Women's Day celebration and Talk by Women Entrepreneurs achievers

2020-21

Report on

International Women's Day

20th March, 2021

Venue : Google meet

Time: 2.00 to 5.00pm

Talk by Women Entrepreneurs and Achievers

Women's Day is celebrated on 8th March every year. This year's campaign theme for International Women's Day 2021 is 'Choose To Challenge'. A challenging world is an alert world and from challenge comes change. The Women Development Cell, Institution's Innovation Council (IIC) and Internal Quality Assurance Cell (IQAC), Vivekanand Education Society's Institute of Technology, Chembur, Mumbai organized a special program to commemorate International Women's Day on 20th March, 2021, Saturday between 2 p.m. and 5 p.m. Three women achievers were invited to talk about their growth, strengths, hunger to achieve, achievements and wonderful experiences - in other words their success stories on the occasion of this beautiful day to celebrate women. The three empowered women who graced the occasion with their thoughtful and enlightening talks were:-

1. Ms. Shanti Raghavan- EnableIndia – Founder – (also alumnus of VESIT)
2. Ms Suprabha Marathe - Chief Engineer - Coastal Road Project, (MCGM)
3. Ms Usha Rajendiran - Director - Charles Schwab

The convener of the event was Dr. Rajani Mangala and Dr. Maya Bhat coordinated it. It was hosted by Ms. Vinita Mishra and Ms. Nusrat.

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

Ms. Usha Rajendiran was the first speaker who is working as Director in Product Mgmt of Charles Schwab. She is an alumni of VESIT B.E(computer science) batch 2002-2006. She completed her Masters of Business Administration from University of California, Davis Graduate school of Management. She has worked with firms like Motif investing, TIBCO Software Morgan Stanley, Lehman Brothers and many more. She is passionate about creating products that simplify our lives. Her specialties include Customer & Competitive Research, Product Strategy, Roadmap planning, Agile Development of Web and Mobile applications. She told three stories related to her academic and professional life which was truly inspiring and motivating.

Ms. Suprabha Marathe was the next speaker. Ms. Suprabha Marathe is currently working as- Chief Engineer - Coastal Road Project and looking after Public Grievances, Coordination with Govt. and Fishermen Compensation Policy, MCGM. She has completed her B.E in Civil Engineering from VJTI, M.E in Structure from VJTI. Apart from this she has also done PG Diploma in Valuation and Real Estate Management and Sustainable Environment Management. Ms. Suprabha Marathe is working with MCGM since 1987. She is a special part of Brimstowad (Brihanmumbai storm water drain) team, Mumbai SWD(Storm water drain) system, technical associate of Chitale committee who studied deluge 2005. She has also worked with RWH (Rain water harvesting) for 11 years, has 16 books, 50+ papers and 150+ lectures to her credit. She has headed Ashray Yojna cell to provide housing for conservancy staff and came up with works for 1000+ workers. She also initiated and led a slum sanitation project and made tenders for 22744 toilet seats, the biggest work in the country in this sector which will keep Mumbai open defecation free. Ms. Suprabha Marathe also headed the Environment Department of MCGM as well and has introduced a proposal for Mithi river flood control by Vihar lake, monitoring back pumping water from vihar lake to bhandup complex, the most novel idea. She shared her valuable experiences from her workplace.

Ms. Shanti Raghavan is an alumni of VESIT. She holds a bachelor's degree in Electronics Engineering (B.E) from V.E.S.I.T, Mumbai University and Master's degree (M.S) in Computer Science from

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

Monmouth University, New Jersey, USA. She has 12 years of experience in the software industry. At New Jersey USA she worked with AT&T, Lucent Technologies and ADP Brokerage Information Services Group. After she returned to India in 1997, she worked with CyberCash India Pvt. Ltd, Tarang Technologies and GE Aircraft Engines IT, as Program Manager / Engineering Manager. She also has teaching experience, having worked as a lecturer at V.E.S.IT, Mumbai for an year and teaching assistant at Monmouth University for two years. She has been teaching part time for over six years. She has many honours and awards to her credit .Her speech was about her passion with which she enlightened all the audience.. She told many inspiring stories about her work experiences of how she inspired differently abled persons and enabled them to earn their livelihood. The session was followed by a question and answer session. The program was brought to a conclusion by a vote of thanks by Ms. Shobha Krishnan, HOD EXTC Department who instilled hope and faith among all women.

