

CauseConnect: A bridge between people and NGO

CauseConnect is an online directory and networking platform that bridges the gap between non-governmental organizations (NGOs) and the general public. Just like Justdial connects users to businesses, CauseConnect enables individuals to find, support, and collaborate with NGOs based on their interests, location, and cause. It also simplifies volunteering, donations, and collaborations. It enhances transparency, efficiency, and engagement in the social sector, making it easier for individuals and corporations to support meaningful causes
