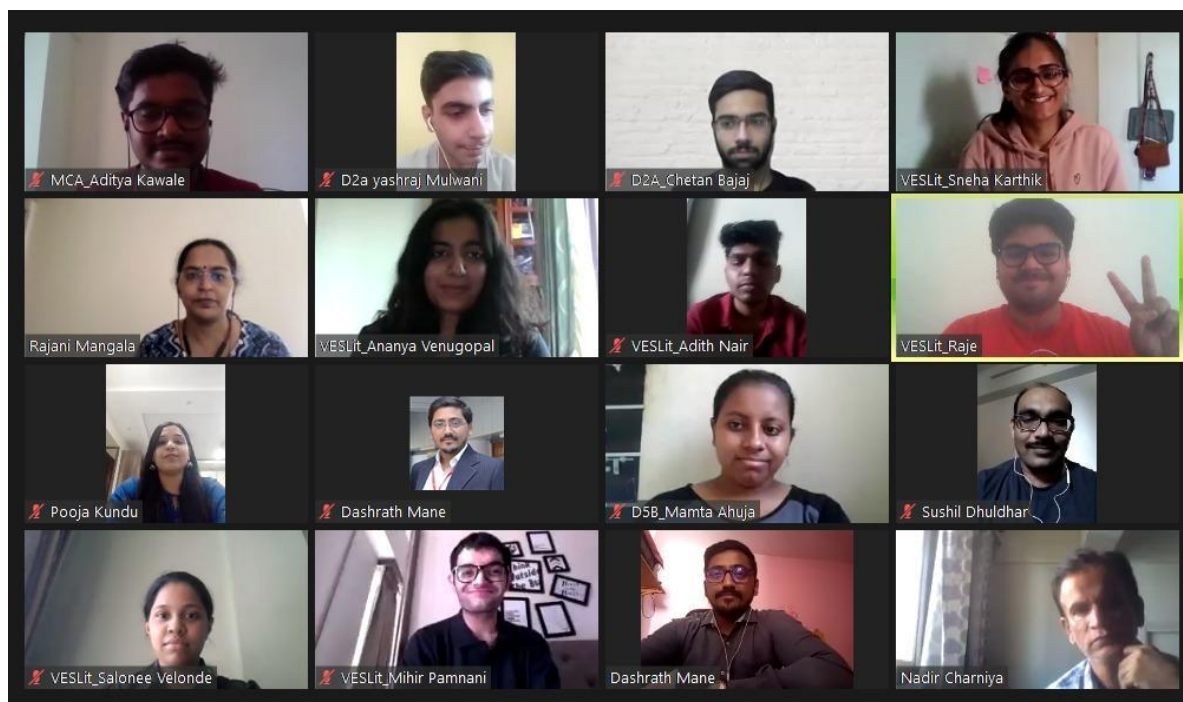

- Yash Chavan and Vandesh Swant (D4A)
- Kishor Sharma and Aditya Kawale (MCA-B)
- Mamta Ahuja and Nitish Jaiswal (D5B)
- Chetaniya Bajaj and Yashraj Mulwani (D2A)

Proceedings of the semi-final debate.

The topics for the semi-finals as well as the finals were provided one day prior to the event. The judges for the debate were Mr. Dashrath Mane, Assistant Professor, Department of MCA and Dr. T. Rajani Mangala, Associate Professor, Department of Electronics. The topic for the semi-finals was 'Should animal testing be banned?' The first semi-final took place between team D2A as the proposition and team D4A as the opposition. In the second semi-final debate, team D5B was up

against team MCA-B. Team MCA-B defended the motion whereas team D5B opposed it. Both the debates had an introduction time of two minutes for each team, followed by a rebuttal of five minutes and a concluding statement of two minutes each. All the four teams put forth concrete arguments backed by facts and figures supporting their stance, with team D2A and team MCA-B making it to the grand finale. The debates were moderated by CV Ananya (D19A) and Salonee Velonde (D12B). The topic for the final debate was ‘The house believes that exploration of outer space is a waste of economical resources’. Team D2A was in favor of the motion while team MCA-B opposed it. The debate was closely fought with both the teams coming up with strong points to support their stance. Chetaniya Bajaj and Yashraj Mulwani from D2A were declared as the winners of the National Science Day debate. The event concluded with a vote of thanks by Sneha Karthik (D7C).

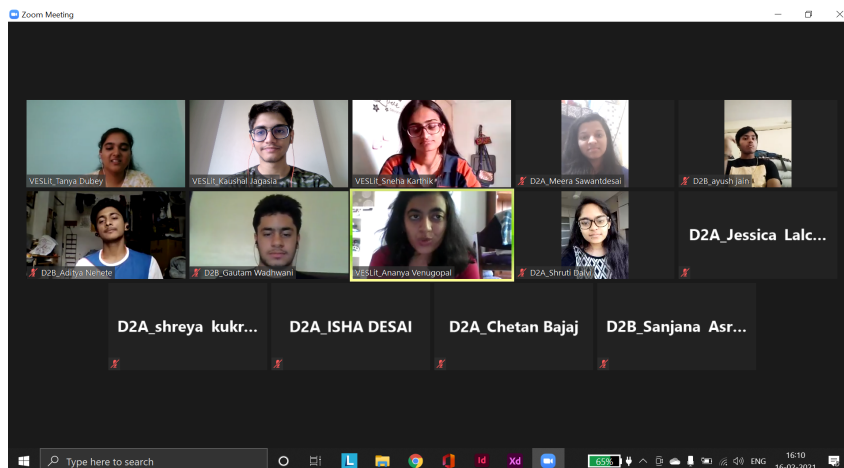

VESLit members along with the judges and participants.

Date: 15th-18th, 22nd February 2021

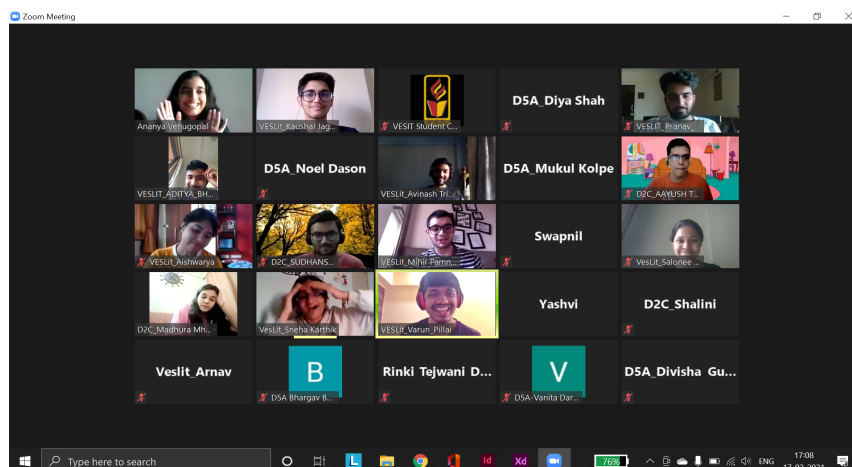

Platform: Zoom Meeting

Due to the late joining of the first year students in this academic year, their induction had to be held in the even semester. Starting on 15 February 2021, we held a meeting with two or three

classes each day, where we played some fun games with them and engaged them in discussions to help initiate them into their college lives. The entire experience was rewarding for the council members and the students as it helped us build bridges even in the restrictive online format. The induction ended on 22 February 2021 with the MCA classes.

The Induction Program was held on Zoom.

VESLIT WEEK 2021

This year, VESLIT Week had to be held online as offline college has been in indefinite suspension since the advent of the Covid-19 pandemic. The Circle had to come up with new and ingenious ways to keep our audience engaged, and we rose to the occasion. Some of our flagship events like the Play Offs couldn't be held and so we came up with some new events and kept some old

ones, but all in all, we transitioned to the online medium remarkably well. Following is an account of all the events we held during the Week:-

Day 1: 30th March, 2021
Kaun Banega Crorepati

Kaun banega crorepati (KBC) was held by the Quiz Division. True to its reputation, the event generated a tremendous response. It was meticulously planned and was played out in 3 stages.

1. Qualification Round

A quiz, in the form of Google form was sent out to the participants and the top 30 were selected through this method. Six groups were made and these groups qualified for a Fastest Finger First to get a chance to be on the hotseat.

2. Fastest Finger First

Each of these groups played a fun kahoot round, the stakes being the winner of each group gets a chance at the hotseat.

3. Final Round

Each member of the quiz division hosted a round of the KBC and with a poetic continuity, the VESLit heads served as counsels of sound advice to the participants this time. A total of 6 rounds were played between 6 winners of the Fastest Finger First. To make the round more interesting the participants were given three lifelines being: Call a Friend, Expert Advice and 50/50. Ms. Ananya Chetlur and Mr. Avinash Tripathy, heads of VESLiT Circle, served as the expert panel.

