

Other Achievements

1. Our students Mr. Kiran Parte, Piyush, Ajit, and Kedar from D14 EXTC and Nishit from D7 CMPN received second prize and Award at National Level Project competition at SAINTGITS College of Engineering, Kottayam Kerala. on 14th Feb 2017. Their project idea was on Semo-Autonomous River Cleaning Robot.

2. Akshay Therani (D19 B), Vinita Shetty (D19 B), Vaibhavi Vichare (D19 B), Yogita Wadhware (D19 A) won third position in 8th Indian Youth Science Congress Poster Presentation for their topic on “ NEXT GENERATION PCB FAULT DETECTION AND RECTIFICATION”

3. Harsh Bhatia - D19C, Priyank Bhatt - D19C, Zarana Matani - D19C, Yash Nasarpuri - D19C secured the consolation prize(third position) at the National Level Project competition event - INNOVATIONS'17 for their Final Year Project titled - “Voice Controlled Human Assistant - HuBot”;

1. Ph.D Project: The SRF Mrs Shilpa S.Joshi has presented a paper ‘Novel Hybrid Filtering Techniques for Removal of Speckle Noise from Medical Image’ in Inter University Research Convention Avishkar 2016-17 (Ph.D Category) and got Third Prize, Under the guidance of Dr.R.K.Kulkarni.

2. The UG Project : The students of D19B EXTC final year – Ramanathan Choodamani, Shivesh Hiranandani, Shubham Koyande, Ketan Vaidya, guided by Mrs. Ashwini Sawant, successfully presented project titled “Road Divider Based Power Generation and Street Light Illumination”; which won the 2nd position in University Final Round of AVISHKAR 2016-17 - A Research Convention. The proposed model demonstrates the generation of electricity with the help of wind energy from the vehicular movement on the highways. The light automation helps in efficient use of generated electricity

Annual Prize Distribution Ceremony

Annual Prize Distribution Ceremony was held on 18th March 2017. Ms. Tanushree Bagrodia, (Computer – 2001), CFO and VP-IT of NRB Bearings Ltd was Chief Guest of the function. Shri. Dinesh Tahiliani, Secretary, VES, and Shri. B.L. Boolani, Trustee, VES addressed the students.

The extension of VESIT's Building :

The extension of VESIT's building from both the sides has been undertaken. 6th March 2017 was chosen as the auspicious day for Bhoomi poojan.

Since 1962

Degree Distribution Ceremony 2016-17

The Degree Distribution Ceremony for the 2015-2016 batch was held on February 18, 2017. The keynote speakers were Dr. B. K. Dutta (Dean HBN), Shri Britto (Technical Director, RCF) and Shri. Pankaj Doke (Senior Scientist, Tata Consultancy Services).

Our Trustees Mr. Mahesh Tejwani, Shri. Dinesh Tahiliani, Shri. Amar Asrani, & Shri. Suresh Malkani along with Dr. (Mrs.) J. M. Nair, Dr. (Mrs.) M. Vijayalaxmi were present on this occasion.

The ceremony was divided into two sections: The Degree Distribution ceremony for the departments of EXTC, ETRX and Instrumentation was held in the morning and for the Departments of Information Technology, Computers and MCA, it was in the afternoon.

Since 1962

'Yoga in education and its benefits in Daily life'

Yoga is the artwork beautifully crafted on the canvas of body, mind and soul. It isn't about touching your toes, it's about the realisation you get on your way down. To resonate these serene ideologies an interactive session on 'Yoga in education and its benefits in Daily life' was held in VESIT on 25th March, Saturday. Our guest of honour, Dr Nagendra started the discussion with a short introduction to familiarise the audience with the vital role of yoga. He is the former vice-chancellor of Swami Vivekananda Yoga Anusadhana Samastana (S-VYAS). The event was organised by our trustee Dr Lulla and was attended by all the trustees and Heads of Institute. The audience was enthralled by the plethora of yoga's benefits presented before them.

Visit of Maharashtra Revenue & Public Works Minister Shri Chandrakant Patil :

The life of Hashuji Advani, philanthropist and founder of Vivekanand Education Society (VES), is an ode to attaining the true ideals of the teachings of Swami Vivekanand, on whose teachings stands the foundation of this mighty institution, said Maharashtra Revenue & Public Works Minister Shri Chandrakant Patil. The Minister at an event organized in Vivekanand Education Society's Institute of Technology (VESIT) to commemorate the 91st birth anniversary of Hashuji Advani, observed as "Nishkam Divas".

Since 1962

Visit of Shri Sudhir Mungantiwar, Minister of Finance, Planning & Forest, Govt. of Maharashtra

Shri Sudhir Mungantiwar, Minister of Finance, Planning & Forest, Govt. of Maharashtra, visited the VES campus on March 1 and motivated the participants at Connect 17, a seminar organized by Yuva for Seva, student wing of Vivekanand Education Society for bridging the gap between students, non-government organizations (NGOs) and Corporate Social Responsibility (CSR) professionals. The seminar also aimed to sensitize the student fraternity towards implementing social work agendas through Student Social Responsibility (SSR) initiatives. Several NGOs participated in the day-long seminar which involved deliberations and interactive sessions helmed by eminent corporate and social sector personalities.

PRME

Vivekanand Education Society, Chembur is a signatory of PRME (Principles of Responsible Management Education), a United Nations Global Compact initiative, aimed at training students in the critical domains of sustainability and responsibility.

ALUMNI MEET

The Alumni meet was conducted on 7th January 2017 in the Amphitheatre at 7:00 PM.

The event started off with inspiring words by our Managing Trustee Shri. Dinesh Tahliani & Member Trustee Shri. Suresh Bharwani. The distinguished Alumni Award was presented to following alumnus.

Ms. Tanushree Bagrodia, (Computer – 2001), CFO and VP-IT of NRB Bearings Ltd (turnover USD 100m and Market Cap USD 200m), a leading provider of anti friction solutions to the global mobility industry.

