Invincia was the first of its kind virtual mega event, the event was not just conducted by the Cultural Council but was held in collaboration with other councils of our college, namely the VESIT Music Council, VESIT Sports Council, VESIT SoRT Council and the VESLit Circle. The fest had events from all domains and consisted of a huge variety of activities for students of all interests. Individual events were under the management of different councils, here we have a rundown of all the events and activities which were managed by the Cultural Council.

Since Invincia was planned around Diwali, various pre-events surrounding the festival of lights were held. Students submitted pictures and snippets of vibrant rangolis, colourful outfits, decorated diyas and garnished dishes!

This event took place on Day 3 of Invincia at 3 pm. The 5 second rule was a simple game where the contestants had to answer VESIT based trivia questions in the nick of time. The participants had fun as they were asked to name 3 things from diverse categories in 5 seconds. It was a very enthralling game where the participants were competing against their very own friends and peers.

Sab Golmaal Hai

Sab Golmaal Hai, as the name suggests, is one of the most exciting events of the fest. The event comprises 4 of your favourite fandoms- Friends, Taarak Mehta Ka Ooltah Chashmah, Game of Thrones and Marvel Cinematic Universe.

The participants were placed in a sticky situation where you would need to justify the decisions they made. The participant, along with all the other characters would then conclude who should be blamed for all the havoc caused. This event was the very first event of Invincia and was held on the 18th of November.

Prarambh '20

Prarambh '20 was the official fresher's party for the incoming FEs of the academic year 2020-2021. The event was held on 4th March 2021 and had one prior week of pre activities. Prarambh '20 was the exclusive event for FEs which marks the embarkment of their exhilarating journey of engineering. The theme for this year's Prarambh is 'Spirit of Life' which depicts the invincible spirit of humankind even after a global pandemic. All the first-year divisions will be fighting to win the coveted title of Best Class. The Cultural Council has planned various activities that could be feasible online and be equally exciting and thrilling. Various team-building and fun activities spanning over the domains like art, drama, dance, aesthetics, literature, and visual arts will be conducted to ease the freshers and make them comfortable with VESIT's ebullient extra-curricular environment. The Cultural Council had several pre-events and activities and had one final day experience on zoom. Unfortunately due to the Pandemic all of these events were held virtually, despite that we had arranged an amazing virtual experience for the FEs.

We had several events for the Freshers namely,

- Meme Challenge
- Inter-Class Challenge
- Spoof It
- Mr./Ms. Fresher
- Artist Assemble
- Trend-O-Mania
- Scandal
- Treasure Hunt
- Collage

With these events, we tried to give the FEs a chance to interact among themselves and truly get to experience these golden years of college even if they are online. All these events gave the FEs an insightful look into the coming 4 years of fun experiences and cultural activities.

The fest was generally divided into two phases: the pre-events part and the main day virtual stage fest. As aforementioned the main day was held on 4th March and it consisted of addresses from the FE HOD, Mr./Ms. Fresher, Artist Assemble, Games with hosts and a Virtual DJ. All the other activities were held in the pre-event phase. There was also a Best Class title which was won by D5A.

Further, we have described and given the details of all the individual events of the fest.

Artist Assemble:

Artist Assemble was one of our flagship events where the participants competed for the title. They were provided with an opportunity to showcase their artistic skills, be it dancing, singing, or acting.

It comprised of 2 rounds, the first round was the elimination round where the participants were asked to submit their entries and were then eliminated based on their performances, the second round was the final stage round conducted on the final day of Prarambh '20 i.e. 4th of March. The Hosts also did an exceptional job on the final day in keeping the session interactive and viewers engaged throughout the live stream.

Mr. and Ms. Fresher:

Mr. and Ms. Fresher is yet another one of our flagship, on-stage events wherein a huge number of participants fight their way through to win the esteemed title and this event was also conducted on 4th of March. Before we received our finalists for the stage round, the participants underwent a grueling process of eliminations meant to test their personalities. On stage, they participated in the Introduction Round, Talent Round, Challenge Round and QnA Session. The participants received immense support from their classmates throughout the live stream. All in all, this made for one of the most memorable events of the year.

