Progress is mankind's second nature. Always evolving, trying to scale the rockiest terrain to unlock greater achievements. Awaiting you are multitudes of extraordinary accomplishments that hope to ignite the spark in you. With a great response to our previous edition, we present to you the fourth installment of our newsletter.

Message from the Department

Mrs. Sharmila Sengupta

It's up to us today to start making healthy choices in our lives; not choices that are just healthy for our body, but also for our mind, so as to develop a state of well-being in which each of us in the department would realize their own potential, could manage with the normal senses of life, work productively and would be able to make a contribution to our community directly or indirectly.

By making right changes in our immediate environment and offering support to our classmates /colleagues, we can scale better heights, and the department is committed towards it.

Along with academic intelligence, emotional intelligence plays another key role in managing behavior, navigating social complexities to make personal decisions that would achieve positive results.

At the same time, "there's legitimately no substitution for hard work." So let's pledge for our academic, personal and social competence within the department.

**"Where the mind is without fear and the head is held high;
Where tireless striving stretches its arms towards perfection....."**

OUR VISION

To reach international standards by empowering students with computing skills and cutting edge technology.

OUR MISSION

To sustain excellence in teaching and research and create centre of excellence. To provide broad Educational and Research experiences through interdisciplinary and industrial collaboration programs. To prepare students to enter the world of computing and make them ready for productive employment in the public or private sectors, enhance their entrepreneurship skills and motivate them to pursue advanced degrees.

Program Educational Objectives

- I. To provide students with a solid foundation in their core concepts of mathematical, scientific and computer engineering and fundamentals required to comprehend, analyze and design solutions for real life problems.
- II. To inculcate in students, a balanced outlook with professional and ethical attitude, develop effective communication skills, teamwork and leadership qualities with multi disciplinary approach.
- III. To prepare students to excel in postgraduate programs through an excellent academic environment and make them ready for productive employment in the public or private sectors, provide lifelong learning experience.
- IV. To provide broad educational and research experience through interdisciplinary and industry programs.

Program Outcomes

PO1 (a) Basic Engineering knowledge: An ability to apply the fundamental knowledge in mathematics, science and engineering to solve problems in Computer engineering.

PO2 (b) Problem analysis: Identify, formulate, research literature and analyse computer engineering problems reaching substantiated conclusions using first principles of mathematics, natural sciences and computer engineering and sciences.

PO3 (c) Design/ Development of Solutions: Design solutions for complex computer engineering problems and design system components or processes that meet specified needs with appropriate consideration for public health and safety, cultural, societal and environmental considerations.

PO4 (d) Conduct investigations of complex engineering problems using research-based knowledge and research methods including design of experiments, analysis and interpretation of data and synthesis of information to provide valid conclusions.

PO5 (e) Modern tool usage: Create, select, and apply appropriate techniques, resources, and modern engineering and IT tools, including prediction and modeling to complex engineering activities, with an understanding of the limitations.

PO6 (f) The Engineer and Society: Apply reasoning informed by contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to computer engineering practice.

PO7 (g) Environment and Sustainability: Understand the impact of professional computer engineering solutions in societal and environmental contexts and demonstrate knowledge of and need for sustainable development.

PO8 (h) Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of computer engineering practice.

PO9 (i) Individual and Team Work: Function effectively as an individual, and as a member or leader in diverse teams and in multidisciplinary settings.

PO10 (j) Communication: Communicate effectively on complex engineering activities with the engineering community and with society at large, such as being able to comprehend and write effective reports and design documentation, make effective presentations and give and receive clear instructions.

PO11 (k) Project Management and Finance: Demonstrate knowledge and understanding of computer engineering and management principles and apply these to one's own work, as a member and leader in a team, to manage projects and in multidisciplinary environments.

PO12 (l) Life-long Learning: Recognize the need for and have the preparation and ability to engage in independent and life- long learning in the broadest context of technological change.