She became the youngest CFO of a listed top 500 company in India. In March 2016 she was honoured as a top 100 CFO in India by CFO India and by UK's CIMA, and was the youngest woman in the honour roll. She is an invited member of CII's National CFO committee and a regular contributor at CII events. She was invited by FICCI to lead the automotive sector for an Indo-Mexican trade delegation to Mexico. In April 2016, INSEAD honoured her as the INSEADER of the month, a recognition for distinguished alumnus that include the current Finance Minister of Canada.

A keen observer of Indian politics, she covered the 2009 general elections for a US based online magazine, The south Wing. A thoughtful leader, she contributes to varied CFO publications and an aspiring writer, she has a regular blog that expresses her views on varied topics from women empowerment to life to city infrastructure.

Mr. Anubhav Sonthalia, (Computer – 2002) Co-founder & COO, SokratiAnubhav is responsible for formulating digital marketing strategies, managing ad spends, and driving transactions for Sokrati's numerous clients across seven countries, headquartered in Pune, India. He leads a team of 130 expert business analysts and oversees operations and delivery for Sokrati. Prior to co-founding Sokrati, Mr. Sonthalia was Product and Program Manager at Amazon Seattle, driving efficiency at scale for Amazon's Comparison Shopping Program.

Before moving to Product Management, Anubhav worked as a Software Engineer at Amazon, conceptualizing and implementing solutions for managing large (running into tens of millions of rows a day) data feeds from partners. Prior to joining Amazon, he built semantic web services used in biogrid task computing.

Since 1962

The brain behind all business operations in Sokrati, Anubhav leads with a keen diligence and thorough digital industry knowledge, and shares his key experiences at national and international forums.

Mr. Neeraj Vashi,(Computer -1990-91) (Founder and Director of Nivalink, a renowned travel services outfit since year 2000. Nivalink today is an expert in complex travel having offices in Mumbai, Delhi / NCR, Ahmedabad and Chennai. Nivalink till date would have catered to about 300,000+ customers, across 100+ cities in India and 50+ countries worldwide. Nivalink annually sends customers to about 500+ destinations to about 50+ countries worldwide.

Since 1962

VESIT distinguished Alumnus Mr. Dilipkumar Khandelwal, Managing Director, SAP Labs India and Executive VP & Global Head of Suite Engineering is selected in "40 UNDER FORTY" - India's Hottest Young Business Leaders 2016.

Press release of The Economics Times , Pg. No. 15,20 & 21 Dt. 28.9.2016.

A PLACE AT THE TABLE: Winners in the audience

EASY CONVERSATION: BCG's Amitabh Mall, Rajiv Mehta and Rohit Kulkarni

MOOD INDIGO: Past winner Aditya Ghosh takes the stage

CLAIM TO FAME: Celebrating VESIT Moments with a band

LEFT: ND Shashank and Rutika Muchhala

TOP: Devansh Jain and Harsh Goenka

HAPPY MOMENT: Shweta Jalan receives her prize from Ronnie Screwvala

award from D Shivakumar

Shweta Jalan, 40
Managing Director, Amazon India Solutions
Education: National Institute of Management, Kolkatta
Previous jobs: CIO, Venrus, Fujitsu, Ernst & Young
Claim to fame: One of the few women leaders to helm a PE fund in India
Who I want to be when I am 50: Someone who has done something beyond work that the younger generation can look upto and want to follow
Success to me is: Exceeding your own expectation
THE BEST ADVICE I EVER GOT: NOTHING VENTURED NOTHING GAINED

Toshan Tamhane, 37
Director and Partner, McKinsey & Company India
Education: IIM, Ahmedabad
Previous jobs: Tata Steel Holdings, Advisors, India
Claim to fame: One of the highest billers in McKinsey and one of the youngest ever to become its senior partner
Who I want to be when I am 50: CEO of a Fortune 100 company and an adoring father
Success to me is: Getting what you want without changing who you are and having no regrets about it ever
THE BEST ADVICE I EVER GOT: FIRST DESERVE, THEN DESIRE (FROM MY FATHER AT THE AGE OF 5)

Kulin Lalbhal, 30
Executive Director, Avind Solutions
Education: Harvard Business School
Previous jobs: McKinsey & Company
Claim to fame: Spearheading Avind's e-commerce initiatives
Who I want to be when I am 50: A leader who has created a company with a culture of innovation, bold thinking and excellence in execution. The one people would prefer to work for. In addition, I want to be actively involved in philanthropy and building lasting institutions that contribute to society
Success to me is: Putting together a team that works on a bold idea and creates value for all stakeholders
THE BEST ADVICE I EVER GOT: ALWAYS HIRE PEOPLE WHO ARE SMARTER THAN YOU

Dilipkumar Khandelwal, 39
Managing Director and Executive VP, Global Head of Suite Engineering
Education: IIT, Hyderabad
Previous jobs: Citicorp
Claim to fame: Made SAP Labs one of the 10 best places to work for in India (per The Economic Times Study - India's Best Companies to Work For)
Who I want to be when I am 50: I don't think it's prudent to plan for such a long horizon in a dynamic world. My long-term desire is to leverage technology to make a difference for the people around us by enabling our young entrepreneurs
Success to me is: The ability to do what I love every day and flexibility to take on new challenges. I believe success is in creating a positive difference in people around me. When I see them accomplished and happy I can probably call myself successful
THE BEST ADVICE I EVER GOT: INDIVIDUAL TALENT CAN FETCH YOU A GREAT SCORE, BUT TEAMWORK CAN HELP WIN A TOURNAMENT

Priyanshu Singh, 37
Country Head, Honeywell Building Solutions
Education: IIT Kolkatta
Previous jobs: McKinsey & Company, Indian Army
Claim to fame: Moved Honeywell Building Solutions into smart city projects in a big way
Who I want to be when I am 50: Myself... Just happier, wiser and richer
Success to me is: Satisfaction job well done
THE BEST ADVICE I EVER GOT: IT IS ALL IN THE MIND

Zorawar Kalra, 39
Founder & Manager, Director, Masala Restaurants
Education: McCallum Graduate School of Business, Bentley University
Claim to fame: Introduced molecular gastronomy to Indian cuisine
Who I want to be when I am 50: I want to be myself, working endlessly towards promoting Indian food globally and making 'tourists' as one of the greatest cuisines of the world
Success to me is: When our guests appreciate and applaud the efforts put in to offer them the finest culinary experience
THE BEST ADVICE I EVER GOT: THE ONE WHICH MY FATHER GAVE... FOLLOW YOUR PASSION AND NEVER LOOK BACK. I HAVE BEEN FOLLOWING IT EVER SINCE

Prashant Tandon, 36
Senior VP
Education: Stanford University, Graduate School of Business
Previous jobs: McKinsey & Company, Mapmy India, Hindustan Unilever
Claim to fame: Created India's largest e-pharmacy and a disruptive market place on top of the vision, mission and values of the parent company
Who I want to be when I am 50: Best friend and role model to my 17-year-old kid
Success to me is: Having the ability & need to fulfill your aspirations & emerging extra feelings, think, do are all in sync
THE BEST ADVICE I EVER GOT: AS HIRE BS HIRE CS TO BUILD A TEAM YOU MAKE SURE YOU ONLY HIRE AS!