The event was executed smoothly and the winners chosen on the basis of who answered the most questions and if that was a tie it was determined on the basis of who had more lifelines. The winners were Arnav Singhal (D1AD), Ashutosh Mishra (D2C), Tanmayee Bochare (D4B). The event received rave reviews from the participants and made a strong start to a very eventful VESLit week.

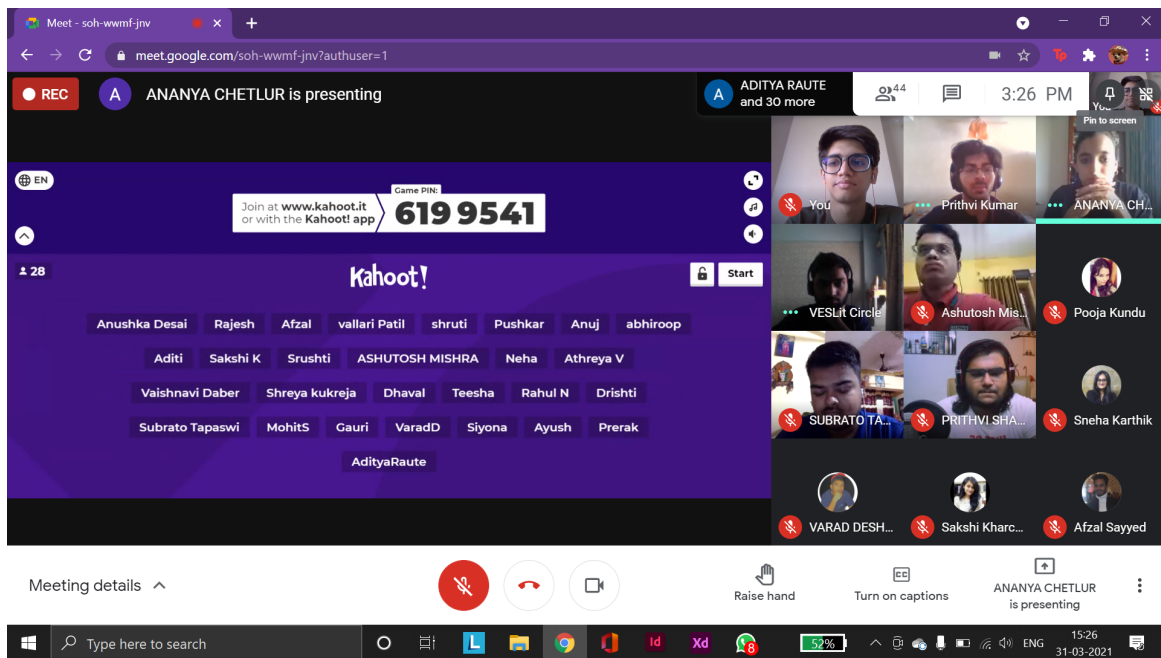

Day 2: 31 March, 2021

Spell Bee

The Spell Bee was conducted on the 31st of March, moderated by C.V. Ananya (D19) and Prithvi Kumar (D7A). To adapt to the online mode, an initial elimination round was held on the kahoot platform. The top 10 performers would advance to the next round.

The first round was **The Faceoff**.

Here, the participants would be paired in tournament seed format, i.e rank 1 would face rank 10, rank 2 would face rank 9, and so on. The round required participants to submit a list of words to the moderators for a quality check. After approval, the participants would ask their paired competitor to spell the list, as they dictated each word. Once both sides completed their lists, the person with the higher point total would advance.

The elimination round was held on Kahoot.

Thus, the pool was winnowed down to 5 people, who would participate in **The Gauntlet**.

To change up the regular monotonous spell bee format, we introduced the gauntlet, which made use of interesting word games.

The Gauntlet consisted of four sub rounds:

1. **Frescorers** - A string of letters would be given, with three blanks in the middle. The objective is to fill those three letters, such that the first segment of the word and the last segment of the word (counting the three letters), would form two different words.
For example: Fre__rers - SCO gives Frescoreres, i.e Fresco and Scorers
2. **Anagrams** - A jumbled string of letters would be given, and the participant would have to unscramble it to produce a valid English word.
3. **Homophones** - A sentence would be given, with two words missing. These words would be homophones, and would have to be guessed based on the context of the sentence.
4. **Addagrams** - A three letter word would be given, and the participant would have to find one 4,5,6,7, and 8 letter word that contains this word

From the 5 who participated in the gauntlet, the three with the highest scores would proceed to the final round, **Rapid Fire**.

Here, each participant would have 1 minute to spell the words asked by the moderator, who had a list of ten words.

Finally, the person with the highest score would be declared the winner of the VESLit Week Spell Bee.

Dhaval Mistry (D13) was the participant who earned this title, with Athreya Vijayaraghavan (D14A) coming in at second place, followed by Prerak Moolchandani (D7A) in third.

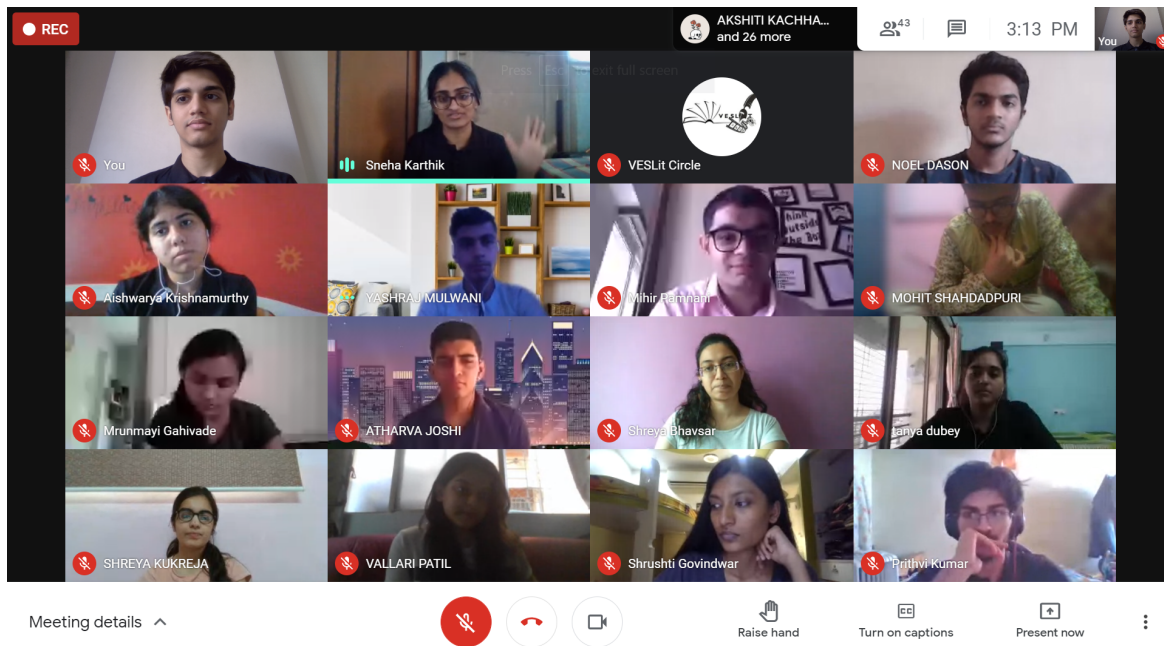

Day 3: 1st April, 2021

The Mystery Of Tracy Johnson

This event was entirely organised and conducted by the Second Year Council. It was designed to be a murder mystery event, and was one of the events with maximum participation in VESLit Week.

All the participants were given a plotline to find out the killer. On 31 March 2021, the character sketch and the story of the entire kingdom was given out. Every team was given a set of 10

questions on the morning of 1st April. The event started at 3:30 pm with the hosts introducing the event to everyone. The floor was then open to questions after which the participants were free to visit any of the suspects and ask them questions about the murder. However a team was allowed to ask no more than 3 questions to every suspect. After an one hour discussion, the participants were given time till 11:59 pm to write their respective articles.

Participants clearing their doubts before the start of the Murder Mystery event.

This event saw more than 30 registrations and every participant put up a great performance coming up with ideas and crafting a story. The event was judged by Faaiz Dastagir and Manoj Ayyapan. The Winners of the event were:

1. Anuj Bagad (D2C) and Atharva Joshi (D2C)
2. Akshiti Kachhawah (D1AD) and Sarthak Bansod (D1AD)
3. Aditi Mishra (D1E) and Shruti Devlekar (D1E)

Day 4: 2nd April, 2021

Policy Pandemonium

“Can you sway crowds? Can you run propagandas? Do you want to play a role in redefining adversities by designing and implementing groundbreaking policies?” is what the poster inviting participants for Policy Pandemonium read.

