Exam Reform Orientation for second year/third year and final year students :

The Exam Orientation Program was conducted for second year, third year and final year students on **25th August 2023** to prepare students for upcoming examinations by providing them with essential information, resources, and strategies to succeed.

Speakers: Prof. Rupali Soni, Prof. Geocey Sheji, Prof. Sujata Khandaskar

Objectives of the program:

- Help students understand the exam format and expectations.
- Provide access to resources that aid in exam preparation.
- Boost students' confidence and reduce test-related anxiety.
- Foster a supportive learning environment through peer interaction.

Team 1 ERP-NEP

Mentor: Richard Joseph, Priya R.L, Sunita Suralkar

Project Title : EduWorld

EduWorld - NEP based Academic ERP

Department of Computer Engineering
Richard Joseph, Priya R.L, Sunita Suralkar

Motivation / Abstract	Goals	Proposed Solution
<ul style="list-style-type: none">In the ever-evolving landscape of education, managing the complexities of an educational institute efficiently is a paramount challenge.NEP (National Education Policy) is a game changer and exiting solutions in the market does not cater to itWe are pleased to present our visionary business plan for an ERP system designed specifically to cater to the unique needs of educational institutes.Our ERP solution aims to revolutionize the way educational institutions operate, bringing a new level of efficiency, transparency, and collaboration.	<ul style="list-style-type: none">With cross-departmental course management, organizations can create and manage course catalogs, assign courses to employees, track training progress, and generate reports on training outcomes.It involves the process of assigning credits to specific courses, tracking student progress, and ensuring that students meet the necessary requirements to earn creditsIt allows educational institutions to efficiently allocate resources, plan classes, and ensure that courses are scheduled in a way that minimizes conflicts and maximizes student participation	<ul style="list-style-type: none">Most ERP systems successfully monitor student attendance and track academic progress, reducing manual work and resource expenditure.However, there's limited support for dynamic timetable data, and online exam features vary widely among systems. Notably, only the government ERP system aligns fully with the National Education Policy (NEP), while other providers lag behind in NEP implementation.These findings reveal the strengths and areas for improvement in Indian education ERP systems.
Strategy	Modules	Conclusion
<ul style="list-style-type: none">Web application-DjangoCloud based serviceSubscription based productSecurity using blockchainOn demand subscription  	<ul style="list-style-type: none">Student Information Management<ul style="list-style-type: none">Student Attendance TrackingStudent Academic RecordsAcademic Planning and Course Management<ul style="list-style-type: none">Curriculum ManagementExam and Grading ManagementAcademic Progress MonitoringClass Scheduling and TimetablesFaculty Assignment and SchedulingAcademic Research and PublicationsInternal Messaging and Notifications	<ul style="list-style-type: none">In conclusion, our visionary business plan for an ERP system designed specifically for educational institutes stands as a transformative solution in the rapidly evolving landscape of education.Our ERP solution offers a centralized hub that caters to every critical aspect, from student information management and academic planning to faculty coordination, course management, and beyond.By providing a cohesive platform, we empower educational institutes to optimize their resources, enhance productivity, and deliver an exceptional learning experience for students.

Department of Computer Engineering
Activities for Students
2023-24

Agenda:

VESIT is awarded an Autonomous status. The primary objective of this event was to foster a stronger connection between the institution and the parents of enrolled students and awareness of autonomy and its implications through:

1. SkillSet requirements
2. Examination Reforms
3. Academic Schedule

As parents, awareness and understanding of the benefits of autonomy to the student in the department of computer engineering would form an integral part in ensuring a seamless transition into the autonomy mode of education .

It provided an opportunity for parents to gain insight into the college experience of their children, interact with faculty and staff, and explore the campus facilities.

Internal Hackathon for SIH 2023

VESIT had called registrations for SIH 2023. 68 software teams and 11 Hardware teams were registered.

The elimination Round was conducted by VESIT Renaissance Cell. 41 software teams and 7 hardware teams were shortlisted for the Internal Hackathon. Internal Hackathon was conducted in offline mode on 16th September 2023 in VESIT Library from 9:30 am to 3:30 pm . The event was judged by various industry experts. 30 final teams(24 software+ 6 hardware) and 5 waiting teams(5 software) were shortlisted for SIH 2023. Out of 30 Final Teams 12 Teams and out of 5 waitlisted teams 3 were selected from Department of Computer Engineering

- 2. Speakers:** Varun Sharma (CoFounders of StepSecurity) and Mr. Ashish Kurmi (CMPN-2010), Co-Founder & CTO at StepSecurity | Ex-Plaid | Ex-Uber | Ex-Microsoft

Given that CI/CD is a high-privileged environment that builds release artifacts and has admin cloud credentials, there has been an increase in attacks on CI/CD pipelines. The importance of CI/CD Security has been underlined by recent guidance from the Cybersecurity & Infrastructure Security Agency (CISA) and the National Security Agency (NSA)

StepSecurity Harden-Runner is an open-source runtime security solution for GitHub-Hosted and self-hosted Kubernetes Actions Runner Controller (ARC) environments, is being used by over 1,500 open-source projects, including projects from Google, Microsoft, and DataDog.