Local Inquiry Committee Visits

Visit of Local Inquiry Committee – Mumbai University for **continuation of affiliation for B.E. Computer Engineering (Regular Second Shift) & B.E. Electronics & Telecommunication Engineering (Direct Second Year) (Regular Second Shift) and MCA Second Shift** was held on **18.04.2017** where **Prin. Ashok Bhonsale**, Vidyavardhini College Of Engineering (Convener) , **Prin. Dr. Sunil Chavan** , Indira Gandhi College of Engineering & **Dr. Bhushan Patil , Professor**, Father Agnel C. R. College of Engineering visited the Institute.

Recommended Continuation of Affiliation letter for the same was received vide University letter No. Aff/ICE/2017-18/258 Dt. 21.6.2017

Visit of Local Inquiry Committee – Mumbai University for **Permanent affiliation for M.E.** courses was held on **14.03.2017** where **Prin. Suresh Ukarande** , K.J. Sommaiya Institute Of Technology, , **Prin. Dr. J. W. Bakal**, S.S. Jondhale College of Engineering & **Dr. Deven Shah**, Professor, Thakur College of Engineering visited the Institute.

AICTE EXTENDED EOA (A.Y. 2017-18 TO A.Y. 2019-2020) (FOR THREE YEARS)

As per the AICTE Approval Process Handbook 2017-18 Clause 1.2 of Chapter - I (Extension of Approval in Lieu of fulfillment of criteria of 50% NBA Accredited course), scrutiny of the original documents was held on 4th March 2017 at VJTI and AICTE recommended Extended period of approval (one Time) for A.Y. 2017-18 TO A.Y. 2019-2020. Processing fee of Rs.75,000/- per year for Extension of Approval will be waived during this period.

Institute Advisory Board (IAB)

This year the IAB met on 4th April , 2017 and deliberated on the activities of institute. The Advisory board members advised the Principal and the institute staff in the development and implementation of the Institute's Strategic Plan, annual activity plans and strategic initiative budget. The Board's focus is on research, policy and program issues and future plans.

दोन भावांची हटके 'डोकॅलिटी' : पाइपलाइन व्यवस्थेचे आयुर्मान वाढवणे शक्य होईल

भूमिगत पाइपलाइनच्या पाहणीसाठी 'रोबो'

मुंबई : कालबाह्य आणि झिजलेल्या पाइपलाइनमुळे मौल्यवान पाणी वाया जाते. अचूक पाहणी व्यवस्थेच्या अभावामुळे हा प्रश्न अधिक गंभीर होत आहे. यावर उपाय शोधत विवेकानंद एज्युकेशन सोसायटीज इन्स्टिट्यूट ऑफ टेक्नॉलॉजीच्या इलेक्ट्रॉनिक्स इंजिनीअरिंग आणि सोमच्या महाविद्यालयातील दोन भावांनी मिळून 'रोबो'ची निर्मिती केली आहे.

इलेक्ट्रॉनिक्स इंजिनीअरिंगच्या तृतीय वर्षाला असलेला विद्यार्थी रोहित कश्यप आणि सोमच्या कॉलेजमधील विद्यार्थी राहुल कश्यप यांनी इन-पाइप पाहणी करण्यासाठी 'सेपर - सेमी-ऑटोनॉमस पाइपलाइन एक्सप्लोरेशन रोबो' तयार केला आहे.

सध्याच्या पाइपलाइन भूमिगत आहेत आणि पारंपरिक पाहणी पद्धतीद्वारे त्यांचे मूल्यमापन सहजपणे करणे शक्य नाही. या पाइपलाइन चांगल्या स्थितीत ठेवण्यासाठी आणि भविष्यातील संकट टाळण्यासाठी त्यांची नियमितपणे पाहणी करणे आवश्यक आहे. मुंबईतील पाइपलाइनचे व्यवस्थापन करण्याची जबाबदारी असलेल्या बृहन्मुंबई महानगरपालिकेकडे (बीएमसी)

'सेपर' म्हणजे आधुनिक पाइपलाइन व्यवस्थेची स्थिती तपासण्यासाठी व नोंदवण्यासाठी शोधलेला परिपूर्ण व किफायतशीर उपाय आहे. दगाळ स्थितीमध्ये इमेजेस घेण्याच्या आणि यूएव्हीने समाविष्ट करता येईल अशा अंतराच्या बाबतीत, पाइपलाइनची पाहणी करण्याच्या सध्याच्या तंत्रज्ञानाच्या काही मर्यादा आहेत. विद्यार्थ्यांना त्यांच्या या प्रकल्पामध्ये व्हीईएसआयटीचे प्रा. अभिजित शेटे यांनी मार्गदर्शन केले. त्यांनी विद्यार्थ्यांना प्रकल्प विकासाच्या प्रत्येक महत्त्वाच्या टप्प्यात मोलाचे मार्गदर्शन केले.