The event was an attempt to encourage critical discussions and help the teams think beyond conventional solutions. As discussed in MUN-Division meetings, the participating teams were divided into three groups of five teams each. The five teams in each group were provided with rules of procedure explaining the event flow and a problem statement concerning the state in highlight and possible causes and consequences. The teams were asked to study and research for the brief assigned and prepare a policy document which was to be submitted a few days before the event (on 31 March 2021). The teams in a group had to review the policies of other teams and try tracing possible logical fallacies and inaccuracies in the documents to fruitfully further the discussions in the main event.

Poster of Policy Pandemonium.

The main event - ‘Assembly’ was conducted on 2 April 2021 via Google Meet. For each group, two moderators from the council were assigned to ensure a smooth functioning. Each team had

to deliver a speech explaining the statement and their policies which was followed by a Q & A session with fellow teams. The discussions brought numerous innovative and feasible solutions to the table for analysis. The event had certainly put the research, problem solving and debating skills of teams to the test. The moderators also provided the participating teams with feedback and suggestions. The event was concluded with enlightening words delivered by the head and deputy head of the MUN Division. The teams were judged on the basis of appeal of introductory speech, feasibility of policies and participation in policy-analysis.

The winners for the event were :

Group A: Yashraj Mulwani (D2A) and Ananya PandeY (D2C)

Group B: Karthik Avhad (D9A) and Sumit Jadhav (D9A)

Group C: Pooja Gupta (D13) and V. Anuparvathy (D9A)

From bringing well-researched policy opinions to the table to engaging in interactive discussions, this event certainly helped the teams to effectively develop a multitude of skills through its course. The event introduced variations of MUN procedures via the tasks and encouraged people to actively take part in civil discourse.

Cut The Music

As a part of VESLit week, the Films Division organised two events, as follows:

- a. **Video Editing Workshop** - This was an extremely successful event, garnering the attention of around 140 students. Aditya Bhoir and Tarun Mishra hosted this workshop, effectively imparting their extensive knowledge of Premiere Pro to the attendees. They covered all that one would need to set out on the journey that is video editing. Spanning the course of two days, this workshop was well received by all who attended.
- b. **Cut The Music** - A submission based event, Cut The Music encouraged participants to apply their creativity and editing skills to create a music video for any song of their

choice. The usage of original footage was encouraged to elevate their filmography skills. After a tough decision, team D2A was declared the overall winner.

D2A members: Manasi Shah, Vansh Pahuja, Shreya Kukreja, Yashraj Mulwani and Shrey Panchamia.

Day 5: 3rd April, 2021

Debate

Is an audience really necessary for sports or is the Covaxin safe as they claim it to be? No matter the topic, everyone's got varying opinions. So, VESLit was here to present the perfect platform for enthusiastic debaters to put forth their thoughts and debate in a constructive way. Interested participants were required to register before the 26 of March 0212 at 2:00 am midnight.

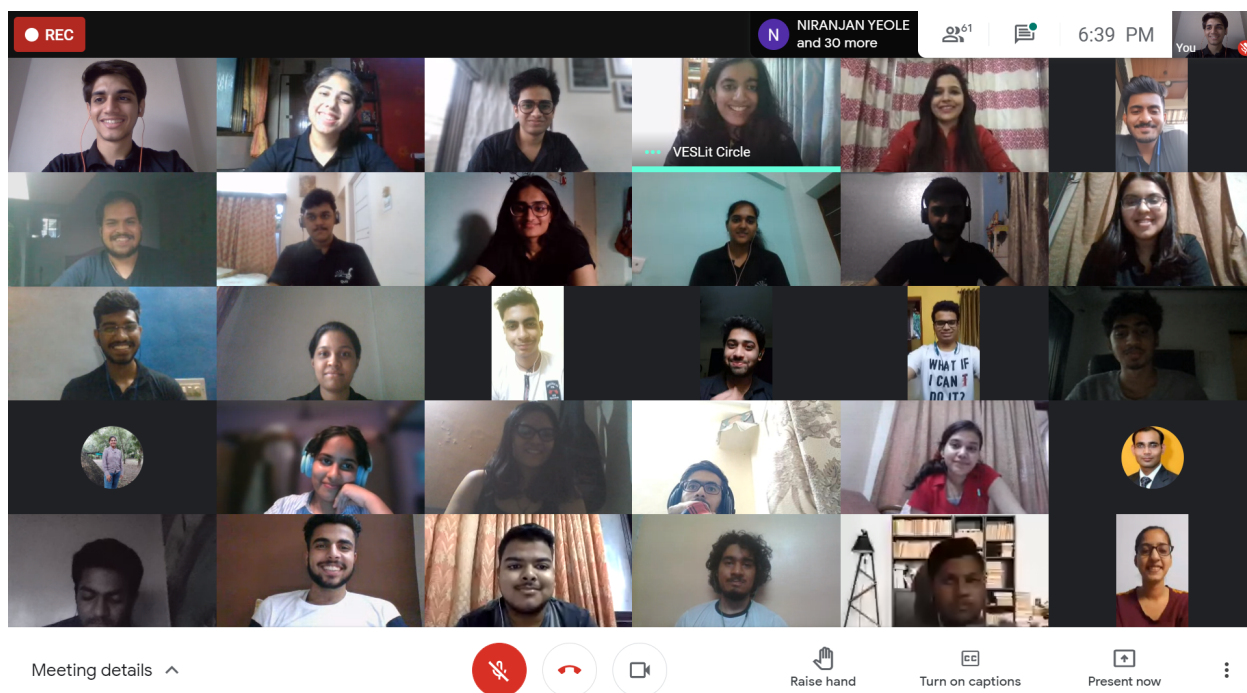

22 teams of two participants registered for the debate competition. The eliminations were held on 27 March 2021. The topics were released at 3:00 pm while the eliminations began at 6:00 pm. The eliminations were scheduled in the evening to avoid any clashes with the students' lectures. The topics for the eliminations were 'Betting and gambling should be considered legitimate sources of income and should be legalized' and 'Indian justice system leans towards the rich. The format for the debate was 1-3-1, that is, 1-minute introduction, 3 minutes rebuttal, and 1-minute conclusion.

The top ten teams were selected for the quarter-finals, which were held on the 29th of March, 2021. The topic for the debate was 'The pandemic has had a debilitating effect on humankind, from which it may not rise'. The eliminations and quarter-finals were judged by the VESLit student head, deputy head, Debate division head and deputy head.

Out of these 10 excellent teams, the top 4 teams were selected for the semi finals and then the best 2 teams for the finals. Both the semi finals and the finals were conducted on the 3rd of April. The winners and Runners up for this event were:

Winners - Pooja Gupta (D13) and V Anuparvathi (D9A)

Runners up - Tanuja Upadhyay (D13) and Kartiki Pande (D13)

A Closing Ceremony was held to announce the results and declare the winners of VESLit Week 2021.

VESLit Circle: New Recruitment

A lot of enthusiasm was seen this year among the students to join the circle as more than fifty students registered to become part of this language and literature family. The VESLit in-charges decided to increase the strength of the circle. There are seven members in each division now. The Student Head, Shlok and Deputy Head, Kaushal and all the new members of the VESLit Circle (2021-2022) were chosen after a thorough interview process conducted by the faculty in-charges - Dr. Pooja Kundu and Dr. Sushil Dhuldhar.

VESLit Circle once again collaborated with The Union Bank of India to organise a three day mega fest where each division made sure to provide one unique event to make it a huge success. In a bid to encourage the participation among the students, workshops were held by the senior members of VESLit Circle along with experienced alumni who had already proved their mettle in their respective domains to resolve any doubts and to guide the students by sharing valuable insights and tips.

Workshops
The Debate Learnshop
26th September 2021

The Debate division held a workshop on 26 September 2021, in preparation for VESLit Circle's special collaboration event. The workshop was referred to as the 'Debate Learnshop' to attract the interest of participants.

An overwhelming response was received for registrations as many students were keen to learn and polish their debating skills. All enrolled participants were added to a shared WhatsApp group, where all Learnshop-related material was disseminated. Participants were given a Google Meet link fifteen minutes before the stipulated time of the workshop.

