MESSAGE FROM THE DEPARTMENT

“The more that you read, the more things you will know. The more that you learn, the more places you’ll go” - Dr. Seuss

Prof. Pallavi Saindane
Assistant Professor

Welcome to the latest edition of our department newsletter. As we continue to navigate these unprecedented times, it is more important than ever to stay connected and informed. Our department is committed to fostering growth and development in all aspects of our students, ensuring a well-rounded and successful personality. We have incorporated various academic support programs and resources into our curriculum to ensure that you are receiving the best possible education. Additionally, we have also developed extracurricular activities and events to help you build your social and leadership skills. We are proud of the hard work and dedication that our department has exhibited this year. We are looking forward to achieving even more together!

“Believe in yourself and all that you are. Know that there is something inside you that is greater than any obstacle.” - Christian D. Larson

OUR VISION

To create center of excellence in computing by imparting quality education for developing competent professionals.

OUR MISSION

- To provide enabling environment through excellence in teaching & learning to contribute towards industry and society.
- To promote and strengthen interdisciplinary approach in innovation, creativity and research.
- To facilitate productive employment and higher studies with entrepreneurial attitude and professional ethics.