विशिष्ट यंत्रणा असून, त्यामध्ये रस्त्याच्या जाळ्याखाली असलेल्या पाण्याचा पाइपलाइनमधील गळती शोधण्यासाठी सार्जिंग रॉड घेतलेले

'सार्जिंग मुकादम' फेन्चा मारतात. पाइपची पाहणी करण्यासाठी उपाय म्हणून आणि सध्याचे नुकसान व झीज यांचे प्रमाण नोंदविण्यासाठी,

जेणेकरून पाइपलाइन व्यवस्थेचे आयुर्मान वाढविण्यासाठी महत्त्वाची धोरणे आखण्यासाठी मदत होईल, 'सेपर'ची निर्मिती करण्यात आली

आहे. त्याचा उपयोग, तेल व वायू वाहून नेणाऱ्या पाइपलाइनची कार्यक्षमता तपासण्यासाठीही करता येऊ शकते. (प्रतिनिधी)

कालबाह्य तंत्रज्ञानावर 'सेपर'चा नवा पर्याय

या तंत्रज्ञानाची अंमलबजावणी करण्यासाठी प्रचंड खर्च करावा लागतो. नवी तंत्रज्ञान गॅझेट आणि मोठ्या दबावाखाली काम करण्याची सिद्ध झालेली क्षमता असलेला 'सेपर' सध्याच्या कालबाह्य तंत्रज्ञानाला त्राणिकदृष्ट्या व्यवहार्य पर्याय ठरू शकतो, असे रोहित कश्यप यांनी स्पष्ट केले.

'सेपर' राष्ट्रीय स्तरावर सेमी फायनलमध्ये दाखल

'सेपर'ने नियंत्रित या त्राणिक ज्ञान वापरून प्रत्यक्ष जीवनातील प्रश्न सोडवण्यासाठी इंजिनीअरिंगच्या विद्यार्थ्यांना प्रोत्साहन देणाऱ्या नॅशनल इन्स्ट्रुमेंट्सने आयोजित केलेल्या वार्षिक स्टुडेंट डिझाइन कॉन्स्ट्रक्शन्स सेमी-फायनल फेरीमध्ये प्रवेश केला आहे.

केवळ पुस्तकी ज्ञान नको; कार्यक्षमतेवर अधिक भर

प्रत्यक्ष आयुष्यातील आव्हानांवर उपाय शोधण्यासाठी केवळ पुस्तकी ज्ञान उपयोगी नाही. कार्यात्मक क्षमता वाढविण्यावर भर देत असताना, विद्यार्थ्यांना विश्वासार्ह पर्याय विकसित करण्यासाठी आपले ज्ञान व कौशल्य वापरण्यासाठी प्रोत्साहन मिळणे महत्त्वाचे आहे. तरुणांना मार्गदर्शन करणे, त्यांची सर्जनशील क्षमता योग्य दिशेला वळवणे आणि शास्त्रीय बाबतीत सुसज्ज अशा प्रोफेशनल्सची निर्मिती करणे, ही सक्षम आणि स्वयंपूर्ण भारत घडविण्याची गुरुकिल्ली आहे.

- डॉ. जे. एम. नायर, प्राचार्य, विवेकानंद एज्युकेशन सोसायटीज इन्स्टिट्यूट ऑफ टेक्नॉलॉजी

Since 1962

SAPER – Semi-Autonomous Pipeline Exploration Robot

Contact Information

- University:
 1. Vivekanand Education Society's Institute of Technology, Mumbai.
 2. K. J. Somaiya College of Engineering, Mumbai (Autonomous).
- Team Members (Year of Graduation):
 1. Rohit Kashyap (2018).
 2. Rahul Kashyap (2018).
- Faculty Guide:
 1. Prof. Abhijit Shete (Vivekanand Education Society's Institute of Technology)

Project Information

- **Title:** SAPER – Semi-Autonomous Pipeline Exploration Robot.
- **Description:**

Existing pipeline systems are located underground and cannot be frequently monitored by conventional monitoring systems. Inspection of these pipelines on a regular basis is essential to keep them functional and prevent future disasters. SAPER is an in-pipe exploration robot that can help local corporations identify the problems in the existing network of ducts and pipelines without excavating and before they lead to disasters like floods, contaminated drinking water, health hazards, etc. SAPER has been devised as a one-stop solution to undertake a visual inspection of pipes and document the extent of corrosion and damages in real-time environments, helping in planning out critical strategies for extending the lifespans of pipeline systems.
- **The Challenge:**

The existing network of pipelines comprises of pipes of various diameters and fixtures like 45° & 90° elbows, T & Y-branches, etc. The main aim was to design a robot that could easily adjust in any pipe size and traverse in such fixtures without any difficulties. The second challenge was to deploy reliable sensors and actuators on the robot that could help in good locomotion and provide accurate data to determine the health of a pipe.
- **Products:**
 - **NI Hardware & Software:** NI myRIO-1900, NI LabVIEW 2015.
 - **Other Hardware:** USB Camera, Sharp IR Sensor GP2Y0A21YK0F, Dual Shaft BO Motors, Central Shaft DC Motors, Servo Motor MG-995, Photo-interrupter Sharp GP1A52HRJ00F, Encoder Metal Disc, Rotary Encoder KY-040, Gas Sensor MQ2, Temperature Sensor LM35, Gyroscope MPU6050, L298 Motor Driver, LM2596 Buck Converters, USB Hub, USB 2.0 Flash Drive, etc.

V.E.S.
Since 1962

◆ **The Solution:**

- Our design is based on *Inverted V* structure with caterpillar tracks & wall press mechanism in the first model to ensure good contact surface area and firm grip.
- The caterpillar tracks provide locomotion and the links with springs are useful to adjust to the pipe size.
- In the second model, dual shaft BO motors are connected 120° apart and used for locomotion while a universal joint is made using servo motors for steering purpose. Lead screw mechanism is used to adapt to the varying pipe size.
- All the hardware & supported electronics circuits are deployed on both the models and a report is generated, analysis of which helps in determining the pipe's health.
- The prototypes are fully functional only for dry pipes and their build time was around three months.
- At present, the prototypes designed were manufactured using acrylic and were not specific to any particular domain.