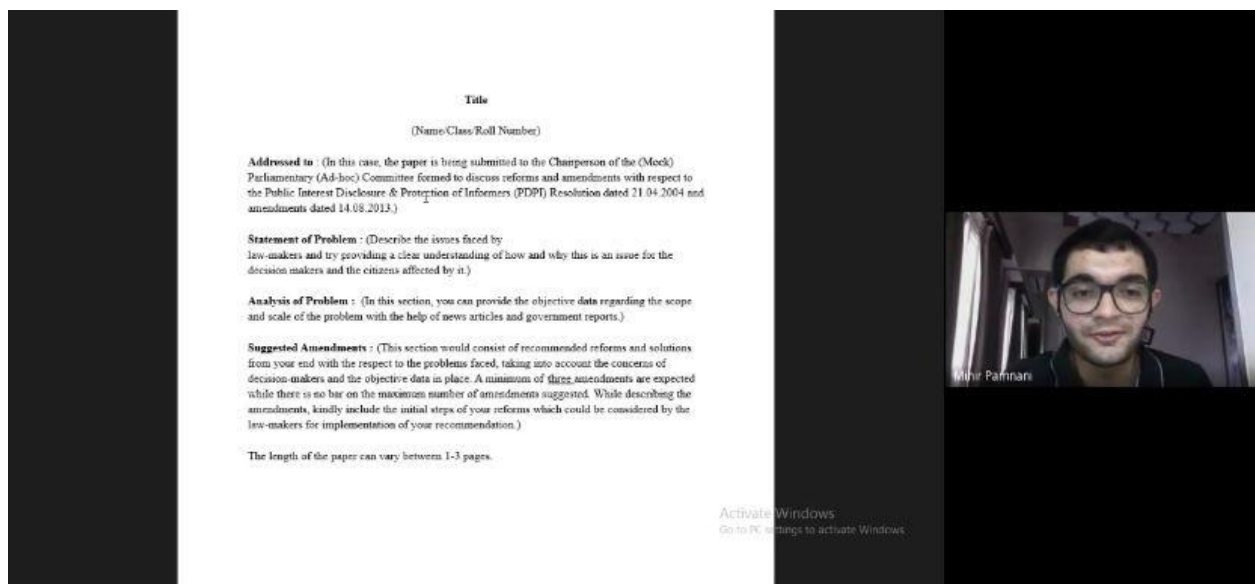

The eminent speakers for this event were - Ms. C. V. Ananya-VESLit Head 2020-21, who has also won and participated in various prominent debates, Atharva Gadkari-Head, Debate Division and Sneha Karthik-Deputy Head, Debate Division. Our alumni guest, Ananya started the workshop with great enthusiasm and discussed some tips for new debaters. The debate division's head and subhead competed against the MUN division's head and subhead in a mock debate to teach the participants the necessary abilities required to shine in any debate. Ananya acted as the moderator in this exchange and explained the intricacies of the ongoing debate.

The overall session was very interactive and lively as all the participants gave their opinions and discussed the various components of the debate. The session consumed a little more time than anticipated. All the participants enthusiastically filled their feedback forms where they stated that the seminar was really beneficial for them and honed their debating skills. It was suggested unanimously by all the participants that the workshop was a huge success and more workshops like this should be conducted by VESLit Circle.

Yuva Samiti Workshop
1st October 2021

In order to provide more clarity for their upcoming UBI event, MUN Division organized a mini workshop for all the registered participants on 1 October 2021 at 5:00 p.m. The speakers for the workshop were - Mihir Pamnani (MUN Head) and Kaushal Jagasia (VESLit Deputy Head). The session began with Kaushal Jagasia elaborating the idea and the intention behind choosing PIDPI as the topic and Independent India @75 Self- Reliance with Integrity as the theme for the event.

After that Mihir Pamnani, MUN Division Head explained intricately the flow of the event and the format of the policy paper. He acquainted the participants with the rules and regulations that are to be followed during the entire event. He explained the paper format, shared tips and ways to approach the research for the agenda in hand. Later, clear deadlines were given for paper submission to ensure smooth functioning of the event.

Workshop in progress being addressed by Mihir Pamnani (MUN Head)

Kaushal Jagasia comprehensively explained how to write papers in a proper format by citing concrete examples from previous years papers written by him and Sahana Shetty for a policy event. He highlighted how to give concrete and apt solutions and also gave his valuable tips on presentation skills.

The workshop came to an end by clearing the doubts of the participants by Mihir Pamnani (MUN Head) and also by taking review from the participants about the whole idea behind the event.

UBI Collaboration

VESLit Circle, in collaboration with The Union Bank of India, organised a three day literary megafest in the wake of Vigilance Awareness Week 2021. The total 6 events were conducted between 4 to 6 October 2021. The details of all events are given below:

The whole event had two rounds. The first round was the Policy Paper round which was conducted on 1st October 2021, in which participants had to study the PIDPI Bill and suggest amendments for the same. The participants were expected to study the PIDPI Resolution and suggest amendments for the same. A workshop was conducted on 30 September in order to guide participants about the format of the policy paper. A total of 30 registrations were received for this event. The top 10 policy papers were selected for the next round - a panel discussion in the form of a Mock Parliamentary Committee i.e the Yuva Samiti.

YUVA SAMITI

Round 1 : Policy Paper Submission

For this round, participants are expected to draft a policy paper addressing their analysis and amendments with respect to the PIDPI resolution. The paper format and related documents for this round would be shared later. A workshop would also be conducted for the same.

(Registration Deadline : 29th September
Paper Submission : 1st October)

YUVA SAMITI

Round 2 : Parliamentary Committee

After the first round, few policy papers would be shortlisted and the respective participants would be invited to the Parliamentary Committee, where they will discuss and vote for amendments for PIDPI resolution. The guidelines and ROP (Rules of Procedure) for this round would be sent to the shortlisted participants later.

(Event Date : 4th October)

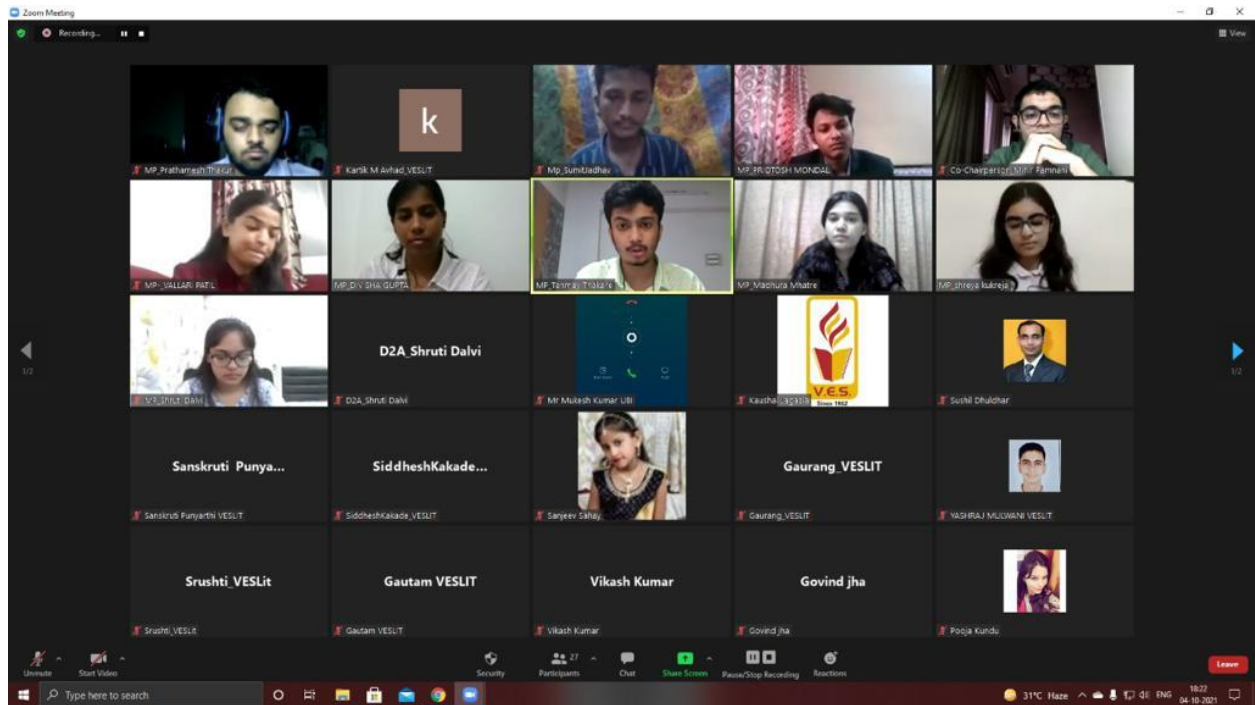

The event commenced on 4th October at 5 pm with the Saraswati Vandana, Introductory speech of the VESLit Deputy Student Head, **Kaushal Jagasia (D12C)**, followed by MUN Division Head **Mihir Pamnani (D12C)** who was also the Co-Chairperson for the evening, then explained the flow of the event.

Chairperson Avinash Tripathy (D19B) and co-chairperson Mihir Pamnani (D12C) addressing the participants.

In the first section, the parliamentarians gave a speech stating the issues and potential solutions to those issues. The second section lasted for 40 minutes. It started with the chairperson Avinash Tripathy (D19B) and co-chairperson Mihir Pamnani (D12C) giving an introduction of this

session followed by a reminder to maintain proper decorum and have a civil discussion with all MP's present. In this session, the participants were supposed to discuss the various amendments that were suggested by them and the PIDPI bill itself.