In this webinar, the participants got the opportunity to follow hands-on labs from GitHub Actions Goat by StepSecurity, an open-source educational project that simulates common security attacks and vulnerabilities in a CI/CD environment and shows how to defend against such attacks."

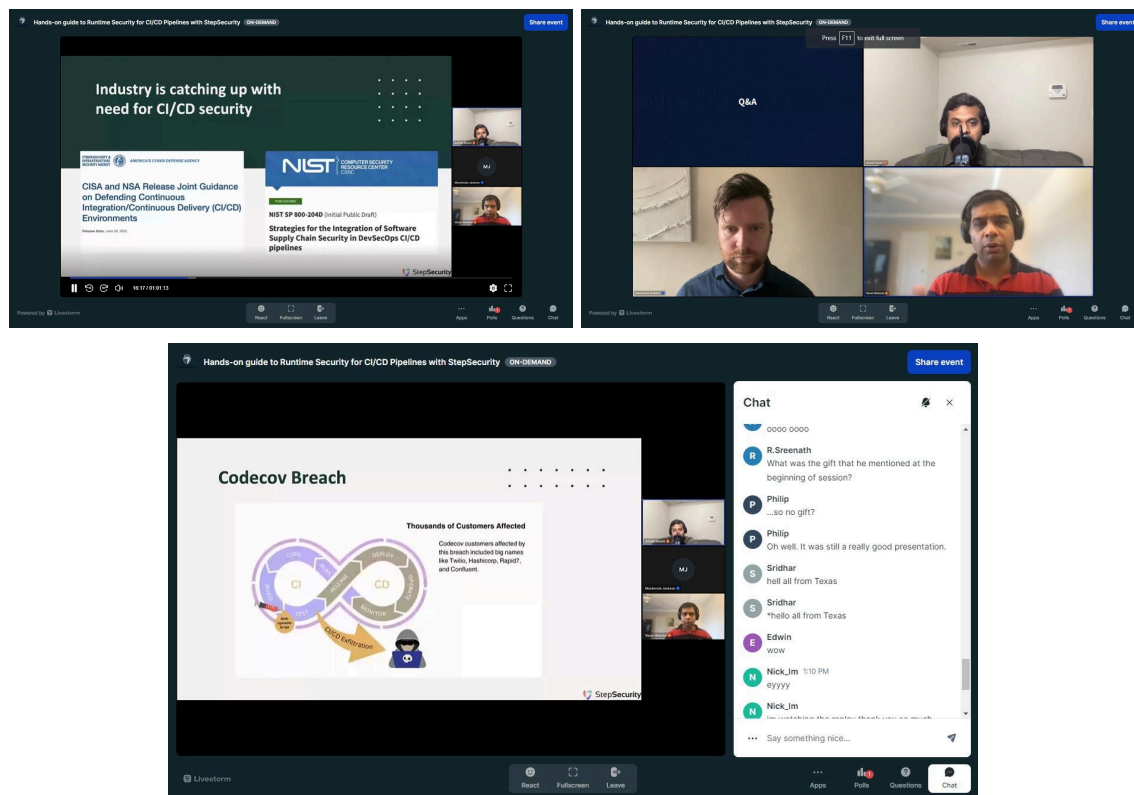

Event Poster:

The poster is for a webinar titled "Hands-on guide to Runtime Security for CI/CD Pipelines with StepSecurity". It is part of the V-REACH '23 initiative, an alumni engagement initiative by IQAC in association with the Institute Innovation Council (IIC). The event is presented by the Department of Computer Engineering. The speakers are Mr. Ashish Kurmi (CMPN-2010), Co-Founder & CTO at StepSecurity, and Varun Sharma. The event is scheduled for Tuesday, 26th September 2023, at 8:30 PM IST. The poster also lists the organizing committee members: Dr. (Mrs.) Nigam Gauri (HOD, CMPN), Dr. (Mrs.) Gresha Bhatia (HOD, CMPN), Mrs. Indu Dokare (Vice-Chancellor, CMPN), Mr. Richard Joseph (Vice-Chairman, CMPN), Shri. R. L. Boodani (Managing Trustee, VES), Dr. (Mrs.) J. M. Nair (Principal, VESIT), and Dr. (Mrs.) M. Vijayalakshmi (Vice Principal, VESIT).