Meme Challenge:

Social media is filled with memes. Prarambh kickstarted with an amazing meme challenge where all the classes had to come up with 3 memes on the theme decided by council. This challenge went on for three rounds with classes getting eliminated after each round. The winner was decided by the polls conducted on Cultural Councils Instagram handle. This increased the bonding between the classmates and engaged everyone on the social platform.

Inter-class Challenge:

Due to this pandemic, FEs were neither able to connect with each other nor spend time with each other. So we wanted to host an event where they will be able to bond with their classmates as well as fellow FEs. Inter-class challenge was an event where we paired classes against each other and they were then instructed to challenge their opponent class. The classes that performed the challenges in the given time period won. This event was very crucial for bonding as all the participating classes got to spend time together.

Trend-O-Mania:

In this era of online games and challenges that come into trend on Instagram and various other social media platforms we wanted the Fe's to show off their creative side by doing the "Trend-o-mania" challenge where they were asked to perform the "DOUGIE TREND" and the "WII TREND" with their classmates on zoom and the class which performed these challenges in the most unique and creative way was awarded as the winner class. The participants truly enjoyed coming on the zoom meet and thinking out of the box and performing the challenges.

Collage:

What's a better way to show the unity of a class than by making a class photo. Thus we presented the FE's with an opportunity to make an epitome of the fresher's celebration by a collage making competition where different classes made their collage in a creative way Which displayed the togetherness that bonds them all.

Spoof It:

Spoof is where a writer takes the conventions of a genre and pokes fun at them. Each class had to make a spoof wherein they had to brainstorm on 'spoofing' a movie if it were made during the pandemic. The movies that they could choose were based on Prarambh '20 's theme, 'Spirit of Life'. All the classes came up with their own ideas and turned the Zoom meetings into film sets. The spoofs tickled the funny bones of the viewers with their jokes and humor. Later, all the spoofs were uploaded on VESIT Cultural's official YouTube channel.

Treasure Hunt

Treasure Hunt, an event that gets maximum traction during our offline fests, was introduced online with a fun twist this year. The participants were presented with a set of 6 password protected PDFs. Each PDF held two meet links and one piece of a map of our college campus.

The password to each PDF was hidden in a stimulating riddle. The meet links were presented as locations from our VESIT campus and each link introduced the participants to a challenging, location-apt task. On completing the task, they received directions to their Treasure on the map.

By the end of this event, the participants were able to put together a complete map of our campus and pinpoint the location of the hidden treasure there. The first team to find the treasure won the game.

This mega quest that went on for over 5 hours was brought to life by over 30 cultural council members and volunteers together.

Scandal:

The newsmakers of YESIT took on a task to make a scandalous piece of news based on a headline that they were given. Fe's were given an opportunity to showcase the knack of their writing skills and imagination. Entries saw mind-boggling scandalous pieces of articles that linked various threads and made the articles enthralling.

The topic assigned was "Kohinoor diamond stolen from jewel house in London".

A total of 26 students participated in this event.

Dance Workshop

The Vesit Dance Crew in collaboration with Cultural Council organized a really fun workshop for the dance enthusiasts. It was a two-day workshop where the participants explored a variety of dance forms like hip hop, freestyle, etc. The intensive routine was broken down into easy chunks so that the participants would follow along easily. This interactive workshop helped the participants understand the sense of rhythm and the importance of synchronisation. The workshop received a great response and was a big hit among students.

FACULTY EVENT REPORT-

This was the first event of Invincia'20 and what better way to start things off than doing something for our lovely teachers. This event was the beginning of Invincia and it featured the faculty of VESIT. The VESIT Music Council organized this wonderful event where our faculty could take a short break from their busy schedules and enjoy a few fun games alongside their colleagues.