Remote Patient Health Monitoring System

Four final year Electronics and Telecommunication students Ashni Damaria, Laveena Dulani, Preksha Goyal and Rahul Goswami have gone beyond textbooks to develop a prototype, the remote patient health monitoring system, that will help doctors monitor rural patients' vital signs to facilitate better diagnosis. What started out as a final year project may now turn into something that could boost rural healthcare in the region. The students pooled in resources to come up with the seed money of Rs 7,500, which was reimbursed by the college. The group came up with suggestions to enhance the device's functioning. "A sensor will be attached to a patient's finger to monitor and record vital signs like blood pressure, heart rate and temperature. The data recorded can be accessed by the doctor through the use of a computer or mobile device in another location

'Road Divider Based Power Generation and Street Light Illumination'

The students of D19B EXTC final year - Ramanathan Choodamani, Shivesh Hiranandani, Shubham Koyande, Ketan Vaidya, guided by Mrs. Ashwini Sawant, successfully presented project titled 'Road Divider Based Power Generation and Street Light Illumination' which **won the 2nd position in University Final Round of AVISHKAR 2016-17 - A Research Convention**. They would be representing University of Mumbai in the next Round. The proposed model demonstrates the

Since 1962

generation of electricity with the help of wind energy from the vehicular movement on the highways. The light automation helps efficient use of generated electricity.

- Mr. Kiran Parte, Piyush, Ajit, and Kedar from D14 EXTC and Nishit from D7 CMPN received second prize and Award at National Level Project competition at SAINTGITS College of Engineering, Kottayam Kerala. on 14th Feb 2017. Their project idea was on Semo-Autonomous River Cleaning Robot.

नदी स्वच्छता
अभियानासाठी
विद्यार्थ्यांनी बनवला

सर्च रोबोट

। मुंबई : पंतप्रधान नरेंद्र मोदी यांच्या भारत स्वच्छता अभियानाला पाठिंबा देण्याच्या हेतूने आपली अत्याधुनिक स्वयंचालित तांत्रिक कौशल्ये वापरून मेक इन इंडिया या मोहिमेला हातभार लावण्यासाठी विवेकानंद एज्युकेशन सोसायटीच्या इन्स्टिट्यूट ऑफ टेक्नॉलॉजी संस्थेच्या विद्यार्थ्यांनी एक रोबोट तयार केला आहे. त्या रोबोटचे नाव सर्च असे असून शहरी भागातील नद्यांसारखे पाण्याचे स्रोत बऱ्याच काळापर्यंत स्वच्छ आणि सुंदर ठेवण्यासाठी या रोबोटद्वारे अत्याधुनिक तंत्रज्ञान विकसित करण्यात आले आहे. राष्ट्रीय पातळीवरच्या तंत्रज्ञान प्रदर्शनात तसेच केरळ येथील कोट्टयम येथे आयोजित करण्यात आलेल्या सेंटगिट्स कॉलेज ऑफ इंजिनीयरिंग येथील स्पर्धेत या प्रकल्पाला द्वितीय पारितोषिक मिळाले आहे.

इलेक्ट्रॉनिक्स अँड टेलीकम्युनिकेशन विभागातल्या तृतीय वर्षात शिकणाऱ्या किरण पार्ले, अजित कृष्णमूर्ती, पियुष देवीकर, केदार पेडणेकर आणि कॉम्प्युटर इंजिनीयरिंगच्या द्वितीय वर्षात शिकणाऱ्या निशीथ आहुजा या विद्यार्थ्यांच्या कल्पकतेतून या प्रकल्पाचा जन्म झाला आहे. टाकाऊतून टिकाऊचा उत्कृष्ट प्रयोग करत केवळ १२ ते १४ हजार रुपयांचा खर्च करून टाकाऊ वस्तूंपासून हा रोबोट बनवण्यात आला आहे. शहरी नागरी व्यवस्था, शहरप्रणाली व्यवस्थापन आणि पर्यावरण यापुढे सर्वात मोठी समस्या आहे, ती म्हणजे जलप्रदूषणाची. सरकारतर्फे नद्या स्वच्छ करण्यासाठी वापरले जाणारे तंत्रज्ञान हे अत्यंत महागडे असून त्यासाठी लागणारी

कामगारसंख्याही अधिक असते. परिणामी, या कामांमध्ये वेळ आणि पैसा जास्त जात असूनही हवे तसे परिणाम दिसून येत नाहीत. आमच्या विद्यार्थ्यांनी बनवलेला सर्च हा रोबोट अत्यंत किफायतशीर असून संपूर्णपणे स्वयंचालित आहे. आपल्या पाण्याचे स्रोत स्वच्छ करण्यासाठी तसेच जलसुविधेची व्यवस्थित काळजी घेण्यासाठी हा रोबोट अत्यंत उपयोगी ठरणार आहे. या रोबोटची कार्यक्षमता इतकी जास्त आहे की, नदी, नाले मोठे ओहोळ यांसारखे जलस्रोत हा रोबोट सोप्यारीतीने स्वच्छ करू शकेल. २४ तास काम करण्याची या रोबोटची क्षमता आहे, असे व्हीईएसचे अध्यक्ष महेश तेजवानी यांनी सांगितले आहे.

Since 1962

'सर्च रोबोट' अत्यंत किफायतशीर व संपूर्णपणे स्वयंचलित आहे.

नदी, तलावांच्या स्वच्छतेसाठी 'सर्च रोबोट'

प्रतिनिधी, मुंबई

शहरी भागातील नद्या, तलावांसारखे पाण्याचे स्रोत बऱ्याच काळापासून स्वच्छ ठेवण्याकरिता अत्याधुनिक तंत्रज्ञानाचा वापरून बनविलेला रोबोट साह्यकारी ठरणार आहे. मुंबईतील अभियांत्रिकी महाविद्यालयाच्या विद्यार्थ्यांनी ही किमया साधली आहे. पंतप्रधान नरेंद्र मोदी यांच्या 'भारत

स्वच्छता अभियान'ला पाठिंबा देण्याच्या हेतूने अत्याधुनिक स्वयंचलित तांत्रिक कोशाल्ये वापरून विवेकानंद एज्युकेशन सोसायटीच्या इन्स्टिट्यूट ऑफ टेक्नॉलॉजी संस्थेच्या विद्यार्थ्यांनी ही 'मेक इन इंडिया' कमाल साध्य केली आहे. 'सर्च' असे या रोबोटचे नाव असून राष्ट्रीय पातळीवरचा तंत्रज्ञान प्रदर्शनात व केरळ येथील कोट्टयम येथे आयोजित केलेल्या 'सेंटगिट्स कॉलेज ऑफ इंजिनीअरिंग' च्या