In the second section, All the participants actively took part and some very strong points were suggested by them. Finally, the process in which PIDPI works currently was discussed by the participants, and Prathamesh Thakar gave the final statement before the time ran out. In section three, all the participants gave their closing statements and summarized their amendments in the given 2 minutes given to them. They were told to present the precise summary to the chairperson of the parliament in the specified format and thus get their amendments registered.

The parliamentarians voted for each others' amendments. Amendments suggested by Shrutl Dalvi, Shreya Kukreya (D7A), Madhura Mhatre (D7B), Prathamesh Thakar, Priyotosh Mondal, Sumit Jadhav, Divisha Gupta, Vallari Patil were passed. In all, 12 amendments were passed. Finally, the event ended with closing remarks from the Judges, Faculty In-charge and the moderators.

Overall, the panel discussion allowed the participants to elaborate on their views which they had collected and put into the policy paper. Each participant was allowed to give an opening

statement and a closing statement, between which there were multiple discussion sessions. It was an active and engaging session which made it evident that the participants have put in a lot of efforts to study and research the PIDPI resolution. With thorough analysis of the resolution, the participants identified areas that could be improved and creatively came up with practical amendments for the same.

The results were declared on 6 October 2021 during the Closing Ceremony, winners were:-

Shreya Kukreja (D7A) - Best Parliamentarian (1st)

Madhura Mhatre (D7C) - High Commendation (2nd)

Prathamesh Thakur (D7A) - Special Mention (3rd)

Verbal Mention: Vallari Patil (D10B)

Divisha Gupta (D10A)

In this way the entire session was successfully concluded with closing remarks by Mihir Pamnani (MUN head). Later the UBI dignitaries and the judges for the event - Mr. Sanjay Sahay, Mr. Govind Jha, Mr. Mukesh Kumar and Mr. Vikas Kumar appreciated everyone's efforts and their research on PIDPI resolution. Dr. Pooja Kundu and Dr. Sushil Dhuldhhar, VESLit Faculty In-Charges appreciated the wonderful and comprehensive research done by all the participants and the efforts taken by the entire circle to make this event a huge success.

Day 2: Blow the Whistle, Essay Writing and Poster Making

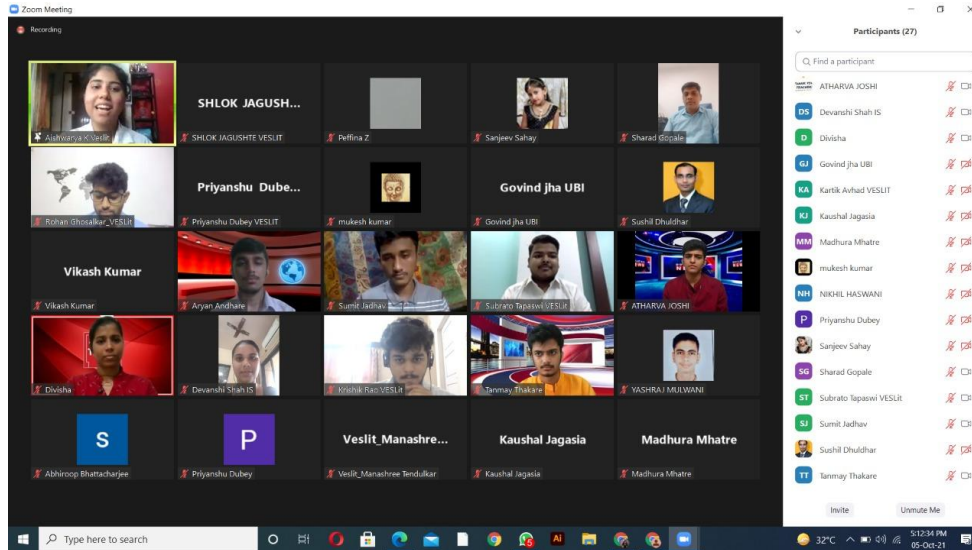

(5th October 2021, Zoom Meeting)

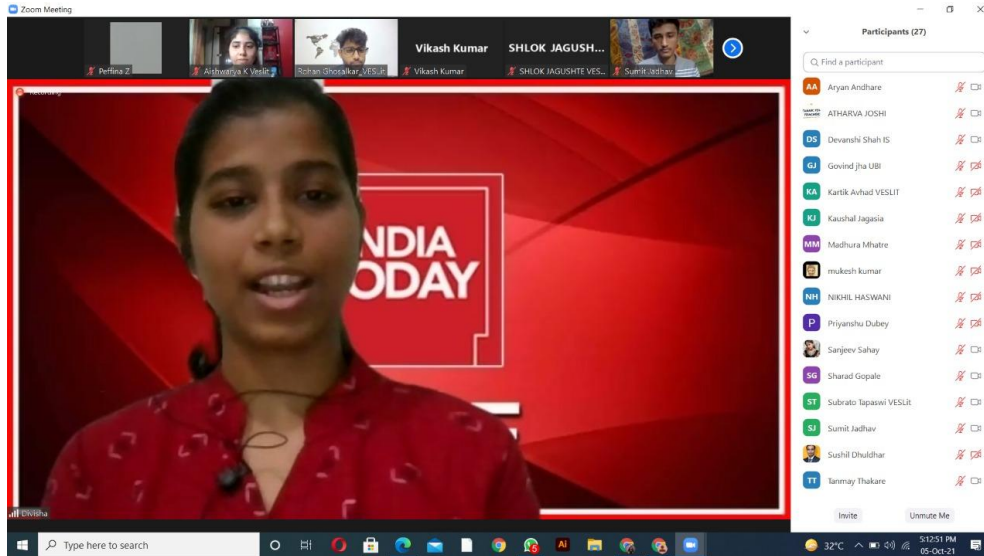

Poster for Blow the Whistle.

The first initiative carried out by the Quiz and Elocution Department for the year 2021-22 was 'Blow The Whistle'. It was an informal rendition of a newsroom drama event, where participants were asked to depict a typical news reporter at work, to prepare and present a news segment on the topic of PIDPI (Public Interest Disclosure and Protection of Informers). They could present an opinionated or neutral view depending on their choice and were judged on their presentation i.e. the content of the speech. Use of visual and audio aid was permissible. The news segment can be based on the law, any specific case or loophole they deemed fit. 15 students had registered for this event.

The UBI officials - Mr. Sanjeev Sahay, Mr. Govind Jha and Mr. Vikas Kumar, VESLit Faculty In-Charges - Dr. Pooja Kundu and Dr. Sushil R. Dhuldhhar, Shlok Jahushte, Student Head and Kaushal Jagasia, Deputy Student Head of the VESLit Circle were present for the event along with all the members of the Quiz and Elocution division and the participants.

The event commenced with the Division Sub Head Aishwarya Krishnamurthy addressing the gathering and briefing the participants about the event. The contestants were then called one by one to deliver their speeches. The participants made many relevant arguments about the PIDPI Resolution. Many of them also applied virtual backgrounds of a newsroom which made things even more interesting and gave a contemporary and professional look. Halfway through the event the UBI officials were also called upon to share their thoughts on the topic of PIDPI. They shared many insights from their vast experience which made everyone present in the meet increase their awareness about this particular topic. Most of the contestants spoke confidently like actual real-life reporters and with each one of them having well researched reports on the given topic.

Participants made use of virtual backgrounds to add more flair to the event.

After all, the participants were done with their speeches. Dr. Pooja Kundu and Dr. Sushil Dhuldhar shared their experience of this event. A few of the other UBI officials also spoke about the event as well wherein they highly appreciated all the speakers for their wonderful speeches. Kaushal Jagasiya delivered the vote of thanks which brought an end to the event.

Winners:

1st Position: Yashraj Mulwani (D7A)

2nd Position (Tie): Divisha Gupta (D10A - IT) & Sumit Jadhav (D14A - EXTC)

Essay Writing and Poster Making

The VESLit team had also organised Essay Writing and Poster Making Competitions on the same theme as Vigilance Awareness Week - ‘Independent India @ 75: Self Reliance with Integrity’. This allowed the students to creatively express their views and thoughts on the given theme. A total of 12 and 6 entries were received for the two events respectively. All the entries were judged by the UBI officials with winners as follows:

Day 3: Documentary Film-making, Cross Examination and Closing Ceremony (6th October 2021, Zoom Meeting)

Documentary Film-making was the first event organized by the Films division for the year 2021-22. The participants were tasked with making a video based on the PIDPI resolution as a team. The aim was to bring together people with interests in script writing, video editing, acting and give them a platform to showcase their talent.

Poster for Documentary Film-making.