Skills for Career Advancement**
IQAC Event ID : VESIT_2023_24_UID-0034

In today's rapidly evolving job market, merely possessing technical expertise is no longer sufficient for career advancement. Join us for a dynamic and thought-provoking discussion on the innovative essential skills crucial for navigating and thriving in the professional landscape of tomorrow. Discover how adaptability, creativity, emotional intelligence, and critical thinking are not only desirable but indispensable assets in the workplace of the future. Through engaging anecdotes, real-world examples, and interactive exercises, you'll gain practical insights into cultivating these competencies and leveraging them to propel your career forward. Whether you're a seasoned professional or just starting out, this talk will equip you with the tools and strategies you need to future-proof your career trajectory and unlock your full potential in an ever-changing world.

12 Technology Day - Department Day (20th March 2024)

The Department organized the following events as part of Department Day/ Technology Day - 2024, celebrations on March 22-23, 2024.

12.1 Pradarshini' 24 - Project Exhibition:

- Date: March 22nd, 2024.
- Time: From 11:00 am to 1.30 pm
- Description: This event showcases academic and Industrial projects in which the students of Second, Third, and Final year computer engineering showcase their technical prowess . Projects shortlisted for display are coordinated by Project@CMPN.

Vivekanand Education Society's Institute of Technology
(Autonomous Institute Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

Activities for Students

2023-24

The poster for Pradarshini'24, Department Technology Day 2023-24, is a vibrant blue and yellow design. It features the Vivekanand Education Society's Institute of Technology logo at the top left, followed by the text "(An Autonomous Institute Affiliated to University of Mumbai)" and "Department of Computer Engineering in association with VESIT IQAC & VESIT IIC Presents". The main title "PRADARSHINI'24" is prominently displayed in large, bold, yellow letters. Below it, the subtitle "Fostering Innovation through Project Competition" is written. The event dates "MARCH 22 & 23, 2024" and time "10:30 AM ONWARDS" are listed, along with the venue "Lab 307, 308, 309 & 310". A list of "Areas of Specialization" includes AI, Deep Learning & DWM, Big Data Analytics & Machine Learning, IoT & Robotics, Image Processing, Networking Security & Blockchain, High Performance Computing, Cloud Computing, and Application & Product Development. The poster also mentions the Project Convenor, Dr. Mrs. Gresha Bhatia, and Project Coordinators, Mrs. Vidya Zope (S.E.), Mrs. Priya R.L. (T.E.), and Mrs. Mannat Doultani (B.E.). A five-step process is outlined: 1. Problem Identification, 2. Literature Survey, 3. Analysis & Development, 4. Implementation, and 5. Results & Evaluation. Logos for various organizations like tifr, Smart India Hackathon 2023, ONETURE, and others are shown at the bottom. Contact information for the Department of Computer Engineering is provided at the very bottom.

Judges evaluating projects

12.2

BuzzPro' 24 - Technical Paper Contest: This event aims to foster the culture of research and encourage the Second year students for research publication .It is organized by the Research@CMPN of the Computer Engineering Department.

- **Date:** March 22nd, 2024.
- **Time:** 11:00 am to 01.30 pm.
- **Name of the Judges:**
 - **Ms. Sanika Chavan** (Senior Development Engineer @ Carwale)
 - **Dr. Machhindra Patil** (Associate Professor @ VESIT.)

Vivekanand Education Society's Institute of Technology
(Autonomous Institute Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

Department of Computer Engineering

Activities for Students

2023-24

- **Name and details of the Convener : Dr. (Mrs) Nupur Giri** (HOD, Department of Computer Engineering)
- **Name of the coordinators:**
 - **Dr. (Mrs.) Sharmila Sengupta** (Associate Professor, Computer Engineering)
 - **Mrs. Lifna C.S.** (Assistant Professor, Computer Engineering)
 - **Mr. Richard Joseph** (Assistant Professor, Computer Engineering)

BuzzPro'24 is an opportunity for Second Year Computer Students to explore, investigate, analyze the experience of writing a technical paper. Entire 2nd year students having a count of around 180 participated in the event out of them, 14 groups were shortlisted in the first round. Finally, 9 Second Year Computer Engineering groups presented their papers after the 2nd round. They were selected among 14 papers through External Reviewer's comments and Plagiarism reports. It was judged by an Alumni & Industry Expert - **Ms. Sanika Chavan (Alumni - 2019 CMPN)**, Senior Development Engineer @ Carwale, and **Dr. Machhindra Patil**, Associate Professor in the Department of Computer Engineering, VESIT.