Report

Women in Data Science

Speakers:

Ms. Sweta Tanmala, Ms. Aanchal Sharma, Ms. Niki Khokale

Date and Time: 29th February 2020, 10am to 1 pm

Venue: 5th Floor Smart Classroom, VESIT

Attended by: Faculty Members and Third Year Students of VESIT.

Faculty Coordinator: Mrs. Asha Bharambe

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

ABOUT THE PROGRAM

Title of the program: Women in Data Science

Objective: -

A one-day session on Data Science was conducted on 28th February 2020, at VESIT, Chembur in order to motivate women and share knowledge regarding data science, real world problems and how industries are working in this field. This seminar was conducted by WIDS [Women In Data Science] in association with IIC VESIT and Women Development Cell- VESIT

Conduct: -

The session was very interesting and gave detailed information about Data Science and how it is very useful nowadays. It broadened the thinking and introduced some real world problems and some exciting projects. Three women speakers were invited for this seminar

Speaker 1: **Ms. Sweta Tanmala**

Topic: **Visualizing deep network**

wMs Sweta is working with Qure.ai and their company works in the healthcare domain. She gave the information regarding how data science is used in healthcare and introduced us with their application related to diagnosis of abnormalities in X -rays, MRI, CT-Scan. She focused on development of deep learning models and justified the need of such system.

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

Speaker 2: **Ms. Aanchal Sharma**

Topic: **Developing and Maintaining Large scale processing systems.**

Ms Aanchal is working with Jio. She told us about what kind of problems are faced by industries and how they deal with such large datasets. The data is generated on a daily basis and how they process such large data and take useful information from that.

Speaker 3: **Ms. Niki Khokale**

Topic: **Real World Application of Machine Learning.**

Ms Niki is the co-founder of Fountain9. She shared her journey of founding the organization. Key aspects of building scalable ML systems was explained by her. She highlighted the design aspects of building scalable machines.

Chembur, Mumbai 74,

VESIT Training and Placement Cell(tVec)

Accenture Diversity Connect Program

Date: 11/03/2019

Time: 9 am to 12 pm

REPORT

Accenture in association with VESIT training and placement cell held an event on inclusion and diversity in VESIT on 11/03/2019. The main motive of the event was to promote Accenture's Getting to equal mission by 2025. The occasion was also used for the celebration of international women's day.

The dignitaries present for the event were Ms. Kalyani Roy (Managing Director Accenture), Ms. Sejal Parekh (Managing Director Accenture), Ms. Deepa Rai (Campus operation leader for Accenture), Mr. Ajay Kumar Heremat (Zonal Manager Accenture), Ms. Kavita Krishnamurthi (Alumni of VESIT) and Mr. A. Nagananda (Training and placement officer VESIT). The event was hosted by Ms. Nadia Hakani and Ms. Anushree Prabhu.

All the guests were welcomed by presenting a memento from the members of the training and placement cell VESIT. The event started with few fun games including a photography contest, a message writing contest and a social media contest. All the winners were awarded by giving exciting prizes. In the second part of the event Ms. Kalyani Roy & Ms. Sejal Parekh spread a light over Accenture's point of view about gender equality and they also explained the gender imbalance the corporate world is facing today in our country. They also introduced the audience with Accenture's getting to equal by 2025 mission and also showed how they are approaching towards accomplishing it.

The event made it very clear that Accenture does not support any discrimination based on gender, caste, religion, race and physical disability. Accenture purely believes that inclusion and diversity is the way to go forward and they are completely supporting it by employing all kinds of individuals.