सधेत या प्रकल्पाला द्वितीय पारितोषिक मिळाले आहे. इलेक्ट्रॉनिक्स टेलिकम्युनिकेशन विभागातील तृतीय वर्षात शिकणाऱ्या किरण पाटे, अजित कृष्णमूर्ती, पीयूष देवीकर, केदार पेडणेकर व संगणक अभियांत्रिकीच्या द्वितीय वर्षात शिकणाऱ्या निशीथ आहुजा या विद्यार्थ्यांच्या कल्पकतेतून हा रोबोट तयार करण्यात आला आहे. हे करताना विद्यार्थ्यांनी टाकाऊतून टिकाऊचा प्रयोगही

साधला आहे. त्यामुळे केवळ १२ ते १४ हजार रुपयांत टाकाऊ वस्तूंपासून हा रोबोट बनविण्यात विद्यार्थ्यांना यश आले आहे. सध्या सर्वात मोठी समस्या जलप्रदूषणाची आहे. यावर प्रभावी ठरू शकणारा रोबोट तयार करण्यात आला आहे. याची क्षमता जास्त आहे. तो नदी, नाले मोठे ओहोळ यांसारखे जलस्रोत २४ तास वापरूनही स्वच्छ करू शकेल, असे व्हीडीएसचे अध्यक्ष महेश तेजवानी यांनी सांगितले.

- Akshay Therani (D19 B), Vinita Shetty (D19 B), Vaibhavi Vichare (D19 B), Yogita Wadhwar (D19 A) won third position in 8th Indian Youth Science Congress Poster Presentation for their topic on “NEXT GENERATION PCB FAULT DETECTION AND RECTIFICATION”
- Harsh Bhatia - D19C, Priyank Bhatt - D19C, Zarana Matani - D19C, Yash Nasarpuri - D19C secured the consolation prize(third position) at the National Level Project competition event - INNOVATIONS'17 for their Final Year Project titled - "Voice Controlled Human Assistant - HuBot"

Since 1962

Report on Summer School Program

Academic Year 2017 - 18

As a part of Skill Development, Department of Information Technology along with the departments of Computer and MCA organized a Summer School Program for second, third, final year students of VESIT during the mid of this academic year. There were 5 students from IT who attended the program. The details of the workshop is attached below.

Workshop: Internet of Things using Arduino

Departments of Computer, IT and MCA of VESIT organized six days workshop on “Internet of Things using Arduino from 3rd July to 8th July, 2017 in collaboration with EDC-IIT Roorkee. The objective of this Program is how to create Internet of Things using Arduino.

All the six days session was taken by Mr. Bipul Kumar, Sr. Research Engineer, Finland Labs. He was an excellent trainer who helped the participants to understand how to create Internet of Things using Arduino. On first day of the session Mr. Bipul taught how to install Arduino software in the device and also how to code inside Arduino, followed by second day, participants learned to work on some AT commands of Wi-Fi and to connect Wi-Fi module with PC and to mobile phones.

On the third and fourth day participants learned how to connect BT in Arduino and pair it and also created an Application Using MIT-APP inventor. Students designed their app and performed an android experiment.

On the fifth day students wrote a program on notepad ++ and created a web page with help of JavaScript in which 3 toggle buttons were made for 3 different LED'S and send commands from browser to Arduino with Wi-Fi(ESP)Module. On last day a small competition among all the members of workshop was held to understand the topic grasped by the participants.

Since 1962

Looking Beyond Syllabus Report 2016-17

- Notice for the II and II year students for submission of their ideas was given on 8th September, 2016
- Problem statements were submitted to the department coordinators by the students.

Branch	Number of project Ideas/ problem statements submitted	Number projects selected for LBS
Electronics	29	5
Computer	12	5
Instrumentation	7	5
Electronics and Telecommunication	34	5
Information Technology	5	5
MCA	1	1

Awakening the Scientist @ 2016-17

In order to become a professional and remain competitive in this highly commercial world one has to master the art of working in groups and teams along with sound knowledge of the field. Having a good balance of team work along with technical knowledge cannot be developed overnight and requires an attitude of sharing and caring.

The rapid changes in the technology is due to the application of discoveries and inventions in the basic science domain. We need to be observant as to how basic science, (physics, chemistry, mechanics, mathematics) make a difference in our day to day life.

Awakening the Scientist is an opportunity given to the First year students to take the first step in this transformation of a student to a professional. First year students make groups and each group identifies the basic engineering and technology used in equipment's, gadgets and tools used in day to day life. The group will have to relate to the past, present and future of the technology used. This year , **EIGHT groups** with total **number of students as 33** had registered for this event during 2016-2017. The groups then gave a twenty minutes presentation on the same. In this competition following is the winner's list:

GROUP MEMBERS	TOPIC	GROUP NO.	PRIZE
Paramvir Ramola (D2A) Rahul Devadiga (D2A) Devang Liya (D2A) Ketaki Buwa (D2A) Mitesh Goplani (D2B)	Brain Computer Interface Device	5	1 st
Sonal Sharma (D4A) Rakshit Ganvir (D4A) Shivani Gole (D4A) Harish Muthalagam (D4A)	Stephen Hawking's Computerized Wheel Chair	7	2 nd
Ujala Jha (D5) Vishakha Vidhani (D2A) Manali Gupta (D2A) Ruchika Motwani (D5)	Printers	2	CONSOLATION

Winner(s)	PRIZE
Rakshit Ganvir (D4A)	Best Speaker
Mitesh Goplani (D2B) Shubham Annigeri (D4B)	Most Promising Speaker

Since 1962

D-LINK Specialist Level Course

The D-Link Specialist Level program was conducted from 20th March 2017 - 24th March 2017 by Mr. Nilesh Vartak from the D-Link Academy at Department of Electronics and Telecommunication, V.E.S. Institute of Technology. The program was for students who wanted detailed study of wireless networks and networking devices. The program mainly involved the “Study of Wireless networks”.

There were 19 students of Electronics and Telecommunication who were a part of this program. The duration of this program was 20 hours.

