COUNCIL SELECTION:

Students from all branches had to submit their SOP (Statement of Purpose), after which they were interviewed; following which the BE and TE council was selected. The selection of the SE council members was done later. There were two rounds, round one being conducted by the TEs and round two was taken by the BE council.

MEMBERSHIP DRIVE:

ISTE-VESIT membership drive started from 02nd September, 2017. We started the drive with a presentation consisting of a video of last years' activities and an explanation of the society's events and facilities by the Public Relations Officers. Volunteers from the Junior Council were assigned second year classes and the membership forms and fees were accepted.

ISTE VESIT'S OFFICIAL WEBSITE: www.iste-vesit.org

The official website of our society, www.iste-vesit.org, is available to all members and internet users alike and is regularly updated.

The website:

The website has been developed in ASP.net along with Flash and SQL. It has a very easy to use and subtle design. The interfacing not being too complex, allows fast loading and the template too has been kept simple and appealing.

Features:

Our website has all the information that any member or interested individuals would like to have about us. The members are updated about the Events of the society as also the winners through the website.

Along with this, the website is also updated with latest technological news. The annual E-magazine MIRAGE is also available on the website. Our Gallery highlights the different events we conducted throughout the year and gives a glimpse of our activities. The council contact details are also available. In addition, the Feedback section allows users to give us their views and suggestions so that we can give them the best.

ANNUAL MAGAZINE MIRAGE:

This year too our annual magazine MIRAGE got a very good response from members who submitted articles in large numbers. The magazine was launched at the annual symposium. MIRAGE is a blend of both technical and non-technical articles.

The article writing competition was held for all the members and the prize winning entries were published in the magazine. The theme of the magazine this year was “**Artificial Intelligence: When digital becomes human**”.

ISTE VESIT BLOG ISTE CONNECTS:

ISTE has also started a blog, ISTE Connects, <http://isteconnects.blogspot.com> which is another friendly medium to reach out to more people. This is a discussion forum for all those who would like to know about us. In addition, student related topics, college news, gadgets and software reviews and all other topics that are useful and of interest to the student community are posted here. Through this blog, we hope to help the students in getting their queries answered by alumni and seniors.

The image shows a screenshot of the ISTE Connects blog homepage. The main heading is "ISTE Connects...". Below the heading is a navigation bar with links for "Home", "About ISTE", and "Our Website". The main content area features a post dated "Saturday, May 10, 2014" with the title "Future Technology-Plant parts to generate electricity". The post text discusses a potential application for an energy conversion technology inspired by photosynthesis. The sidebar on the right contains the ISTE logo, which is a circular emblem with the text "ISTE" in the center, "INDIAN SOCIETY FOR TECHNICAL EDUCATION" around the perimeter, and symbols of a lamp and a gear. Below the logo is a "You Might Like" section with a link to the same article.

TECHNICAL EVENTS

GROUP DISCUSSION

Group Discussion was conducted by ISTE-VESIT on the 18th September, 2017. It provided the members an opportunity to hone their communication skills.
