He began his professional life as a mathematician; established himself as a successful teacher of mathematics at Universities in Mangalore, Coimbatore After joining as University Librarian he was possessed by a mission to modernize Indian librarianship, university libraries and library science education. To achieve this he worked at intellectual, administrative, political and social levels. The Government of India awarded Padma Shri to Dr. S.R. Ranganathan for valuable contributions to Library Science.

Independence Day

1 5th August 1947 is the day embossed in the golden history of India. It is the day when India got its freedom from the 200 years of British rule. It was a hard and long non-violent struggle in which many freedom fighters sacrificed their lives for our beloved motherland.

Independence Day is like the birthday of our country. It is called the red-letter day in the history of our country and celebrated as a national holiday.

On this special occasion, the people of India remember the selfless sacrifices and unparalleled contributions of great men and women to achieve the independence of India. Leaders like Mahatma Gandhi, Jawaharlal Nehru, Subhas Chandra Bose, Maulana Abdul Kalam Azad, Sardar Patel, and Gopalbandhu Das are paid reverent homage by one and all in the country. Independence Day is observed with great honor at all the government and private institutions, schools, and colleges. Students take part in parades, sing the National Anthem before hoisting the National Flag. To celebrate this occasion, sports, and cultural competitions are conducted and prizes are awarded to the winners. Sweets are distributed to all. Patriotic songs can be heard at every street corner.

This day reminds us that our forefathers have done their share of duty and now it lies in our hands how we can shape and form the future of our country. They have played their part and have played it really well. The country now looks up to us as to how we perform our part. A wind of patriotism and National integration blows across the country on this day.
