# BNP Paribas

**Strictly Private & Confidential**

**Raja Gwalani**

**January 19, 2022**

Dear **Raja**,

## **Internship Letter ("Agreement")**

We are pleased to offer you a position as a Student Intern with **IT Department** of BNP Paribas India Solutions Pvt. Ltd ("BNPP") in India on the terms and conditions set out in this Agreement.

For the purposes of this Agreement, an "affiliate" shall include any subsidiary or holding company of BNP Paribas.

### **1. Period of Internship**

The term of your internship will be for a period of **5 Months**, commencing on **January 20, 2022** and ending on **June 17, 2022**. For the avoidance of doubt, the terms and conditions of internship set out herein will be effective from the date you commence your internship with BNPP.

### **2. Internship Allowance**

2.1 You will receive an internship allowance of **INR 50,000** (less applicable deductions) per calendar month (pro-rated for any incomplete month of internship). You acknowledge and agree that you will not receive any other benefit (in cash or in kind) from BNPP.

2.2 You may be permitted, at the discretion of BNPP, to be absent from your internship for urgent personal reasons for a period not exceeding 10 working days, and no deduction from your internship allowance will be made provided you have obtained prior written permission from BNPP for such absence. For the avoidance of doubt, deduction from your internship allowance will be made in respect of any unauthorized absence.

### **3. Place of Internship**

Your place of internship will be at our offices in **Mumbai** or such other location(s) within India as BNPP may require from time to time. During the course of your internship with BNPP, you may be assigned to any current or future divisions or departments of BNPP or its affiliates. You may also be required to travel within India or overseas as BNPP may request from time to time.

### **4. Hours of Internship**

4.1 Your core internship hours are from 9:30 a.m. to 6:00 p.m., Monday to Friday (including half an hour lunch break). Your normal rest day will be Sunday (or such other day scheduled as a rest day). Saturday will normally be a contractual day off (unless an alternative contractual day off is scheduled). BNPP reserves the right to adjust the internship hours at its discretion.

4.2 From time to time you may be required to perform your internship duties outside the abovementioned core hours in order to meet our business needs and your individual objectives. You acknowledge and agree that you will not receive additional payment for any internship duties you perform outside of the abovementioned core hours.

Dear Swarupa,

we are very happy to tell you that we have selected a promising intern called Akansha to work with us from January 2022 onwards.

Our college recruiting partner has informed Akansha and she accepted the offer.

Can you please kindly start the contracting process and setup the necessary documents?

Dominik is out for 2 weeks and I am supporting during that time.

@Akansha: Please feel free to reach out to us in case of questions. Your main contact besides Justin Thomas is his team lead Dominik de la Rosa. I am managing the BI department of Clariant and can step in during Dominik's absence.

@Hitesh Jain: It might be you need to sign contract due to legal regulations as IT Applications representative in Mumbai. Please contact me for further input if needed.

Best Regards,

Katrin

## Project\_4: NASEOH PLACEMENT MANAGER

**Collaboration with:** NASEOH

**Problem Statement:**

To make an app for an NGO which has disabled students. The app should focus on managing the placement procedure, get information about the incoming companies, and records of the students placed.

**Solution:**

Our proposed system provides the user multiple additional functionalities in addition to a basic placement management system which ensures the ease in various tasks that needed to be done manually previously. It is a customised system that is designed specially as per the need of the placement department of an NGO. Our proposed system allows users to register the candidates, print the filled registration forms, search or view and update student/candidate records, company records as well as records of currently available placement offers in addition to other features . Along with these some special features that our system offers are:

- Searching tables over multiple criteria.
- Generating an excel.
- A special feedback feature that has feedback about students from NGO, companies and the students themselves.
- Adding Excel data to the system.
- Generating a PDF.

**Current Status:**

Last demo for the confirmation of deployment is to be given.

## Certificate of Completion

This is to certify that the following students of the Department of Computer Engineering from Vivekanand Education Society's Institute of Technology, Chembur, have worked on the Final year project on **“Wireless extraction of Display Panel Data on complex machines using non-invasive and wireless approach with ML techniques”**, mentored by Prof. Priya R.L and Prof. Nusrat Ansari” under my guidance at TIFR.

1. Ajay Nair 2. Manigandan Kasimani 3. J N Guru 4. Akash Varun Tripathy

The students worked on an application that uses real-time streaming video processing and text detection and recognition using YOLO V5 Model, from July 2022 to June 2023. The project was found good by our group and has been successfully deployed at TIFR. My best wishes for their bright career and hope they keep performing well.

## Certificate of Completion

This is to certify that the following students of the Department of Computer Engineering from Vivekanand Education Society's Institute of Technology, Chembur, have worked on the Final year project on "Automated visual inspection of silicon detectors in CMS experiment" mentored by Dr. Nupur Giri and Prof. Richard Joseph under my guidance at TIFR.

1. Amit Dinesh Chhabria
2. Rashmi Manwani
3. Priyanka Asrani
4. Swarangi Dali
5. Vaishnavi Ainapure
6. Ajay Singh Khalsa

The students worked from July 2021 to June 2022 on an application that lays the groundwork for building an automated visual inspection system that can detect manufacturing defects in the wire bonds of the silicon sensor modules as there can be no margin of error when it comes to quality control. The project was completed satisfactorily and has been successfully deployed at TIFR. My best wishes for their bright career and hope they keep performing well.

This is to certify that the following students of the Department of Computer Engineering from Vivekanand Education Society's Institute of Technology, Chembur, have worked on the Final year project on "Gujarati Script Recognition using Deep Learning Techniques" mentored by Prof. Priya R. L and Prof. Lifna C. S under my guidance at TIFR.

1. Aabha Ranade      2. Dhvani Serai      3. Dhiren Soneji      4. Abhinav Sharma

The students worked on an efficient and accurate system which converts images of Gujarati text into a digital machine-readable format that can be copied, edited and spell-checked for eliminating errors, from July 2021 to June 2022. The project was completed successfully as per specifications. My best wishes for their bright career and hope they keep performing well.

## Certificate of Completion

This is to certify that the following students of the Department of Computer Engineering from Vivekanand Education Society's Institute of Technology, Chembur, have worked on the Final year project on "Secured Data Communication" mentored by Dr. Sharmila Sengupta and Prof. Sunita Suralkar under my guidance at TIFR.

1. Prem Chhabria
2. Jay Jhaveri
3. Abhay Gupta
4. Neeraj Ochani

The students worked from July 2021 to June 2022 on an application that provides the users a real time off the grid secure and private messaging service. The project was found good and has been successfully completed with given specifications. My best wishes for their bright career and hope they keep performing well.

This is to certify that the following students:

- 1) Swarangi Dali (D12C/13)
- 2) Sakshi Haswani (D12C/25)
- 3) Etisha Mathurvaishya (D12C/39)
- 4) Dimple Nachnani (D12C/45)

of The Computer Engineering Department of VESIT have successfully implemented a project in collaboration with the Department of Psychiatry, B.Y.L Nair Ch. Hospital titled "AiDD: Assisting ADHD children and doctors app" using ML under the guidance of Prof. Sharmila Sengupta(VESIT), DR. Swati Shelke and Dr. Alka A. Subramanyam ( Nair Hospital).

The app has been designed keeping in mind needs of the said population. Further, this has been submitted to us so that we can explore the possibility of a research project using the same subject to Institutional Ethics Committee approval.

The above students designed and modified the AiDD app from scratch as per the inputs they received from our medical team.