13	Tinkerers' Lab : Code Cell Activities
13.1	<p>Web Verse 2023 : The workshop was Organized By CodeCell Tinkerer's of Computer Engineering Department of Computer Engineering In Association with VESIT - Institution's Innovation Council and VESIT - Internal Quality Assurance Cell</p> <p>Speakers: Sadhak Kumar, D12C, CMPN Chengalva Sai Harikha, D12A, CMPN</p> <p>Coordinators: Prof. Mr. Richard Joseph, Codecell Student Team</p> <p>The web development workshop, Web Verse convened on 22nd August 2023 and 23rd August 2023 at VESIT by Codecell Tinkerer's from the Computer Engineering Department, proved to be a resounding triumph in fulfilling its educational and skill-building objectives. Designed to provide participants with a holistic initiation into the realm of web development, the workshop encompassed an array of subjects ranging from core web technologies like HTML, CSS, and JavaScript to pivotal concepts including responsive web design, and the implementation of best practices in web development. Participants were taught and challenged to make personal portfolio websites as a task in the workshop. Overall, the workshop was a huge success.</p>

Guidance Session to excel beyond academics

Name of the Speakers: Attreyee Mukherjee & Piyush Chugeja

Co-ordinator: GDSC VESIT Core team

The online Guidance session hosted by Codecell Tinkerer's of the Computer Engineering Department on December 17, 2023, provided valuable insights for participants. Led by speakers Attreyee Mukherjee and Piyush Chugeja from D12B, students gained practical tips to succeed academically and beyond. The session emphasized excelling in exams, honing technical abilities, and enhancing communication skills, delivering a rich learning experience.

13.5	<p>Introduction to Open Source and GSOC:</p> <p>The online 'Info to Solution Challenge' session, organized by GDSC and CodeCell Tinkerer's of the Computer Engineering Department, took place on December 16, 2023. The event aimed to provide insights into participating in Solutions Challenge 2024. Vatsal Adhiya, a distinguished Flutter Developer and top 100 finalist from the Google Solution Challenge 2023, served as the Guest of Honour. Currently pursuing CSE at IIIT Kota, Adhiya shared his Solution Challenge journey, presented his project, discussed mentorship experiences, and offered insights into the tech stack used. The session concluded with a Q&A session.</p> <p>Poster for the Event</p>

13.6 Flutter Add On Course:

The "Flutter Add On Course," organized by GDSC and CodeCell Tinkerer's of Computer Engineering Department, took place over three days on February 1st, 3rd, and 4th, 2024. The workshop provided comprehensive guidance on Flutter Application Development. Participants learned from basics to advanced topics, including Dart Programming Basics and integrating Gemini AI functionalities into Flutter projects. Through practical project work, students honed their skills and gained a deeper understanding of Flutter, enhancing their proficiency in application development.

13.7 Gemini workshop: Hands on workshop for Flutter add on course

The Gemini workshop, held on February 2nd, 2024, and organized by GDSC and CodeCell Tinkerer's of Computer Engineering Department, provided participants with a hands-on experience in Generative AI using the Gemini platform. Led by Piyush Chugeja, Web Dev Lead at GDSC VESIT, the workshop delved into the fundamentals of Generative AI and explored the advanced features of Gemini. Through interactive sessions and discussions, attendees gained insights into the transformative potential of AI technology, sparking curiosity and innovation. The workshop aimed to inspire participants to push the boundaries of possibility in the evolving landscape of artificial intelligence.

13.8 Syrus Hackathon 2024

Syrus Hackathon 2024 powered by Devfolio and associate sponsors Github, Polygon, Microsoft Learn Student Ambassador, ETH India and Give my Certificate was organized by Codecell Tinkerer's from the Computer Engineering Department, VESIT. Syrus is focused on promoting innovation, diversity, and networking among all future engineers. The Hackathon was conducted for 2 days, 20th February 2024 to 21st February 2024 and was attended by 270 students. The Hackathon was a 24-hour intense session. Each panel of judges consisted of 3 codecell members along with 1 judge (VESIT Alumni). The judges for the final evaluation round were:

WEB 2.0:

Judge 1: Manas Mangaonkar

Judge 2: Arnav Bagchi

Judge 3: Amit Chhabria

Judge 4: Mrunmayee Waingankar

WEB 3.0:

Judge 1: Mcvean Soans

GenAI:

Judge 1: Sreekesh Iyer

The prizes for the Web 3.0 domain are yet to be declared.

Web 2.0 Winners along with prize money:

1. First Place (₹8000): Fireflow
2. Second Place (₹5000): Khaana khazana
3. Third Place (₹3500): Yaan