The teachers were made to compete in a series of 3 games which tested their musical wisdom as well as some other skills. First, they played a game called 'Selfie Le Le Re' and as the name suggests, the participants had been given a prompt with which they had to take a selfie and send it to the moderators. The teachers were quick on their feet to grab hold of the given prompt and post a selfie with it.

The second game was called 'Emoji Guess The Song'. Here the teachers were given clues for a song via emojis. They had to figure out the song name by the emojis on their screen. The teachers enjoyed this and had a great laugh playing this game.

The final game was 'Photo Antakshari', here the teachers were shown screenshots from songs which they were familiar with. They had to guess the song from the screenshot and sing a few lines. This game was played between 2 teams.

The teachers showed astounding enthusiasm and relished the event thoroughly.

Mix n' Mingle-

Amidst the mundanity brought forth by the Pandemic, Vesit Student Council came up with Mix n Mingle to facilitate socializing amongst VESITians. Registrations were taken through google forms and after careful and extensive filtering from different branches and years were paired in teams to get to know each other and then play fun games competing against other teams present.

This event was conducted on zoom. Once participants joined the zoom meeting, hosts welcomed all, and the participants of each team were given time to get to know each other and after that, they were allotted breakout rooms where one pair of moderators were allotted 5 teams and they played Fun games like Would you Rather and Guess the word. At the end of the event, all the participants got a Memento from the Council.

Fair participation was seen in the event. Participants thoroughly enjoyed the event which we got to know from their appreciation, enthusiasm, and indulgence in our event.

Picture mei Twist

In the very demanding and stodgy times of the lockdown, VESIT Music Council proposed an online, submission-based competition for the Video Editors of the college. "Picture Mein Twist" as the name suggests, is a competition where Video Editors have to use their creativity and imagination to change the story of an existing video and convert it into a completely different story using the same video footage, showcasing their editing skills, for example, a video from the Comedy genre converted to Horror!

The Event was Livestreamed on the second day of **Invincia**, on the **19th of November, 2020**. The event was led and managed by **Yash Bhise (D9B)** and **Praneel Rastogi (D12C)**, assisted by **Aarushi Sharma (D10B)** and **Yash Raje (D10A)**. The team received a total of 25 entries from across the college.

Akshat Tiwari (D14B) bagged the first prize, with his video that recreated the movie "Taare Zameen Par" into a horror clip. **Garv Jhangiani (D7A)** was the second runner-up as he mesmerized the audience by compiling footage of Tony Stark and Pepper Potts from the MCU into a romance-based video. **Kartik Shanbhag (D6)** was the third runner up, as he startled the viewers by combining the famous show "Tarak Mehta ka Ooltah Chashma" over the title track of the show F. R. I. E. N. D. S.

The entries were evaluated by **Suraj Bhatija**. "The coronavirus pandemic has spurred the world into moving to a virtual method of interaction. Videos play an important role in communication, and the essence of this is editing. This event not only gave a chance to budding editors in the college to prove themselves but also the right exposure they need to learn more", quoted **Yash Bhise**.

TALENT AID-

This event was specifically planned to raise money for the NGO "Kshamata". This was in collaboration with the Social and Responsibility Team (SORT Council).

To begin with, from the music council we had Neeraj Patil (D11), Raghuttam (D10B), Aditya Rana (D6) as incharges and were also guided by Music Secretary Sahil Salian (D14B). From the SORT Council, we had Sakshi Lalchandani(D17), Rakshita Danee(D10A), and the SORT Secretary Ayushi Pamnani(D14A).

Talent Aid happened on the 3rd Day of Invinicia. Talent Aid was a generic Open Mic where anyone from the college can showcase/ try-out their content for eg, stand up, Singing, Story Telling, Poetry also dance!

The sole purpose of the event was to promote the Fund Raiser carried out by the SORT Council.