The audience was also entertained by some beautiful cultural performances. The audience was very satisfied by seeing Accenture's way of thinking and were really impressed by their inclination towards getting to equal. Audience were happy to know that Accenture is an organization where you really get valued for your work.

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

The session was concluded by awarding all the winners. Accenture also felicitated Ms. Ritika Rajpal, Ms. Shreya Jangale and Dr. Ranjan Bala Jain for their excellent social work. All in all the event was a perfect mixture of fun, content and emotions and the VESITIANS really enjoyed it.

Assertiveness workshop for women

ASSERTIVENESS WORKSHOP FOR WOMEN

IEEE-VESIT in association with VES Leadership Academy and Research Centre(VESLARC) held a self awareness and confidence building workshop for women on the 18th of August, 2018.

This workshop was conducted under the flagship of the Women in Engineering initiative by IEEE.Ms. Piya Mukherjee, an esteemed corporate trainer and the director of VESLARC was the speaker for the afternoon. Around 40 girls from all the departments of VESIT participated in this workshop.

Ms. Mukherjee started of by urging the audience to write down three things that they love about themselves.This question surely provided a chance for the girls to think about themselves in a positive way. Some mentioned patience, kindness and confidence as their strong points while others talked about their hobbies. Ms Mukherjee interacted with the audience from time to time, thus demanding their whole hearted attention.

Since she has been training various corporate employees for the past two decades,Ms. Mukherjee taught the participants the nitty gritty of corporate behaviour.She pointed out some mistakes that women in positions of power usually make while presenting themselves. She urged the girls not to avoid eye contact and be confident while addressing a group of people.

Ms Mukherjee also conducted a fun exercise wherein the girls had to showcase a firm handshake. She truly taught everyone the importance of behavioral communication.

VESIT thanks IEEE and VESLARC for training the girls to be future CEOs, businesswomen and hold other positions of power in the corporate world.

Women's Day Celebration and Session on "Get Empowered with a good Posture"

2017-18

Report on International Women's Day

8 March, 2018

International Women's Day was celebrated by all the lady staff members of the Institution.

A function was organized by Dr. T. Rajani Mangala along with Mrs. Shoba Krishnan of Women Development Cell of VESIT.

Mrs. Shoba Krishnan suggested a colour code to all the departments to make the Women's day more colorful.

Electronics staff - Yellow,
Computers staff -Green,
Instrumentation staff - Beige/Brown,
Electronics and Telecommunication staff - Blue,
Information Technology staff - Maroon,
Master in Computer Applications staff - Peach/light orange,
Humanities and Applied Sciences staff - Light pink/rose,
Non- teaching staff- purple/lilac.

Two short films (in Hindi) were shown at the beginning of the function.

A session on 'Get Empowered with a Good posture' by Mrs. Sangeeta Sundaram, Gokhale Method Teacher for Primal Posture was also arranged for 1.00 pm-2.00pm.

'One minute Fun Games' for each department was organized in which the ladies participated enthusiastically.

Refreshments and Tea were served at the end of the function.

Vivekanand Education Society

(Reg.No. F-1023 BOM.)

Message of Shri Baldev Boolani, Respected President of Vivekanand Education Society (VES)
For The Sharing Information on Progress (SIP) report of VES

28th September, 2020

As the world navigates its way through the present global pandemic, the need for sustainability-embedded thinking has become even more compelling than ever before. Our planet is witnessing how various unsustainable ways of living, such as income inequalities, gender inequalities, and lack of all-round development, is widening the gap between the rich and the poor, the have's and the have-not's. Now, more than ever, it is incumbent upon each one of us, who has enjoyed the privilege of education, to work for and create a more sustainable world.

We, at Vivekanand Education Society (VES), stand more committed than before, for integrating sustainability-linked thinking into our curriculum for school and college students, polytechnic and vocational training institute. We have been privileged and happy to discover and utilise several opportunities for activities that are centered around this theme, in the past one year.