Program Specific Outcomes

PSO1: Professional Skills: The ability to develop programs for computer based systems of varying complexity and domains using standard practices.

PSO2: Successful Career: The ability to adopt skills, languages, environment and platforms for creating innovative carrier paths, being successful entrepreneurs or for pursuing higher studies.

Faculty Contributions

Courses Conducted

Short Term Training Program

ISTE Approved STTP on “Computer Network Security - A Laboratory Approach”

Organized by - Dept of Computer Engg, AIKTC, New Panvel

Date - 11th -16th July 2016

Conducted by - Dr. Nupur Giri

Workshops Conducted

Virtual Reality Development Using ADOBE AE with Google cardboard

Organized by - Intellysys ASP, Mumbai & Fusion Finland, Finland

Date - 25th - 26th July 2016

Conducted by - Mr. Aditya Premi, Miss. Ramya Jayanthi

Cloudera Academic Training for “Developing with Spark and Hadoop”

Organized by - VESIT

Date - 26th Sept - 7th Oct 2016

Conducted by - Mrs. Sujata Khedkar

Open Source Programming Workshop on Advanced Networking

Organized by - VESIT

Date - 20th Oct 2016

Conducted by - Mr. Richard Joseph & Mr. Mohan Pawar

Technology Convergence and its practices (Proposed)

Organized by - SPIT

Date - 19th - 23rd Dec 2016

Conducted by - Mrs. Anjali Yeole

Summer School

Data Analytics using R Programming

Conducted by

Mr. Manish Jain, Delflip Edusense Pvt Ltd

Date

11th July 2016 - 14th July 2016

FOSS Technologies with Python Programming

Incharge

Priya R L

Date

11th July, 2016 - 12th July, 2016

Virtual Lab

Virtual Lab has been conducted for all final year students by Mrs. Sharmila Sengupta, Mrs. Snehal Mane, Ms. Poonam Gholap for the subject Digital Signal Processing (Source : IIT, Kharagpur).

Skill Enhancement Lecture

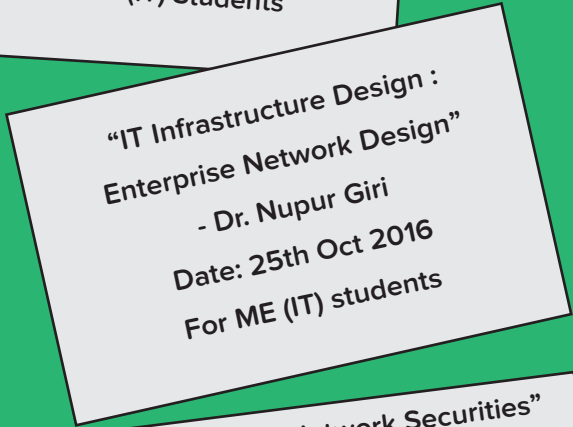

“Object Oriented Programming Concepts”
- Mr. Sujeer Shetty, Capgemini
Date: 30th Sept 2016
For Second Year Students

“Computer Networks & IoT”
- Mr. Hemant Bharati, CISCO
Date: 29th Sept 2016
For third year students

“IT Infrastructure Design : Enterprise LAN Design”
- Dr. Nupur Giri
Date: 26th Oct 2016
For ME (IT) Students

“IT Infrastructure Design : Enterprise Network Design”
- Dr. Nupur Giri
Date: 25th Oct 2016
For ME (IT) students

“Business Intelligence”
- Mr. Vinaykumar Lad, Capgemini
Date: 3rd Oct 2016
For Third Year Students

“Social Network Securities”
- Mr. Ajitesh Gadwe, Secroute Pvt. Ltd.
Date: 24th Oct 2016
For Fourth Year Students