In every Open Mic, the main entertainer or the energy keepers of the event are the hosts. We were fortunate enough to get our VESIT Connect Design Head and a very experienced one in the business Atique Kudchi (D) and the very talented Anushka Kulkarni (D9A). The event would not be what it was without them. We received around 30-35 entries with names like Monami Pal, Varun Bhatt, Divya Singh, Dhruv Wankhede, Yash Raje, Sudipa Majumdar, Vaishnavi Iyer, Sanika Indulkar, etc. The list goes on!

To further boost the Fund Raiser, we devised a milestone system. Our milestone performers include all the council secretaries, the president, and the GS. The major highlight of the event was our GS Nilesh Talreja dancing on an item number.

We reached the 20k milestone set by the SORT Council in the last hour of the event. We also had a constant viewership of 120-140 for more than 2 hours of the event and skyrocketed again at the end during the GS performance. Our event was a success also paving a path for a good cause.

Instrumental Face-Off:-

Herewith its Flagship event, VESIT Music Council conducted Instrumental Face-off in Virtual octaves for the second time, this provides a virtual stage to the musicians of VESIT to showcase their talent in creating music from their instruments, Mere household items, or even their vocal cords. Instrumental Faceoff is the fierce competition between instrumentalists to conquer the title of the Best Musician.

Instrumentalists registered themselves through the means of google forms and sent in video entries of 90-180 seconds of the best performances on their instruments. Participants were judged and marked on criteria like Style, Fluency, Rhythm sense and overall presentation of their video entry.

Once all the Entries were marked and judged by the council the top 10 entries were streamed on the 14th of February where we had our Guest Judge, Alumni and the Music Secretary(2017-2018) Chinmay Warang to judge the top 10 entries and declare the winners and runner ups of our competition.

Scores were tallied, the hype was created for the winner and finally, Ian Sequeira was declared as the winner and Vishwajit Waskar as the runner up and Abhishek Mokal and Arunim Chakraborty as the second runner ups.

Musical Misfit:-

February 13 and February 14, 2021: A memorable fun event was organized in our college named "Musical Misfit". The knockout round was held on 13th February 2021. Knockout rounds were held in two slots, first from 11 a.m to 1 p.m and second from 3 p.m to 5 p.m. This event was mainly organized for the enjoyment of contestants. Zoom was used as an online platform and for collecting entries, we used Google forms for information about leaders and teammates. This event was successful enough to attract over 30 teams of registrations making it an event attended by over 100 students.

Each team consists of 1 leader and 2 teammates. Two teams were put in a breakout room i.e six people in one breakout room with one moderator. Three rounds were held between teams namely "Antakshari, Rapid Fire and Musical Charades".

The first game was basic "Antakshari", time given to think was 20 seconds and time to sing was 10 seconds. 10 points were given to the team for the correct song and 0 to the wrong one. The second game was "Rapid Fire", in which contestants were given a syllable by the moderator and team A sang for 15 seconds starting from that syllable. Then the rival team sang a song containing a word from the previous song by team A. For every correct song, 5 points were given otherwise 0. The third game was "Musical Charades", in which a list of songs was given to the person who was going to act. Six songs were given and the duration was 3 min, maximum number of possible songs was to be guessed by their teammates. 10 points were given for every correct song guessed otherwise -2. We used additional games of "Guess The Song" as a tiebreaker.

The winning teams had the final round on 14th February 2021 which began at 3 p.m and ended at 5 p.m. Finally, Euphoria became the winning team. It was seen that the participants not only were competitive and enthusiastic throughout the rounds but also made the event more fun and enjoyable at the same time.

Ek Main aur ek tu:-

February 16, 2021: An Intra college virtual duet singing competition was held on 16th February 2021 named "Ek main aur ek tu" was streamed on an online platform. This contest was for students who had soulful voices and wanted to take this talent to the next level. The process of sending the entries was kept as simple as possible so that the students won't face any problems.

For collecting the entries we used Google forms, which consisted of some personal information and uploading the video. Many students took part in this program from which the top 5 were selected. As music has no barrier, students sang various kinds of songs. The atmosphere was filled with melody.