It was one the most challenging yet exciting event of the fest. With the Covid-Restrictions as they were, getting people to team up together and make a full-fledged documentary seemed impossible, but with encouragement from our faculty Dr. Pooja Kundu, Dr. Sushil Dhuldhar and the UBI officials, the division members, started off by creating a WhatsApp group for all the people interested in films. Then they grouped them in teams of four and the work on research,

script writing and filming started. The participants were allowed to shoot their own footage, use stock footage or even use virtual backgrounds on zoom/google meets and record the same.

All the Documentaries were broadcasted on the final day of the fest. A member from each team was called upon to share the overall experience of their team followed by the screening of their Documentary. All the teams came up with innovative ideas for their films, one used animation dubbed over by the participants, some used google meets with changed backgrounds while others individually shot all the team members and then edited them into one video.

After all the participants were done with their Documentaries, Dr. Pooja Kundu and Dr. Sushil Dhuldhhar were called upon to share their experience of this event. A few of the other UBI officials also spoke about the event wherein they praised all the films for their writing, acting, research and the efforts of the participants. Kaushal Jagasia, the Deputy Head of the VESLit Circle gave the closing remarks which brought an end to the event.

Mr. Umesh Kumar Singh, Chief Vigilance Officer - Union Bank of India,
expressed his views after watching all the Documentaries.

Cross Examination

Cross Examination was the event held by the Debate Division of VESLit during this literary fest. This debating event had two exciting formats, The Classic Oxford style and the riveting Asian Parliamentary style.

The rule sheet and time stamps were shared and the topic along with the proposition and opposition teams were announced half-hour prior to the event. Also, the participants were allowed to team up with anyone from the college without any restrictions, which allowed them to team up with someone that matched their vibe and nothing to hold them back. 25 teams registered for the event.

Participants debating in the final round of the event.

For the Round 1 Oxford Style Debate, it was an elimination round with a team size of 2 students per team. Participants were judged on the basis of individual performance and the teams for the final round were decided by the judges based on scores, performance and their individual debating style. 6 students were selected in total from Round 1 and were assigned into 2 teams of 3 students per team to create the most optimized teams.

Asian Parliamentary Style was the final round of the UBI debate. The rule sheet and time stamps were shared along with the topic lists, 3 days prior to the round. After a heated debate for approx 90 minutes, the judges from UBI were allotted to score the debate and express their views on the same.

The winners for the Debate were as follows -

Isha Desai, Noel Delson and Ananya Pandey.

The announcement of the results of all events was done during the Closing Ceremony. All major UBI officials were in attendance - Mr. Umesh Kumar Singh - Chief Vigilance Officer; Mr. Shailesh Kumar Singh - General Manager, Vigilance Cell; Mr. Sanjeev Sahay - Deputy General Manager, Vigilance Cell; Mr. Mukesh Kumar, Mr. Shiva Prasad, Mr. Vinod Patel, Mr. Mukesh

Kumar - Assistant General Managers, Vigilance Cell along with VESLit staff in-charges Dr. Pooja Kundu and Dr. Sushil Dhuldhar.

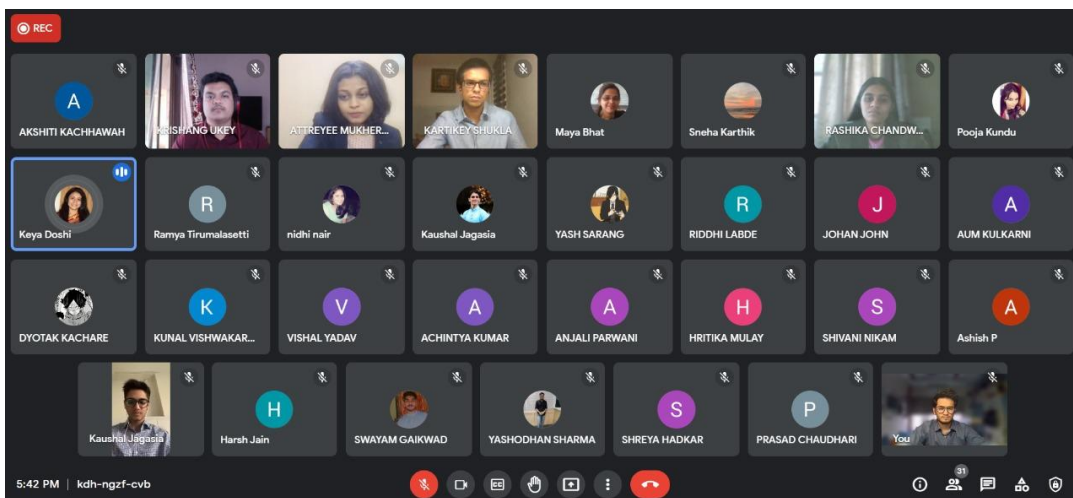

Mr. Sanjeev Sahay, Deputy General Manager UBI expressing his happiness at the grand success of the fest during closing ceremony

The collaboration with the Union Bank of India was brought to an end with an exchange of gratitude from the Heads of the VESLit team, the faculty in-charges and the dignitaries from the Union Bank of India. All-in-all the fest was a huge success.

Science Day Debate

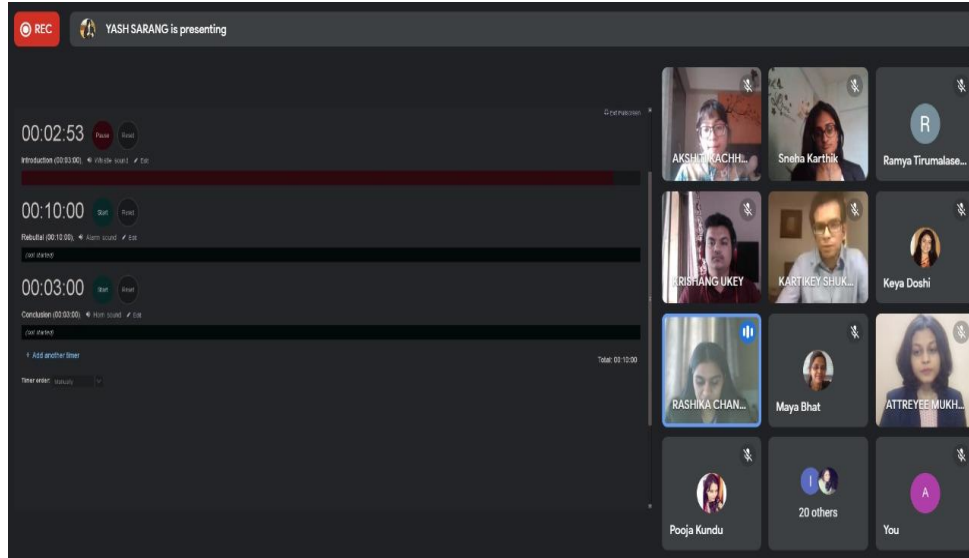

14-15 January 2022

IQAC and IIC in association with the VESLit Debate Division called forth, a first-years-only exclusive event which was organized to commemorate Sir C.V. Raman - “The Science Day Debate” on 15 January 2022. The judges for the finals were - Dr. Maya Bhat, Dr. Keya Doshi, and Mrs. Ramya T. The motion for the final debate was Nuclear fusion is safe, reliable, and would dominate the energy supply in the future. The overall debate was very lively and the debate was judged thoroughly by the judges on various parameters like concreteness of arguments, knowledge and research done, body language, proficiency in English, teamwork and individual skills of the participants.

Teaching faculty of FEs were invited as

Judges for the final debate.

Participants strongly expressing their arguments during the Science Debate

The winners of the event were:

Winners: Krishang Ukey and Kartikey Shukla (D4A)

Runners Up: Attreyee Mukherjee and Rashika Chandwani (D2B)

The entire circle has worked very hard the entire year and tried to keep the focus on initiating more and more students into literature based activities. VESLit Circle has always functioned keeping in mind the vision of providing opportunities to all the VESIT students to discuss relevant topics and ideas and engage in activities beneficial to their personal and professional development.

SUMMARY:

The Django Workshop was a three day workshop hosted by Arnav Bagchi (D17C) and Amit Chhabria (D17C). In the first half of the workshop taken over 2 days from July 1 to July 2 2021 the basics of Django were discussed and covered. Core Django concepts of the view , model and templates were discussed and mapping of urls to proper views and then rendering pages on a locally hosted server was demonstrated. Over the course of the first half best practices for writing Django code were discussed. Concepts like model classes and object relational mapping were demonstrated and discussed for a clearer understanding of the topic by the students. Database connections and manipulating of the file structures of a django project were also covered . On the second day the concept of django templates and addition of static content like images , css and javascript to our django project were discussed.