NPTEL Video Sessions

NPTEL VIDEO LECTURE

SECOND
YEAR

“AVL, B Tree, B+ Trees”
by Prof. Das, IIT

07 / 10 / 2016

SECOND
YEAR

“Sequential Circuits”
by Prof. S. Srinivasan,
IIT Madras

07 / 10 / 2016

NPTEL VIDEO LECTURE

THIRD
YEAR

“UML Diagrams”
by Prof. Partha Pratim Das,
IIT Kharagpur

07 / 10 / 2016

Courses Attended

| Attended by | Course Description | Organized by | Date |
|--|---|--------------------------------|--|
| -Mrs. Lifna C.S. | FDP on Use of ICT in Education for Online and Blended Learning | IIT Bombay | 2 nd May - 3 th Aug'16 |
| -Mrs. Sujata Khedkar | Text Analytics | C- DAC Kharghar | 16 th -18 th June'16 |
| -Mr. Richard Joseph - Mr. Mohan Pawar | STTP on Emerging Trends in Cloud Computing with IoT and Big Data | Atharva College of Engineering | 4 th - 15 th July '16 |
| -Mrs. Sujata Khedkar` | Predictive Analytics and Recommender Systems | C- DAC Kharghar | 14 th - 16 th July '16 |
| -CMPN Faculty | Intellectual Property (IP) and the rights associated with IP and Patent law | Dr. Krishna Lala, IIT Bombay | 22 nd July '16 |
| -CMPN Faculty | Graph Matchings and Wireless Communications | Mr. Rahul Vaze, TIFR Mumbai | 16 th Sept '16 |

| -Dr. Nupur Giri -Mrs. Indu Dokare | Home Automation using Panoramic Image | Utilization for societal benefit |
| -Mrs. Lifna C. S. -Dr. M.Vijayalakshmi | Location based alert system using twitter analytics | Social analytics for societal benefits |
| -Mrs. Abha Tewari -Mrs. Smita Jangale | Machine learning based spam filtering and detection | Detection of malicious contents on social websites |

Syllabus Setting of UG and PG Courses

Faculties of the Computer Engineering Department are involved in the syllabus revision panel - 2016 for UG & PG courses (ME Computer Engineering , ME IT)

Total number of faculty : 05

Total number of subjects : 11

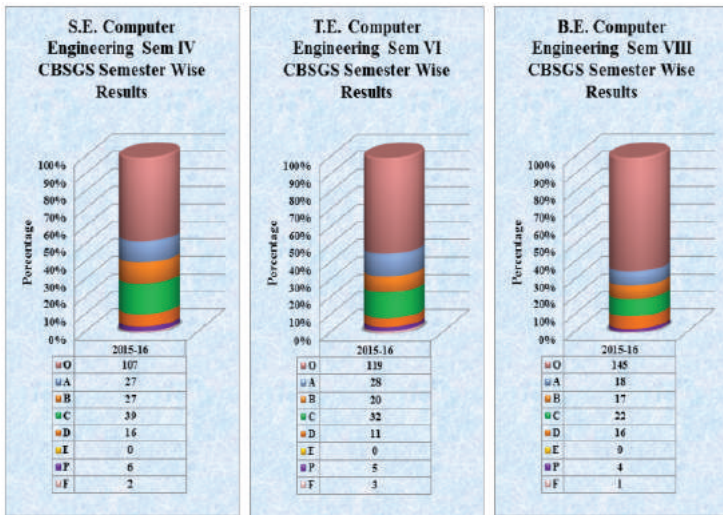

NBA Orientation Program

An NBA Orientation Program had been organized on 4th Oct 2016 by the department , where in a number of senior faculty members from Anjuman-I-Islam's Kalsekar Technical Campus (AIKTC), School of Engineering, New Panvel, had come to orient themselves towards "Preparing themselves for Accreditation".

Student Portfolio

Achievements

Percentage of students placed and admitted for higher studies for last four years

Result Analysis for the academic year 2015-16

Sagar Palao and Abhishek Shetty, Students from final year (D17A) have been placed in Morgan Stanley with salary of 15.5 Lac/Annum