The contents covered in course are as follows

1. Introduction to wireless technology
2. Radio frequency basics
3. Antenna concepts and types
4. IEEE 802.11 Essentials
5. IEEE 802.11 Amendments
6. Wi—Fi Alliance certification
7. Small business and teleworker WLAN security
8. Basic WLAN Design consideration
9. Configuring standalone AP
10. Standalone operation modes
11. Standalone AP management
12. Introduction to unified wireless solution
13. Unified wireless usage

ISA-VESIT Symposium Engauge'17
in collaboration with Instrumentation Day

This year Instrumentation day and ISA-Symposium, VESIT chapter were clubbed as a single event on 30th March 2017 at 15.00-17.00 Hrs. After symposium, an event called “Kaun Banega INSTRUpati” was held, which is a technical Quiz based on the TV show “Kaun Banega Crorepati”. This show gave the chance to four Houses of Instrumentation Department to win the house trophy by defeating remaining houses. The Guests of Honor for this event was Mr. Kaustubh Dabholkar (Jacobs) and Mrs. Vrunda Dabholkar (Professional Event Organizer). “Kaun Banega INSTRUpati” event was anchored by Mr. Kaustubh Dabholkar.

Houses of Department of Instrumentation Engineering

1. Alexander Lyapunov
2. Isaac Newton
3. Gordon Moore
4. Bela Liptak

11.	Mrs. Namrata Bonde	EXTC(INST)	15,000/-

Dr. R.K. Kulkarni has recently been appointed as member, Board of studies of EXTC at Mumbai University. He has been driving the syllabus change process. M.E. syllabus is modified and undergraduate syllabus is undergoing changes from credit based to choice based system

V.E.S. Institute of Technology (V.E.S.I.T) - Competency Development Center” by “Automation Industry Association (AIA)” conducted “Integrated Automation: Basic Course” again from 13th January 2017 to 20th January 2017. Five students were trained in the course.

VESIT Labview Academy, Instrumentation faculty, Mr. Kadar Shaikh, Mrs. Kanchan Chavan and Mrs. Sangeetha Prasanna Ram, conducted “Labview Core 1 and Core 2 course” for 16 students from 6th January 2017 to 12th January 2017.

Short Term Training Program
On
Wavelet and Machine Learning
(3/7/2017 to 8/7/2017)

Electronics and Telecommunication department organized Short Term Training Program on “WAVELETS AND MACHINE LEARNING” during 3rd July, 2017 to 8th July, 2017. Dr. Manesh Kokare (IIT, Kharagpur), S.G.G.S institute of technology, Nanded was the guest lecturer for all 6 days. He had done his Ph.D in ‘wavelet based features for texture image retrieval’. He developed three new algorithms in ‘Diabetic Retinopathy’ during his Post Doctoral research from University of California.

The practical sessions were conducted in evening session for all days. In practical sessions participants implemented one-band, two-band wavelets, tree structured wavelets, m-band wavelets, supervised learning algorithm, minimum distance classifier, K-means algorithm.

Total 45 participants were registered for STTP where 26 participants from EXTC, 5 participants from ETRX, 2 participants from INST, 1 participant External candidate from Vardha & 11 participants were students of ME EXTC.

PROJECT SKILL DEVELOPMENT WORKSHOP

The department of Electronics Engineering organized one week workshop to enhance project skill of third year students during 10th July 2017 to 15th July 2017 . Thirty Three students participated in the workshop.

The students were introduced to a new circuit simulation software “SEQUEL” and were given hands on experience by simulating and explaining one circuit.

Since 1962

Internal Complaint Committee

by WDC In association with Maharashtra State Commission for Women and ComplyKaro

The Government of India has recently promulgated The Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Act, 2013 ("Act") and the Sexual Harassment of Women at Workplace (Prevention, Prohibition & Redressal) Rules, 2013 ("Rules") with effect from 9th December, 2013. The act was laid down to ensure that women in particular are protected against sexual harassment at all workplaces, be it in public or private. It has now become mandatory to have an anti sexual harassment policy in place as well as for a Internal Complaint Committee to be formed in addition to reports being filed with the government for the same.

It is compulsory for all institutes under AICTE / UGC to Constitute "Internal Complaints Committee (regulation has come into the force since 1st July 2016) according to the guidelines given in page no 9 of Zero Tolerance for sexual Harassment of students and Women in colleges and Universities book let.

On 27th Feb 2017, VESIT conducted an event to sensitize students about the topic of Sexual Harassment in universities and colleges.

VESIT has constituted its Internal Complaint Committee for Prevention, Prohibition & Redressal of the same issue.

Internal Complaint Committee Members

चबूर म साफ-सफाई...

मॅस इंस्टिटयूट ऑफ टेक्नोलॉजी के करीब 200 इंजीनरिंग छात्रों ने चेम्बर रेलवे स्टेशन पर साफ-सफाई की.

सिटी न्यूज 3

साथी हाथ बढाना विवेकानंद एज्युकेशन सोसायटी इन्स्टिट्यूट ऑफ टेक्नोलॉजीच्या आधारे २००थी वधु विद्यार्थीओचे छुट्टी ओपिलना लीओमरीना वॉर्ड ओम अने रेलवे अधिकाऱीओनी महदधी रेम्बुर रेलवे स्टेशन पर स्वच्छता अभियान हाथ धर्यु हंतुं. आ अभियान हेठण विद्यार्थीओचे स्टेशन परिसरान धी वालीने पेटफट हरी हती अने डिडिट ड्राफ्टर अने प्लेटफॉर्म पर साई-साईड हरी हती. उपरांत प्रवाशीओ साथी सोंवाट साधीने स्वच्छ स्टेशन परिसर, रोड सोड्टी, प्लोतोपल, अवयध हल अंणे जगडुडता लावपाओ प्रयास कर्यो हतो. (अमय प्रभडे)

In young guns, we trust

More than 200 engineering students of Vivekanand Education Society's Institute of Technology (VESIT) picked up the broom recently to clean up the Chembur station and its surroundings. Railway officials and BMC's 'M' ward joined in to make this more the merrier, or let that read cleaner. In fact, the Chembur station is under foster care since 2015 and regular cleanliness drives are part of the process. We like how

railway stations have been adopted by different agencies, like NGOs, citizens groups and students through the city. While this indicates that the authorities in-charge aren't probably doing the best job, it's heartening to see that the city's cleanliness is no longer seen as the prerogative of the civic body. Now only if the brave would come forward and adopt the shockingly decrepit and dirty Bandra East station.