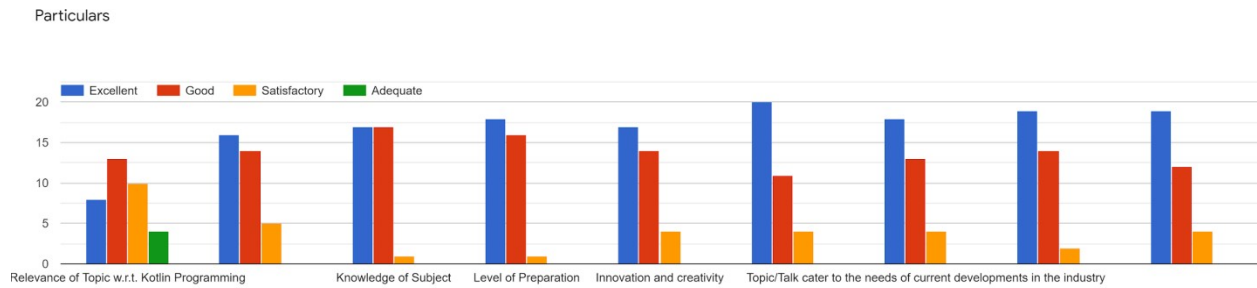

In the second half of the workshop , a hands- on django project was done in which we used a mysql database to create a fully functional project and create a CRUD (Create , Read , Update and Delete) application. The process was covered in detail starting with the creation of a locally hosted MySQL server and then connecting our django project and the CRUD application. The last topic covered was the usage of google OAuth connection in our Django project in which users could use their google account to register on the project site.

The workshop was covered over a period of three days from Jul 1, 2021 to July 3, 2021.

Very Informative!

No. Thank you so much for this informative session!

It was great!

The pace was a bit fast for a beginner, I felt - but the decision to actually split the content in more than one days was awesome. Keep it up!

Day2:

Qualitative Feedback about the event:

The pace was a bit up and down, but the debugging skill and explanation was quite good. Keep it up!

CODECELL TINKER'S FROM COMPUTER DEPARTMENT, VESIT

React WorkShop

In Association with

VESIT - IIC (Institute Innovation Council)

&

VESIT - IQAC (Institute Quality Assurance Cell)

SUMMARY:

Dates: 5th - 7th July 2021

“Learn continually - there is always “one more thing” to learn.”

The quote by Steve jobs spoke volumes this Tuesday and Wednesday when students from VESIT decided to attend a React course by Codecell. The event that covered a plethora of topics was held on a google meet from 11 AM to 12:30 PM for the students to improve their skill set.

While learning REACT may be the right step forward towards becoming a Full-stack developer, it may not be enough in itself. To cover up for this gap Day 1 saw our instructor Ms.Harshita covering the fundamentals of Javascript and ES6, Starting a project and components and JSX.

She started off by explaining the benefit of learning REACT from making code cleaner to adapting to other frameworks. REACT made building websites a lot easier for developers. After this explanation, the floor was open to questions. A question on components of javascript was asked by Omkar Rane. She then went on to explain the process behind downloading node.js. The very basics of learning REACT is being able to create a basic React app. This part of the session was explained by Harishta by using some in-built code to construct a basic app on which the rest of the coding will be done. She then went on to explain the different parts of the code from where a developer can find the source code to the basics of how to get your react app running. The class components and the functions in react were explained in the latter half of the session. The code was then run and a react app was built to explain the todo component and other features in react.The session ended with doubts being asked by the attendees.

The last day of the react workshop started off with Harshita completing the explanation on the todo component. She then went on to explain the life cycle of a component ie, mounting, updating and unmounting.She then explained ho we can create a form within the react app.The different components were explained by using the console in the developer tools to give the attendees a better understanding of the code.Since the chances of having a single page app is very low s. The concept of routing multiple pages was explained to the attendees so that building bigger and heavier apps would be much easier. The entire idea behind using components was how the code could be reused over and over again without redundancy. The final concept for the session was being able to use databases with react.The database being used for this project was firebase. Firebase account set up included four steps on a firebase account followed by installing the firebase package locally on your computer. The form that was once created is now storing and changing data in realtime.

With that the session came to an end and all the attendees left after crossing “one more thing “ out of their checklist.

CODECELL TINKER'S FROM COMPUTER DEPARTMENT, VESIT

Flutter WorkShop

In Association with

VESIT - IIC (Institute Innovation Council)

&

VESIT - IQAC (Institute Quality Assurance Cell)

On the first day, we covered a number of concepts regarding Flutter and Android Studio to get started into Android App Development. It is essential to know what we are working towards to perform the best so Day 1 saw our Instructor Mr. Paras Patil showcasing the end goal of the workshop and then proceeded to cover basic terms and concepts in Flutter, project creation, and explanation of project file structure.

At the start, a PPT was shown explaining What, Why, and How of flutter, that is, an introduction to flutter, its benefits, and features. Flutter, unlike its competitors like React, doesn't require any JS bridge and its language Dart is universal. This gives flutter an immense advantage in cross-platform development. After this explanation, a few reference sites for getting flutter packages and documentation were explained. Now, the project was finally started. The creation process was explained and then, he went on to explain some basic components like Containers, Scaffolds, etc. A number of graphical and input-related widgets were explained with examples as an application was built from scratch. Finally, the session ended with a doubt session.

The next and the final day began with Paras giving a PPT introduction to Firebase service similar to that of the prior day. This involved discussion about Firebase User Authentication and Cloud Firestore Database along with its benefits. The steps to create a Firebase project were explained and firebase packages were added to the flutter project. Then, the session was divided into two parts - User Authentication and Data handling. He went on to explain the code for User authentication which followed the sign-up and login process. After finishing the authentication, he demonstrated adding a user and then went on to create a custom data model and explained its creation and update in real-time.

SUMMARY:

In the final part of our workshops, we had Paras Patil conduct a three-day workshop on the new hugely popular framework for creating mobile applications from 8th July to 11 July 2021. The basics of Flutter and concepts behind the mobile framework were discussed on the first day along with Dart, the language which powers the Flutter Framework. Basics of installation and setting up your phone as a debugging tool were demonstrated. For the second day, an introduction to Firebase and setting it up for Flutter was demonstrated. This

included getting an idea about what is firebase & creating a project in firebase for our flutter app. We also discussed Firebase User Authentication including login and sign-up flow using Email and Password along with error handling for the same and finally, Cloud Firestore was used in creating & updating custom data using Firestore and displaying it in our app.

**HACKTOBERFEST '21
EVENT REPORT**

In Association with

VESIT - IIC (Institute Innovation Council)

&

VESIT - IQAC (Institute Quality Assurance Cell)

Summary

Throughout October, in honor of **Hacktoberfest**, a variety of events were held to raise awareness of **open-source contributions** by guiding students through engaging and participatory sessions. These 2-to-3-hour workshops provided students with essential information and they were guided on how they might contribute to the open-source community. The sessions were organized as interactive as possible and all the doubts of the students were cleared.

Since the college was closed due to the Covid-19 Pandemic, all sessions were taken online using **Google Meets**.

Under Hacktoberfest, the following workshops were held.

1. **Getting started with Open Source and GitHub**
2. **Hack your Open Source journey with Auto-DL**
3. **The GSoC Talk**
4. **Hack your Career this Hacktoberfest**

These sessions were sponsored by **GitHub** and **Hacktoberfest** and some sessions were conducted in association with **Auto-DL**. Each session was held on weekends to ensure that no lectures interfered with the events.

Some sessions were solely limited to members of the Computer Department, while others were accessible to everyone.

Following is a detailed report of all the events.

Getting Started with Open Source and GitHub Workshop

The first event of the Hacktoberfest series was conducted on **2nd October 2021**, Saturday. The event took place from **2:00 p.m. to 4:00 p.m** and it was hosted on Google Meet. The event was open to the **COMPS department** and approximately 100 people were in attendance. The primary goal of the event was to introduce students to the concept of open course and how to implement it through Git and GitHub. The speakers for the session were **Vishesh Mittal** and **Vaidehi Bhagwat** (both CodeCell Members).

The poster is for a Hacktoberfest 2021 workshop titled "Getting started with GitHub". It is organized by the Vivekanand Education Society's Institute of Technology (VESIT) CodeCell Tinker's of Computer Engineering Department. The event is sponsored by GitHub and presented by DigitalOcean, appwrite, intel, and deepsource. The speakers are Mr. Vishesh Mittal and Ms. Vaidehi Bhagwat. The event is on October 2, 2021, from 2 PM to 4 PM, via Google Meet. The poster also lists the event sponsor (GitHub), speakers (Mr. Vishesh Mittal and Ms. Vaidehi Bhagwat), and event on (October 2, 2021, 2 PM - 4 PM, Google Meet). At the bottom, it lists the Principal (Dr. J. M. Nair), Vice-Principal (Dr. M. Vijayalakshmi), HOD, Computer Engineering (Dr. Nupur Giri), Patrons (Shri. B. L. Boolani), CodeCell Incharge (Mr. Prashant Kanade), CodeCell Coordinator (Mr. Richard Joseph), CodeCell Coordinator (Mrs. Geocey Shejy), and Team CodeCell. It is affiliated to University of Mumbai, approved by AICTE and recognised by Government of Maharashtra.

