1. Existing facilities for Water Conservation in Institute

Vivekanand Education Society's Institute of Technology

(Affiliated to University of Mumbai, Approved by AICTE & Recognized by Govt. of Maharashtra)

1.1 Rain water harvesting - Yes, it is installed and available in the campus. Rain water harvesting has been constructed along with the building structure thus no separate bills can be provided where as approval letter had been provided earlier.

1.2 Borewell /Open well recharge: Yes, it is installed and available in the campus

1.3 Construction of tanks and bunds: Overhead water tanks are installed on the terrace of the building whereas underground tanks are installed at backside of the college building. Overhead and underground water tanks were constructed during construction of building thus no separate bills can be provided for the same.

1.4 Waste water recycling: In VESIT, water from BMC is used for drinking and in the cafeteria. The waste water generated in wash rooms, by mopping and canteen waste water is collected and used for the entire landscaping. Using the Sewage Treatment Plant, Water conservation measures are in place at the Institute.

1.5 Maintenance of water bodies and distribution system in the campus: Water tanks in campus are cleaned and maintained on regular basis.