The SIP report of VES therefore spans a diverse range of Sustainable Development Goals (SDG). Our various institutes have chosen to align their respective activities of this domain in alignment with their core competence. Thus, for example, while the VES College of Arts Science Commerce has helped students imbibe learnings for a cleaner and greener planet, VES College of Law has helped sensitize students about various relevant domains including gender justice, and VES College of Architecture has integrated sustainability into the syllabi of its various subjects, to ensure such thinking finds natural expression in the workshops planned for students, and so on.

As a group of over 24 institutes, with over 22,000 students, VES is keenly aware of the potential for impact that our students have, on society and on this planet. Hence, we once again re-affirm our commitment to this cause. Let us join hands to learn from each other, to be inspired and inspiring, so that we can create a worthwhile legacy for our future generations.

Sincerely,

(Shri Baldev Boolani, President, VES)

VES – SIP report 2019-20

touch” for village children	VESIT has adopted five villages under this constructive and wonderful initiative. These five villages are situated in the Wada Taluka of Thane district: 1. Ambisthe Kh (26th September) 2. Asnas (30th September) 3. Gargaon (1st October) 4. Apti (1st October) 5. Aamgaon (1st October).	Climate Action
2. A session on “female hygiene”	Students of VESIT, led by the Social Responsibility Team (SORT) VESIT, alongside 12 teacher-volunteers, who, in turn, were guided by the institute co-coordinator for the UBA, Mrs. Manisha Joshi (EXTC), visited these villages over the course of this flagship program, in order to understand the primary issues that the villagers faced, following which a plan of action was formulated and implemented. All five teams had the same primary objective in their first visit, which was to conduct a survey of these villages and to understand the problems faced by the village and its inhabitants. Some of the teams also managed to conduct a few other activities. The comprehensive plan of action as per the given guidelines was: 1. Awareness program to be conducted about UBA in every village. 2. Report on every visit and its copy to be sent to IIT-Delhi. 3. Feasible solution for every problem to be designed 4. Implementation of planned activity with UBA team to be done.	SDG 5: Gender Equality
3. Cloth bags are distributed and an awareness campaign about the harmful effects of plastic.	Students of VESIT, led by the Social Responsibility Team (SORT) VESIT, alongside 12 teacher-volunteers, who, in turn, were guided by the institute co-coordinator for the UBA, Mrs. Manisha Joshi (EXTC), visited these villages over the course of this flagship program, in order to understand the primary issues that the villagers faced, following which a plan of action was formulated and implemented. All five teams had the same primary objective in their first visit, which was to conduct a survey of these villages and to understand the problems faced by the village and its inhabitants. Some of the teams also managed to conduct a few other activities. The comprehensive plan of action as per the given guidelines was: 1. Awareness program to be conducted about UBA in every village. 2. Report on every visit and its copy to be sent to IIT-Delhi. 3. Feasible solution for every problem to be designed 4. Implementation of planned activity with UBA team to be done.	SDG 6: Clean Water and Sanitation
4. Tree plantation	<p>Scarcity of water and unavailability of proper electric supply were cited as the major concerns across all villages, with hygiene and waste collection also taking the top spots among the issues faced by the locals.</p> <p>Activities conducted by the students included:</p> <ol style="list-style-type: none"> 1. Session on “Good touch and Bad touch” for village children. The session was especially taken because it is the need of the day as the number of cases of assaults and abuse are increasing in villages at a rampant rate, because of lack of sensitization and awareness. 2. Session on “Female Hygiene” was taken and sanitary pads were distributed. Already the work is in progress with NGO’s to install a vending machine for same which will be filled monthly. 3. Cloth bags were distributed and an awareness campaign was organized to make the villagers aware about the harmful effects of plastic. Plastic was collected from village and sent for recycling. 4. Tree Plantation was done as part of afforestation initiatives.