The event commenced with the introduction of Open Source in which the students were informed about the different examples of open source platforms, the benefits of open source and 'WHY' and 'HOW' we should contribute to it.

The event's following segment focused on Git and GitHub. The students were taught how to use all of the fundamental tools and commands required to create a repository in this segment. It was preceded with a short Q&A to solve the queries. Clearly, it was an interactive session. The last and the most fun part of the event which students really enjoyed was the “Kahoot Quiz” that showcased how much everyone learnt from the entire session.

Overall, the event went off without a hitch. The participants gave an enthusiastic response to the entire 2hrs session.

It was a fun session, didn't get bored at all!

nope, it was a fine session

The session was good, but I think it was a bit fast. Nevertheless, I understood the basics of git and Github and some commands like clone, init, merge etc. Overall, it was excellent.

Thank you for the session

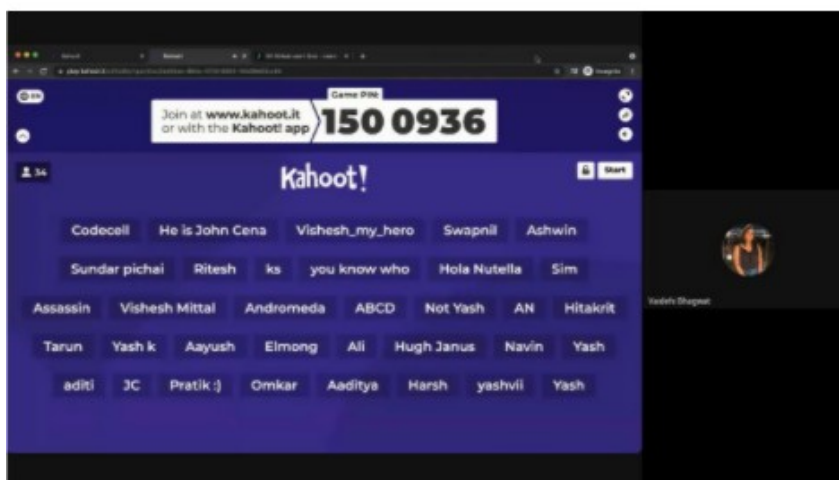

Loved the way they explained 🙌

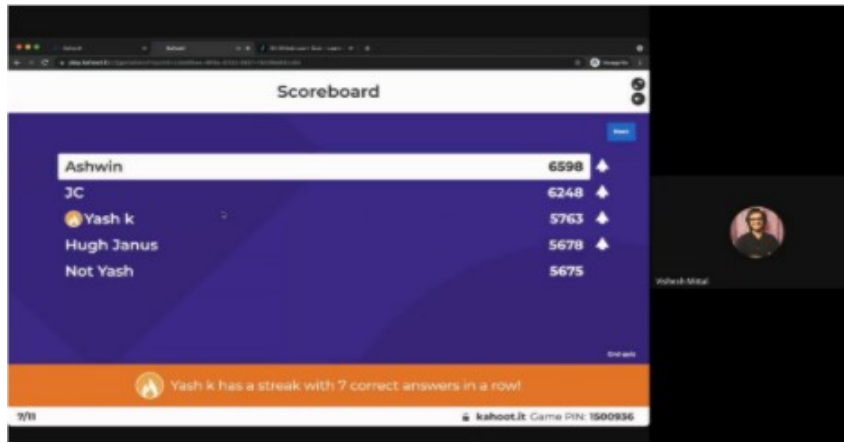

Was great man

well organised

Really insightful session! Kudos to Vishesh, Vaidehi and the entire Codecell team for this session.

Hack your Open Source journey with Auto-DL

This was the second event in the hacktoberfest series. This event was conducted in association with **Auto-DL**. The event took place on **3rd October 2021** from **2:00 p.m. to 4:00 p.m** and it was live streamed on **youtube**. The event was open to all and approximately 100 people were in attendance. The session was hosted by **Mihir Pamnani and Sneha Karthik (both CodeCell members)** who introduced us to our today's special guests '**Aditya Shriastav**', '**Janvi Shinde**' and '**Rahul Jain**'.

The event started with an introduction to open source, its values and how it's freely accessible to everyone. We were also introduced to various open source programs like 'Google summer of code', 'Script winter of code' etc. The importance of people's involvement for such assignments and the help they can get everything was shared with the students. The students were enlightened about the non code contributors and their activities like QnA, documentation, etc. AUTO-DL background and guidelines on how to operate it were conveyed to us. Module building and code generation was also displayed. They shared a few life lessons with us in order to inspire and advise us.

Students' questions were answered at the end of the session, and closing remarks were made.

The image is a composite of two parts. The top part shows a Zoom meeting with three participants: Rahul Jain (top left), Mihir Pamnani (top right), and Sneha Karthik (bottom center). The bottom part shows a YouTube live stream interface. The main content of the YouTube stream is a web browser displaying the 'GitHub Profile README Generator' tool. The tool has a form with fields for 'Name', 'Bio', 'Location', 'Website', 'Email', and 'Phone'. Below the form, there are sections for 'Demo' and 'Features'. The YouTube interface includes a search bar, a video player with a small Zoom window of Rahul Jain, a top chat area with messages, and a video title 'Hack your Open Source Journey with Auto-DL'.

The whole session was too much interesting. I am not believing it holds me till the end. Apart from that Sneha and Mihir are the best hosts of our college.

The GSoC Talk

The third session of the Hacktober series was **The GSoC Talk**. This event was conducted on **19th October 2021** from **12 to 1 pm** on **google meet**. The event was open to all departments and approximately 100 people were in attendance. The primary goal of the event was to introduce students to GSoC, how GSoC works and its benefits. The speakers of the event were **Yashraj Desai (CodeCell member)** and **Dhruv Sachdev from 3rd year**.

The event began with the speakers describing the program's objectives. The program's following segment examined how GSoC operates, with students learning about the timeline and how events take place. The students learned how to select and contact organisations, prepare proposals, and so forth. The speakers also shared their personal GSoC journeys and stories, they also shared their proposals with the students. Besides GSoC, students were informed about other open source organisations like **MLH**, **LFX**,

Outreachy, Github externship, etc. They were also made aware about the workflow and the importance of contributing as well as networking. Before concluding the event an interesting and interactive Q&A session was organised and due to excessive questions and much involvement of the students the session was extended for an extra half hour.

conduct such informative sessions in the future as well

I knew that there is something like GSoc but was not very clear about it. So we were lucky enough that the seniors had such a great experience to share with us. Will surely participate in next summer and give my best.

The session was really beneficial. It gave me guidance about what should I do at present to clear gsoc. Thanks a lot for this amazing session.

Too good, seeing forward to attend more sessions like this.

More sessions are required

The Session could also provide an Organization's point of view towards applying for GSoc. The various criteria and other details involved for an Organization to enroll with it's projects would definitely be useful! The talk was very informative and especially not like a lecture! xD

Summary: -

The session was conducted by Tinkerer's CodeCell Department, under the guidance of Dr.(Mrs) Nupur Giri (HOD, Computer Engineering), Mr. Prashant Kanade (CodeCell in charge), Mr. Richard Joseph (CodeCell co-ordinator), and Mrs. Geocey Shejy (CodeCell co-ordinator).

The event was open to all the departments, and there was a huge turnout, with approximately 40 teams i.e around 80 people were in attendance for the workshop and 15 teams competing in the competition.

The event commenced with a short welcome address given by our HOD Dr. (Mrs.) Nupur Giri who was also accompanied by our codecell in charge Mr. Prashant Kanade and Coordinator Mr. Richard Joseph. The primary goal of the event was to motivate students to learn new things and implement them as well. The students were introduced to the concept of APIs and their implementation using nodejs, Chai, and swaggerhub.

The workshop began with a basic introduction to APIs, which included real-world examples and their uses in everyday life.

The workshop then progressed to the programming portion, which was done with nodejs. Because the participants were coding at the same time, it was a hands-on experience for them. Throughout the workshop, our team answered all of the participants' questions. Later, using Chai and swaggerhub, the participants were taught how to build and test APIs.

The second part of the event was the competition. All teams were given a problem statement to create their APIs and 2 hours were given to complete the task. Meanwhile, the participants were also served tea(chai) . Finally, they were instructed to upload their documentation on GitHub. Overall, the event was a huge success. Chai API Charcha received an overwhelming response from the audience.