The participants put forth their enthralling performance. The competitors gave out a variety of songs. They came up with such melodious voices which in the run attracted the audience as such. Great support was given from the audience's side. All our young maestros who took part in the competition made the competition a great success. All of them sang to their level best. The winners were well appreciated by the judges.

Finally, Muskan and Jenny became the winner. Volunteers managed this program so well. The singing was unparalleled and the songs covered by the teams gave them a completely new dimension. There was a roar for more music but the competition had to come to an end, which also brought us to the end of the Virtual Octaves 2021.

Two teams of 8 players on either side of rope compete against each other. Each team pulls the rope to their side, and the one which pulls the rope completely, wins. It requires sheer strength and trust in our team members. Dodgeball is another event where you require presence of mind and extreme concentration.

TEACHER'S SPHURTI

From A.Y 2018-19, Sports council started conducting events for college faculty as well! It was a great pleasure to see our favourite teachers perform well outside the classroom. Events such as carrom, Table Tennis, Chess were included in Indoor phase, and Cricket, Throwball was included in Outdoor Phase.

One remarkable thing about this year's Teacher's Sphurti is, Female faculties of our institute came forward and they asked council to teach them Throwball and Cricket. Nearly 10 Female professors participated in Throwball and Cricket Women's event. It was a huge success!

YOGA SESSIONS

Yoga is more than just a workout and it is a combination of four components that consist of postures, breathing practices, deep relaxation, and meditation. This year a great initiative was taken by our Principal Madam (Dr. (Mrs.) J. M. Nair), and this Golden Opportunity was given to none other than Sports Council. These Yoga sessions were organized for all first-year students from 28th January 2020 to 7th February 2020. Over 300 students took part in these sessions.

These sessions were conducted by Mr. Prasad Godse sir (Assistant Professor, INST department) and Mrs. Kajal Jewani Madam (Assistant Professor, CMPN department). Some students who regularly practice Yoga came forward and decided to volunteer to conduct sessions and help the council.

The student volunteers are:

1. Phalguneshwari Borikar (D1)
2. Bhavesh Meghwani (D2C)
3. Tanya Dubey (D4B)
4. Dhvani Serai (D7B)
5. Vaidehi Phaltankar (D11A).

The session used to start daily with a prayer and students were taught about the importance of Yoga. The students were taught various Asanas starting with warming up and stretching followed by the series of Padmasana, Virabhadrasana, Pawan Muktasana, Vajrasana, Balakasana, Sarvangasana, Halasana, Bhujangasana, and ending with Shavasana and Tanpura. After the Yoga session, the Meditation session was taken by This session was taken for 10-15 mins every day. Also, it was appealed to the students to include yoga in their daily routine for its wholesome and salubrious effects on the mind, body, and soul.

On 30th January 2020, our Alumni Mrs. Pallavi Pawar who has done masters in Yoga, visited our college to conduct a Yoga session for our students. Students of D2B attended the session. When asked to students, many of them were very positive about the sessions conducted throughout the week.

Yoga was only possible because of the strongest pillars namely Mr. Prasad Godse sir, Mr. Yogesh Pandit sir and Mrs. Kajal Jewani madam. Without their thorough support, it was not possible.

VESIT Premier League

A.Y. 2018-19

VPL stands for VESIT Premier League, where all the football connoisseurs our college come together to form 8 teams of 15 players. These teams are then divided into two groups of 4 teams each - A and B. First stage is the group stage matches where each team has to win 2 out of 3 matches to proceed to the knockout stage, where only 4 teams remain.

The vice-captains are assigned to the captains randomly, and the captains and vice-captains work together during the auction to form their dream teams! The auction is based on the performance of the players seen by the captains during the selection trials. This season's most expensive buy was Sivanta Beera (D7B) who was bought by Nitish Surve (MCA2A, Captain of Greens), while Tushar Chotlani (D17A) bagged the title of highest scorer by a record of 6 goals

Along with managing the 120 players participating in VPL, the organizers (Kabir Sachdev, Lakshyajit Patra, Farhan Khan) also introduced the card system.