चेंबूर येथील व्हीईएस टेक्नॉलॉजी कॉलेजच्या सुमारे २०० विद्यार्थ्यांनी गुन्वारी चेंबूर रेल्वे स्थानकाची स्वच्छता केली. स्थानकाच्या प्लॅटफॉर्मची साफसफाई करण्यात आली तसेच स्थानकात पानाच्या पिचकऱ्यांनी पाखळलेल्या भिंतींना विद्यार्थ्यांनी कालात्मक रंगसंगती करून सजवले.

विद्यार्थ्यांनी केली स्वच्छता

पंतप्रधान नरेंद्र मोदी यांनी स्वच्छ भारत मोहीम सुरू केल्यानंतर त्याला सर्वच स्तरांमधून प्रतिसाद मिळत आहे. चेंबूर येथील व्हीईएसआयटी कॉलेजच्या विद्यार्थ्यांनी चेंबूर स्थानकावर गुन्वारी स्वच्छता मोहीम राबविली. त्याचप्रमाणे या विद्यार्थ्यांनी पानांना फलक आणि सूजानंदार स्वच्छतेचे महत्त्व सांगितले.

IN BRIEF

Picture for representational purpose

Chembur station to be beautified again

Close to 300 students from Vivekanand Education Society's Institute of Technology will be participating in a cleanup drive at Chembur station on Thursday. The initiative is organised by the institute's social responsibility team. In 2015, the students had adopted Chembur station and this is the third year they are working on maintaining it with the help of M Ward and Railway officials. They will be painting the station walls, ticket windows, and bridges and cleanup the platform including the ticket counter. The activity will commence at 10.15 am.

Report on International Yoga Day Celebrations held on 21st June 2017, Wednesday at Vivekananda Education Society's Institute of Technology

On December 2014, the UN General Assembly had adopted a resolution with a record number of 177 co-sponsoring member states to establish the International Day of Yoga to be commemorated every year on 21st June under the call from our Prime Minister Shri Narendra Modi.

UN General Assembly recognized that Yoga provides a holistic approach to health and well-being bringing harmony in all walks of life. Yoga is essentially a spiritual discipline based on an extremely subtle science which focuses on bringing a balance between mind and body.

Yoga today is practiced, recognized and celebrated worldwide. The celebration of International day of yoga is supported by various global leaders. It is celebrated by the people of more than 170 countries including USA, China, Canada, etc. It is celebrated on an international level by organizing activities like yoga training camps, yoga competitions and other activities to enhance the awareness about yoga benefits amongst the masses all over the world.

Hence to celebrate this Important Day, the staff and students of Vivekananda Education Society's Institute of Technology along with VES College of Arts, Science and Commerce celebrated International Yoga Day under the guidance of Ms. Rita C Vazirani & Mr. Prasad Godse.

Ms. Rita C Vazirani "Executive Administrator" V.E.S. College of Arts, Science & Commerce is associated with the college for more than 34 years.

She is B.A in Yoga Shashtra, an experienced yoga teacher for the past 15 years. The international Yoga Day celebrations were conducted under her guidance. The highlights of the event are as follows

Since 1962

Mr. Prasad Godse, Asst. Professor, VESIT initiated the introductory session by welcoming all as per the protocol established by the government. He initiated the event with a powerful prayer filling the minds of all with gratitude. This also helped in enhancing the benefits of the practice that followed.

Ms. Rita Vazirani, who conducted the event, started the session by a basic warm up, to gear the participants for the asana's that followed.

Six professional students having over eight years of experience, demonstrated all asanas for the participants to follow. They also portrayed advance yoga asanas demonstrating what can be ultimately achieved through devoted and regular practice. These advance practices were a treat for the eyes for the participants.

Around 100 students and staff from all the streams of V.E.S. Institute of Technology and VES College of Arts, Science & Commerce were part of this event.

The event was also graced by the VESIT Principal, Dr. (Mrs.) J.M. Nair and Dr. J.K. Phadnis, Principal along with Dr. Anita Kanwar, Vice Principal of VES Arts Science & Commerce College . They actively participated in the event, paying close attention to all the asanas being performed.

Participants practiced the asana's with great enthusiasm and excitement followed by pranayama and meditation enducing a tranquil and focused state of mind.

It was in this receptive state of mind that the participants made a Sankalp

I commit, to make myself into a healthy, peaceful, joyful and loving human being. Through every action of mine, I will strive to create a peaceful and loving atmosphere around me. I strive to break the limitations of who I am right now and include the entire world as my own. I recognize the kinship of my own life with every other life. I recognize the unity of all there is

The event was then concluded with Shanti path, followed by smiling & peaceful and faces, thus making the event a huge success.

Data privacy and security has long been a concern for many individuals and organizations. Everyone should be aware of how their digital lives show snippets of their real ones, and how the things they do and share online can affect real life. In order to spread this awareness about data privacy, the Department of MCA in collaboration with Department of INFT and CMPN organized an **Awareness Campaign on Data Privacy** on 2 February, 2017, Thursday, in VESIT.

Since 1962

Report on One Week ISTE AICTE approved STTP on “Role of Mathematics and Statistics in Engineering Field”
3rd July 2017 to 8th July 2017 was organized by departments of Information Technology Computer Engineering
and Master of Computer Applications

Total 71 participants

The topics included

- Optimization
- Matrix Transposition
- Fractional Calculus
- Matrix Computation
- Mutilvarient regression

Guest Experts

Dr. Natraj, IIT Bombay.

Dr. Sachin Patwardhan, IIT Bombay

Dr. Harish Pillai IIT, Bombay

Mr. Devesh Rajadhyax

Dr Faruk Kazi

Dr Vishwesh Vyavhare, RAIT

Dr. Ajit Kumar, ICT

Dr. Ashok Nag, NMIMS.
