

INNOVATIVE SUSTAINABLE DEVELOPMENT THROUGH FIELD PROJECTS

DEPARTMENT OF COMPUTER ENGINEERING

ACADEMIC YEAR 2024-25

HOUSING HUB: Revolutionizing the Rental Experience

Housing Hub is a platform designed to solve major rental problems in Mumbai. It connects four key groups: bachelors looking for flats, brokers managing deals, flatmates searching for shared spaces, and owners renting out properties. Our goal is to make the rental process simple, transparent, and hassle-free by eliminating bias, reducing scams, and offering a fair housing experience for everyone.