Talent wins games, but teamwork and intelligence win championships. The winners for VPL 2019 are:

Cultural Council Report AY: 2017-18

UDAAN

As a new academic year commences in VESIT, the Cultural Council, comes into existence and kick starts with their very first event, i.e. the Freshers' Party for the very own first year students. It is named Udaan. The council comes up with creative ideas for the same out of which one theme is selected. The entire event then revolves around this theme including the events, dress codes and the decorations.

This event gives the freshers the first opportunity to showcase their talents in college. Potential candidates for other college competitions coming up in the recent future are identified. This is a field for the students to bond with each other and unite together as a class. The first year students prove to be a batch full of talent and enthusiasm and are able to grab all the opportunities given to them with impeccable response and performances. Points are given to students on the basis of their performance in different events and games, and the class with the maximum points wins the "Best Class" award. Other awards like "Mr. and Ms. Freshers", "Best Dancer", etc. are given to the most deserving students.

GANESH AARTI

The Cultural Council organized the Ganesh Aarti in the college during the Ganesh Chaturthi Festival. Humongous number of people including students, staff and the workers graciously attended the Aarti to get the blessings of Lord Ganesh. Arrangements for prayers were made by the council. It was indeed a very holy event and full of positivity.

ILLUSION

Illusion the only league format cultural event in VESIT with the objective of promoting intra-college bonding and identifying the most phenomenal talents in the institution. Illusion provides a grand arena for students to compete with each other and unlock individual potential. The Council discovers a unique formula for a fun filled event which demanded excellence from the participants. The Illusion team extensively scouts the institution for 6 prudent and qualified team leaders who face each other to bring home the championship trophy. The teams work tirelessly to identify the most promising talents from the institution by a series of auditions and interviews, with the team leaders monitoring closely. A fierce auction sees the team leaders lock horns with each other in the battle to find the perfect medley of members for their team. The auction process results in the formation of 42 members in each team led by 6 formidable leaders in portfolios of Music, Dance, Drama, Literature, Visual Arts and Aesthetics. After a fierce competition one of the six teams emerges as the winner. With innovative events planned for each portfolio Illusion is certainly an event to remember for years.

UTSAV

Then comes Utsav, the next instalment in the amazing Cultural Events for the year. The Council sets its sight high and is plans to innovate and revolutionize the event. The three day extravaganza is sure to provide great excitement and anticipation among the students of the institution.

UDAAN'16-GO DESI

The budding engineers of V.E.S.I.T. were welcomed with lots of enthusiasm and gusto by the 2016 Cultural Council. The event was renamed as Udaan thus setting up new hopes of soaring high with the 2016's Freshers. The theme for the day was "Go Desi".

Banners of the "Go Desi" theme covered the amphitheatre and other parts of the college for days before the event. A series of fun events such as Innovation, Dance, Mr and Miss Freshers and a few more games were conducted. Every class showed their participation in making collages and posters with allotted themes and the best one was rewarded at the end of the Event.

A new initiative to generate awareness amongst the teenagers was taken forth by the "Nashabandi Mandal Maharashtra Rajya" by Amol Madame, the founder of the NGO. Similar topics of drug abuse were used by the students for their poster making competitions. The NGO participation was a culmination of combined efforts of the SoRT Council and Cultural Council.

A new event was added up this year called Treasure hunt. This event gave the winners a chance for a direct entry to the Praxis Treasure Hunt.

The Mr. and Miss Fresher faced a tough competition. In the end, Amruta Parab (D2B) became the Miss Fresher 2016 and Somesh Sidhwani (D2C) became the Mr Fresher 2016.

The College Dance Team performed with their dance talents and set a new level in dance for the students. At the end the entire student Council was called upon the stage and a brief introduction was given to the students. Students participated in large numbers in all the events and games.

The Cultural Council worked very hard in making "Udaan" a successful event. It was with their combined efforts, co-operation and management did the students have a great start at V.E.S.I.T. Udaan indeed provided a platform for the newbies to Soar High!

ILLUSION'17: SEE THE UNSEEN

After kick-starting the academic year with "Udaan", VESIT got to witness yet another cultural fiesta: Illusion'17. Illusion is an intra-collegiate competition wherein six teams comprising of students from all the five branches of engineering as well as M.C.A. compete each other in various portfolios like Dance, Drama, Sports, Aesthetics and Music. In addition to these, a new portfolio was introduced by the Cultural Council this year i.e. Visual Arts wherein the video editing and photography skills of various teams were to be tested. Each team comprised of one prudent and qualified team leader, and a managing committee for all the seven portfolios apart from the participants. Illusion '17 was a grand four-day affair which started on 11th January 2017 and went on till 14th January 2017.

Events held on Day-1 were Castle-making, T-shirt painting, Treasure hunt and Case-study. The former two events were for the aesthetics portfolio while the latter were for sports. The teams made wonderful castles and colourful t-shirts under the stipulated time. While these two events were going on in the amphitheatre, parallelly the other two were going on in the college campus. Clues were given to each team as well as they had to perform certain tasks.

Day-2 comprised of portrait-making, amazing race, story writing, spell bee and music events. The topic given to the teams for portrait was Lata Mangeshkar and the event was held in the amphitheatre. Amazing race was an event wherein the teams had to complete a course which had different kinds of hurdles along its way. Story writing and narration was a literary event wherein we got to hear many intriguing stories. The participants were given a phrase with which they had to end their story along with 'breaking the fourth wall'. The last event was the Music event where the teams garnered huge crowd in the amphitheatre with their stunning musical performances.

Day-3 had the following events- modified sports, rangoli making, quiz and drama. The participants had to draw their respective team logos with the help of rangoli. Modified sports was an event where the teams had to play a common game albeit with a twist. Quiz was a literature event where teams were asked questions based on various themes. The audience enjoyed a lot. The last event i.e. drama was a big hit where each team had to display an original act based on a social cause given to them by the council.

The last day comprised of few of the most awaited events of Illusion: Visual arts, B.o.T.S. and Dance. Visual arts, the portfolio which was introduced this year by the council had two events: In the Making-of and Documentary. Both the events were appreciated by the teams and the audience as well. B.o.T.S. i.e. Battle of thirty seconds, kept the audience tied to their seats for quite a long time. As soon as it ended, it was time for the last and most exciting event: Dance. This year, the theme was folkdance and the teams were provided with folkdances of various states. All the teams put up a good show and ended the fiesta with a bang.

This year, team Prevailers, led by Akshay Rathi emerged as winners and won the Best Team trophy. Pujan Sanura, leader of team Imperials won the Best Leader trophy. Thus Illusion'17 came to an end with combined efforts of the cultural council, the teams as well as the various event heads, asst. event heads and the volunteers who co-operated and supported the council till the very end. In a nutshell, Illusion'17 was quite a successful affair.

TEACHERS' DAY CELEBRATION

September 05, that is the birth date of Dr.Sarvapalli Radhakrishnan, is celebrated as teacher's day .

This year, for the first time in V.E.S.I.T., Ayush Shambhuwani, along with the entire cultural council organized a short event for the teachers in order to express their gratitude. Teachers play a vital role in not only imparting knowledge but also shaping the personality of the students. Since the time, we first moved into an educational institution with tiny feet and gleamy eyes, till today, our parents breathe peacefully with the fidelity that we are in our teachers' safe hands. The valuable pieces of information that are inculcated in the students by their mentors each day help them climb another step on the stairway of their success, for their bright future is the sole aim of the teachers.

The programme, hosted by Devansh khakkar commenced by Saraswati vandana by Viraj Bapat and the Music Council of V.E.S.I.T. It was followed by a few words by Sumeet Menon who is an alumnus of the college. He shared his experience of his four years in the college and thanked the teachers for making him the confident and successful person that he is today. A classical dance was presented by Anjana Manoj, who is an established dancer, followed by a speech by Slisha Shetty who expressed the importance of a teacher in the life of every human being and how the teachers strive for the well-being of their students.

The music council by their performances dedicated various songs to the teachers, telling them how much they mean to us. Rutuja Pate, from the electronics department, recited a poem that touched hearts. She told us what and who a teacher really is.

Vivekanand Education Society's

Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

In V.E.S.I.T. students blessed to have teachers who have enlightened not only the careers, but also the lives of students for more than two decades now. To conclude, a small token of appreciation and a letter from the cultural council to express their deepest gratitude was given to the teachers.

It was indeed a wonderful evening that strengthened the precious bond between the students and teachers.

INTERCOLLEGE DRAMAS- NIRDOOSH AND ABHAAS

The V.E.S.I.T. drama team won many laurels this year. They represented the college in various intercollege events. The drama team performed two excellently scripted dramas, one named Nirdosh and the other one Abhaas. They participated in Manzar, Talaash and many more.

Nirdosh, meaning innocent, was a murder mystery where in a whole lot of scenarios revolving around the death of person were enacted. It was quite a thrilling act. Abhaas was a Marathi drama based on hallucinations. The drama team stood second in Kshitij and Talaash while they secured first rank at ICT's Manzar and garnered much applauses. Thus, the drama team made the college proud wherever they went!

UTSAV' 17: THE CULTURAL FIESTA

The Cultural Council had been on their heels for the past few month as the most awaited cultural festival "Utsav" began! The customised week, which began from 7th March, marked the start of "Utsav" as everyone celebrated days like Branch day, where students from every branch were

Vivekanand Education Society's

Institute of Technology

assigned a specific colour of clothes to wear on that day, Corporate day, where girls and boys were dressed in their best professional attire, Clone day, where a group of people dressed as clones, Traditional day, where students wore clothes that represented their culture, Character day, where students dressed as toon characters, Chocolate day, where friendships were preserved through give and take of chocolates. Students were very excited and participated with utmost enthusiasm.

Utsav has always comprised of a huge number of events but this year the number of events were more than sixty as against the forty events held last year. This is the highest number of events held till now! The amalgamation of all portfolios, right from sophisticated events like Model United Nations and Elocution to fun events like Antakshari and Boomerang and Snap that, led a wave of excitement among students and faculty alike to enjoy these series of events.

There were quite a large number of online events this year- Any Body Can Dub, Pun, Boomerang, Spoof it, Carpool Karaoke, etc. to name a few of them. There were events wherein you also had to design the logo of your own class. Utsav was held for two days and so the managing team was in a bit of chaos as the schedule of the events to be planned had many overlapping situations. But as it's said "All's well that ends well", and this cultural extravaganza turned out to be quite a cherishable affair. Let's have a look at the main days of "Utsav".

While the auditions began in February, the Utsav week started from 7th March starting from traditional day, ranging to clone day, branch day, character day, corporate day in their respective order. The first day was mainly filled with aesthetics and literature along with many fun events. There was mono-acting, quizzes, jugalbandi etc. "What's the good word?" was an event that tested the participants' vocabulary and presence of mind. The nerds were given a chance to portray themselves in events like "15 minutes of fame" and 'compiling concepts', an event which was introduced this year. There was toon mania where the participants had to draw cartoons or anime characters without any reference pictures. There was also short film and "janhith mai jari" event held for the visual arts lovers. Newly introduced drama duet and rap along with instrumental competition was also a highlight of day 1 that took place in the auditorium alongside Hindi solo, Hindi duet, western solo and group drama that took place in the amphitheatre. The day ended with a highly awaited solo dance. The second day consisted of many events like BOTS, sing along, personality, etc. However it was the group dance event which marked the end of Utsav 17 with a bang! Thus the cultural council and the managing team put their heart and soul in making the fest a grand success
